Sacred Biography Thomas J. Heffernan, 1988 Though medieval saints lives are among the oldest literary texts of Western vernacular culture they are routinely patronized as pious fiction by modern historiography This book demonstrates that to characterize the genre as fiction is to misunderstand the intentions of medieval authors who were neither credulous fools nor men blinded by piety Concentrating on English texts Heffernan reconstructs the medieval perspective and considers sacred biography in relation to the community for which it was written identifies the genre's rhetorical practices and purposes and demonstrates the syncretistic way in which the life of the medieval saint was transformed from oral tales to sacred text In the process Heffernan not only achieves a more contextually accurate understanding of the medieval saints lives but details a new critical method that has important implications for the practice of textual criticism **Sacred Biography** Thomas J. Winstead,2018-05-31

Virgin martyrs make up one of the largest categories of medieval saints. To judge by their frequent appearances in art and literature they also figure among the most venerated. The legends of virgin martyrs retold in various ways through the centuries illuminate trends in popular piety values and literary tastes. *Chaste Passions* contains sixteen English virgin martyr legends each of a different saint and each translated into colloquial modern English prose. Faithful in tone and meaning to the originals, Karen Winstead's lively translations allow contemporary readers to appreciate why virgin martyr legends thrived for hundreds of years. Winstead presents the tales in chronological order tracing the effects of the composition and tastes of the audience on the development of the genre. The virgin martyr Winstead tells us escapes the confining female stereotypes: demure maiden or disruptive shrew prevalent in writings of the period. Because nearly all of the texts were written by men but addressed to women they exhibit a fascinating interplay between male views of so-called women's literature and the demands of their intended audience. Familiarity with this widely read genre is essential to a full understanding of medieval culture and *Chaste Passions* is an excellent introduction to these often racy sometimes comic tales.

*World Literature in Spanish* Maureen Ihrie, Salvador Oropesa, 2011-10-20. Containing roughly 850 entries about Spanish language literature throughout the world, this expansive work provides coverage of the varied countries, ethnicities, time periods, literary movements and genres of these writings. Providing a thorough introduction to Spanish language literature worldwide and across time is a tall order. However, *World Literature in Spanish: An Encyclopedia* contains roughly 850 entries on both major and minor authors, themes, genres and topics of Spanish literature from the Middle Ages to the present day, affording an amazingly comprehensive reference collection in a single work. This encyclopedia describes the growing diversity within national borders, the increasing interdependence among nations and the myriad impacts of Spanish literature across the globe. All countries that produce literature in Spanish in Europe, Africa, the Americas and Asia are represented, covering both canonical authors and emerging contemporary writers and trends. Underrepresented writings such as texts by women writers, queer and Afro-Hispanic texts, children's literature and works on relevant but less studied topics such as sports and nationalism also appear. While writings throughout the centuries are covered, those of the 20th and 21st centuries receive special consideration.

*The Interpretation of the Bible* Joze Krasovec, 1999-10-01. This unique volume, nearly 2000 pages in length and handsomely printed on Bible paper, is perhaps the most comprehensive scholarly work of our time on the translation and interpretation of the Bible. At its core are papers presented to an international symposium in Ljubljana in September 1996 to mark the publication of the new Slovenian version of the Bible, a landmark in Slovene identity and cultural life. In addition, its distinguished editor Joze Krasovec has commissioned a wide range of contributions devoted to translations of the Bible in many languages, including the Slavonic languages, Croatian, Czech, Hungarian, Polish and the Scandinavian languages. Angels of Light? Sanctity and the Discernment of Spirits in the Early Modern Period Clare Copeland, Johannes Machielsen, 2012-11-23 And no marvel for Satan himself is transformed into an angel of light 2 Corinthians 11 14 Paul s warning of false apostles and false righteousness struck a special chord in the period of the European Reformations At no other time was the need for the discernment of spirits felt as strongly as in this newly confessional age More than ever the ability to discern was a mark of holiness and failure the product of demonic temptation The contributions to this volume chart individual responses to a problem at the heart of religious identity They show that the problem of discernment was not solely a Catholic concern and was an issue for authors and artists as much as for prophets and visionaries
