**“This Is My Doctrine”:
The Development of Mormon Theology** Charles R. Harrell, 2011-08-05 The principal doctrines defining Mormonism today often bear little resemblance to those it started out with in the early 1830s This book shows that these doctrines did not originate in a vacuum but were rather prompted and informed by the religious culture from which Mormonism arose Early Mormons like their early Christian and even earlier Israelite predecessors brought with them their own varied culturally conditioned theological presuppositions a process of convergence and only later acquired a more distinctive theological outlook a process of differentiation In this first of its kind comprehensive treatment of the development of Mormon theology Charles Harrell traces the history of Latter day Saint doctrines from the times of the Old Testament to the present He describes how Mormonism has carried on the tradition of the biblical authors early Christians and later Protestants in

reinterpreting scripture to accommodate new theological ideas while attempting to uphold the integrity and authority of the scriptures In the process he probes three questions How did Mormon doctrines develop What are the scriptural underpinnings of these doctrines And what do critical scholars make of these same scriptures In this enlightening study Harrell systematically peels back the doctrinal accretions of time to provide a fresh new look at Mormon theology This Is My Doctrine will provide those already versed in Mormonism s theological tradition with a new and richer perspective of Mormon theology Those unacquainted with Mormonism will gain an appreciation for how Mormon theology fits into the larger Jewish and Christian theological traditions *Lifetime* Jesus Salazar,2013-04-29 This book is to help member s of The Church Of Jesus Christ Of Latter Day Saints prepare for a mission It will give you guided advice on what to do and exactly how to do missionary work **Doctrine and Covenants and Church History Study Guide for Home-Study Seminary Students** The Church of Jesus Christ of Latter-day Saints,2014-05-28 This manual was written as the course curriculum for home study seminary students It contains writing assignments for each of the 32 units It also contains insights images and doctrines and principles to help students with their individual study **Foundational Texts of Mormonism** Mark Ashurst-McGee,Robin Jensen,Sharalyn D. Howcroft,2018-02-16 Joseph Smith founding prophet and martyr of the Church of Jesus Christ of Latter day Saints personally wrote dictated or commissioned thousands of documents Among these are several highly significant sources that scholars have used over and over again in their attempts to reconstruct the founding era of Mormonism usually by focusing solely on content without a deep appreciation for how and why a document was produced This book offers case studies of the sources most often used by historians of the early Mormon experience Each chapter takes a particular document as its primary subject considering the production of a document as an historical event in itself with its own background purpose circumstances and consequences The documents are examined not merely as sources of information but as artifacts that reflect aspects of the general culture and particular circumstances in which they were created This book will help historians working in the founding era of Mormonism gain a more solid grounding in the period s documentary record by supplying important information on major primary sources *Building Bridges Between Spirit-filled Christians and Latter-day Saints (Mormons)* Rob Datsko,Kathy Datsko,2011 BUILDING BRIDGES between SPIRIT FILLED CHRISTIANS and LATTER DAY SAINTS MORMONS A Translation Guide for BORN AGAIN SPIRIT FILLED CHRISTIANS Charismatics Pentecostals Renewalists and Third Wavers and LATTER DAY SAINTS **Discovering Christ** Richard N.
