The Last of the Brave; Or Resting Places of Our Fallen Heroes in the Crimea and at Scutari John COLBORNE (Hon.),1857 *The Healing Drum* Yaya Diallo,Mitchell Hall,1989-12 In the personal story of internationally acclaimed drummer Yaya Diallo we see the power of music as a sacred healing force in West African culture *Memorials of the Brave* John Colborne,Frederic Brine,1858 **The Writings of Medieval Women** Marcelle Thiebaux,2019-05-23 Published in 1994 The period surveyed in this anthology extends from the eve of Christianity's triumph in the third century to the new age of expansion in the fifteenth century an age marked by the advent of printing pressed the European discovery of the Caribbean islands which Columbus called the Indies the relentless stripping of medieval altars by Church reformists and perhaps a diminution of female autonomy **To-day** Holbrook Jackson,1920 *Poet-Critics and the Administration of Culture* Evan Kindley,2017-09-18 After the 1929 crash Anglo American poet critics grappled with the task of legitimizing literature for public funding and consumption Modernism Evan Kindley shows created a new form of labor for writers to perform and gave them unprecedented say over the administration of culture with consequences for poetry's role in society still felt today T. S. Eliot's Romantic Dilemma Eugenia M. Gunner,2015-12-22 The fact that Eliot disapproved of Romanticism is clear from his critical essays where he often appears to reject it absolutely However Eliot's understanding of the term and his appreciation of literature developed and altered greatly from his adolescence to his years of scholarly study yet he was never unable to dismiss Romanticism entirely as a critical issue This study first published in 1985 analyses Eliot's approach and criticism to Romanticism with an analysis of *The Waste Land* adding to the layers of its meaning context and content to the poem This title will be of interest to students of literature The Palmyrenes of Dura-Europos Lucinda Dirven,2015-08-27 This volume deals with the religion of Palmyrenes in Dura Europos during the first three centuries of the Common Era and focuses upon the religious interaction between this migrant community and their new residence By studying the religious interaction of distinct groups on a local level this study aims to contribute to a better understanding of the process of religious development and change in Syria during the Roman period Information on the Palmyrenes of Dura Europos consists primarily of archaeological remains that have been found there The Palmyrene materials from Dura Europos have never been published collectively and for this reason they are enumerated and re-evaluated in the appendix The book is richly illustrated with 20 figures and 22 plates *Eliot's Dark Angel* Ronald Schuchard,2001 Schuchard's critical study shows how Eliot's personal voice works through the sordid the bawdy the blasphemous and the horrific to create a moral world and the only theory of moral criticism in English literature The book also erodes conventional attitudes toward Eliot's intellectual and spiritual development *The Rise of Gospel Blues* Michael W. Harris,1994-06-23 Most observers believe that gospel music has been sung in African American churches since their organization in the late 1800s Yet nothing could be further from the truth as Michael W Harris's history of gospel blues reveals Tracing the rise of gospel

blues as seen through the career of its founding figure Thomas Andrew Dorsey Harris tells the story of the most prominent person in the advent of gospel blues Also known as Georgia Tom Dorsey had considerable success in the 1920s as a pianist composer and arranger for prominent blues singers including Ma Rainey In the 1930s he became involved in Chicago's African American old line Protestant churches where his background in the blues greatly influenced his composing and singing Following much controversy during the 1930s and the eventual overwhelming response that Dorsey's new form of music received the gospel blues became a major force in African American churches and religion His more than 400 gospel songs and recent Grammy Award indicate that he is still today the most prolific composer/publisher in the movement Delving into the life of the central figure of gospel blues Harris illuminates not only the evolution of this popular musical form but also the thought and social forces that forged the culture in which this music was shaped The Return of Christian Humanism Lee Oser, 2007 Oser examines the twentieth century literary clash between a dogmatically relativist modernism and a robust revival of Christian humanism Reviewing English literature from Chaucer to Beckett and the thoughts of philosophers theologians and modern literary critics Oser challenges the assumption that Christian orthodoxy is incompatible with humanism freedom and democracy Provided by publisher *Everywhere Being Is Dancing* Robert Bringham, 2009-05-01 In this companion volume to *The Tree of Meaning* Robert Bringham collects twenty essays under the subversive principle that everything is related to everything else His studies build upon this sense of basic connection and involve the work of poets musicians and philosophers as varied as Ezra Pound John Thompson Don McKay Empedokles Parmenides Aristotle Skaay Plato George Clutesi Elizabeth Nyman Ludwig Wittgenstein Dennis Lee and Glenn Gould The value Bringham places on the process of translation the dialogue between one language and another and the sheer experience of witnessing translation by reading and hearing poems stories and songs in their original languages is another strong presence in this collection Accompanying the English narrative are passages in Tlingit Haida Chinese Greek German Cree and Russian for readers who want to find the patterns and taste some of the vocabulary for themselves for those interested in meeting the languages partway **The Teaching Archive** Rachel Sagner Buurma, Laura Heffernan, 2020-12-04 The Teaching Archive shows us a series of major literary thinkers in a place we seldom remember them inhabiting the classroom Rachel Sagner Buurma and Laura Heffernan open up the teaching archive the syllabuses course descriptions lecture notes and class assignments of critics and scholars including T S Eliot Caroline Spurgeon I A Richards Edith Rickert J Saunders Redding Edmund Wilson Cleanth Brooks Josephine Miles and Simon J Ortiz This new history of English rewrites what we know about the discipline by showing how students helped write foundational works of literary criticism and how English classes at community colleges and HBCUs pioneered the reading methods and expanded canons that came only belatedly to the Ivy League It reminds us that research and teaching which institutions often imagine as separate have always been intertwined in practice In a contemporary moment of humanities defunding the casualization of

