The chapters assembled here document and analyze personal names and naming practices in a slew of African societies on the geographically vast and ethnically diverse continent, including

contributions on the naming practices in Angola Cameroon Ethiopia Ghana Kenya Namibia Nigeria South Africa and Uganda The contributors to this anthology are scholars from different African language communities who investigate names and naming practices diachronically Taken together their work offers a comparative focus that juxtaposes different African cultures and reveals the historical and epistemic significance of given names **Words of Power** Roberto

Tinoco,2025-09-16 The book Words of Power 52 Lessons for Cell Groups has been designed for small groups and even for preaching It also aims to highlight the life and power that the Word of God produces in our lives It is not a focus on miracles and wonders but rather on the transformation that it can bring to our person From this perspective the reader will be able to come face to face with an individual reality and be confronted with the truth of the Holy Scriptures Furthermore the book is designed to be read individually or to be presented in a small group or a larger audience so each lesson is fluid and does not contain too many points There are fifty two lessons providing material for an entire year of exposition The first nineteen lessons address the Ten Commandments and some related matters In this first section the reader will learn about the commandment its meaning its purpose and its teaching for our days The next section focuses on the spiritual disciplines of the believer emphasizing worship prayer fasting Bible reading and church attendance These teachings highlight the great need for believers not to forget the basics of the Christian life The following section covers five standalone topics that address matters of utmost importance for the believer but with the same focus highlighting the impact of the Word of God Finally the theme of God s calling and purpose for believers is addressed In this final section it is emphasized how God calls prepares equips and sends those He will use in His great work In this last section the topics presented can help motivate even the workers of the Word of God Additionally they can also support those who desire to serve God in a deeper more meaningful way We hope that this book will be a blessing to the entire church and a tool for preachers teachers and cell group leaders to utilize **Imagining Geronimo** William M. element of medieval Christian life and worship Benedictions for homes and workplaces the knight and the pilgrim the city under siege and the fetus in the womb are but a small sample of the multitudinous and fascinating extra sacramental blessings that fill the leaves of the liturgical books of the medieval Latin Church While commonly acknowledged as a crucial element in the life of medieval people the meaning and importance of these blessings for their authors and audiences have been frequently overlooked by liturgical and historical scholarship which has focused instead on the textual transmission and long term changes in the blessings and the rituals surrounding them This present work corrects this omission by examining these blessings with modern eyes and a new methodology In *Blessing the World* Derek A Rivard studies liturgical blessing and its role in the religious life of Christians during the central and later Middle Ages with a particular focus on the blessings of the Franco Roman liturgical tradition from the tenth to late thirteenth centuries Through a careful and extensive study of more than ninety such blessings many of them translated for the first time and accessible to a readership beyond specialists in medieval liturgy the author argues that medieval blessings were composed as a direct response to the needs anxieties beliefs and fears of the laity and therefore these texts represent a rich and largely untapped source for the study of lay piety and of ritual in medieval Europe Effectively drawing upon anthropology ritual studies the phenomenology of religion and traditional textual study Rivard explores the rich themes of medieval piety that flow throughout the blessings in order to produce a new understanding of the blessing as an attempt to tap the power of the sacred for use in daily life Benedictions for spaces places persons items and events are each studied in turn to produce this new understanding of these blessings and in the process these petitions and rituals reveal much about larger issues of medieval people s cosmology their perceived role in their cosmos their conceptions of God and their connections to the divine and to the spiritual powers of God s creation

Wilson, 2022-11-29 What was the original purpose of the Gospel of Matthew For whom was it written In this magisterial two volume commentary Walter Wilson interprets Matthew as a catechetical work that expresses the ideological and institutional concerns of a faction of disaffected Jewish followers of Jesus in the late first century CE Wilson's compelling thesis frames Matthew's Gospel as not only a continuation of the biblical story but also as a didactic narrative intended to shape the commitments and identity of a particular group that saw itself as a beleaguered dissident minority Thus the text clarifies Jesus's essential Jewish character as the Son of David while also portraying him in opposition to prominent religious leaders of his day most notably the Pharisees and open to cordial association with non Jews Through meticulous engagement with the Greek text of the Gospel as well as relevant primary sources and secondary literature Wilson offers a wealth of insight into the first book of the New Testament After an introduction exploring the background of the text its genre and literary features and its theological orientation Wilson explicates each passage of the Gospel with thorough commentary on the intended message to first century readers about

topics like morality liturgy mission group discipline and eschatology Scholars students pastors and all readers interested in what makes the Gospel of Matthew distinctive among the Synoptics will appreciate and benefit from Wilson's deep contextualization of the text informed by his years of studying the New Testament and Christian origins How To Meet and Work with Spirit Guides Ted Andrews, 2011-11-08 Each of us can benefit from contact with the spiritual realm and we often do so without realizing it Spirit guides serve many roles and take many forms of expression within our lives They inspire creativity and insight help open us to abundance protect us and serve as our companions In How To Meet and Work with Spirit Guides popular author Ted Andrews teaches you simple and effective techniques for establishing rapport with your angels and guides Explore meditation divination fragrance crystals and other ways to connect with spirit helpers and enjoy the many gifts and learning opportunities gained by working with Guardian angels Spirit guides Loved ones in spirit Animal totems Nature spirits Fairies Grace Abounding in a Believer's Life Charles Haddon Spurgeon, 1996-09 This collection of Charles Spurgeon's word pictures of the majestic throne of grace that believers are privileged to come before should be an inspiration for prayer life Chronicle of That Which Will Order Chaos Titus Wallace, 2021-07-12 This is a tale that spans the beginning of time till the end of days and beyond Imagine for a second if Milton and Dante collaborated and everything from *Paradise Lost* to the final battle between God and Lucifer was encompassed within that text along with all that is implied between the heights of redemption and the circles of Hell It is a pictograph of human nature where we came from how we got here and most importantly why we are here I am known as keeper of the stories of time and have much to share with thee Due to the fact that I am not a prevalent character in this tale I have chosen to remain unknown I am only the narrator of this story and although I may show up from time to time within said compilation of this tale I prefer to remain a mysterious stranger to this universe It all begins in a time of the Christ when a secret pact was made between Judas and Jesus forming a tidal wave of emotion and thunder during a climatic behind the scenes knowledge of Lucifer's deception from God How a new god was forged by the two who set the stage for an answer to end the war between Light and Darkness His name is Mbius Kain the god of truth and when this tale concludes an empire of balance must be forged to order the chaos that coexists within our world **Communicating Christ in Animistic Contexts** Gailyn Van Rheenen, 1991-06-01 Whether in New Age mysticism occultism Haitian voodooism Chinese ancestor veneration or Japanese Shintoism animistic beliefs are widespread even today Gailyn Van Rheenen presents a rigorous biblical theological and anthropological foundation for ministering in animistic contexts **Processes and Boundaries of the Mind** Yair Neuman, 2013-03-11 How is it that the world is conceived as exclusively populated by objects e.g. books cars numbers and people while cognition is first and foremost a dynamic process Inquiring into the reified universe Dr Neuman explores questions of mind reality knowledge and signification in a provocative stimulating and humorous way Drawing on various domains such as systems research semiotics philosophy and complexity sciences Dr Neuman is touching basic questions of our Being in the World as cognate creatures