teaching and the privatization of pedagogy The Teaching Archive offers a more accurate view of the work we have done in the past and must continue to do in the future

Radical Empiricists Helen Thaventhiran,2015-08-13 Radical Empiricists presents a new history of criticism in the first half of the twentieth century against the backdrop of the modernist crisis of meaning Our received idea of modernist criticism is that its novelty lay in being very empirical critics believed in looking closely at words on the page Such close reading has since been easy to ridicule but my book seeks to consider whether this is fair have we in the rush either to dismiss or even to defend the idea of close reading often failed to look closely at what it involves in practice Against this oversight Radical Empiricists turns close reading back on itself proposing some innovative readings of the prose of five major modernist poet critics I A Richards T S Eliot William Empson R P Blackmur and Marianne Moore The book is divided into two parts preceded by an introduction that explores what these five writers share a radical self consciousness about the key critical concept meaning Part I How to read considers the prose techniques of Eliot Richards and Empson as they push at the boundaries of verbal analysis in other disciplines experimental psychology and anthropology classical commentary and textual criticism Part II introduces Blackmur and Moore alongside Empson and takes a more polemical look at how their critical styles defy various modernist orthodoxies about how not to read for example that paraphrase always destroys poetic meaning Many of these orthodoxies remain current re visiting their history and attending to the rich detail of critical prose styles can allow us to lift some old unreflective constraints on our ways of knowing about poems [The Great War and the Language of Modernism](#) Vincent Sherry,2003-04-10 With the expressions Lost Generation and The Men of 1914 the major authors of modernism designated

the overwhelming effect the First World War exerted on their era Literary critics have long employed the same phrases in an attempt to place a radically experimental specifically modernist writing in its formative historical setting What real basis did that Great War provide for the verbal inventiveness of modernist poetry and fiction Does the literature we bring under this heading respond directly to that provocation and if so what historical memories or revelations can be heard to stir in these words Vincent Sherry reopens these long unanswered questions by focusing attention on the public culture of the English war He reads the discourses through which the Liberal party constructed its cause its Great Campaign A breakdown in the established language of liberal modernity the idioms of public reason and civic rationality marked the sizable crisis this event represents in the mainstream traditions of post Reformation Europe If modernist writing characteristically attempts to challenge the standard values of Enlightenment rationalism this study recovers the historical cultural setting of its most substantial and daring opportunity And this moment was the occasion for great artistic innovations in the work of Virginia Woolf T S Eliot and Ezra Pound Combining the records of political journalism and popular intellectual culture with abundant visual illustration Vincent Sherry provides the framework for new interpretations of the major texts of Woolf Eliot and Pound With its relocation of the verbal imagination of modernism in the context of the English war *The Great War and the Language of Modernism* restores the historical content and depth of this literature revealing its most daunting import *The Modern Dilemma* Leon Surette, 2008-06-19 Where Eliot's poetry is dominated by cultural religious and philosophical anxiety Stevens is bright witty and playful and commonly dismissed as superficial Surette demonstrates the seriousness of Stevens' long engagement with the modern dilemma of disbelief showing that he like Eliot rejected the Humanist resolution Surette proceeds by juxtaposing the two poets' responses in poetry and prose to the same texts and events Marianne Moore's poetry the Great War Humanists and anti Humanists the Franco Mexican Humanist Ramon Fernandez Pure Poetry and finally the gathering war clouds of the late 1930s **Defining Literary Criticism** Carol Atherton, 2005-09-27 Outlining the controversies that have surrounded the academic discipline of English Literature since its institutionalization in the late nineteenth century this important book draws on a range of archival sources It addresses issues that are central to the identity of academic English how the subject came into existence and what makes it a specialist discipline of knowledge in a manner that illuminates many of the crises that have affected the development of modern English studies Atherton also addresses contemporary arguments about the teaching of literary criticism including an examination of the reforms to A Level literature **The Expatriates** Paul Brody, 2014-07-21 Their lavish lifestyle have inspired movies their awarding winning books have inspired thousands of writers What was it like to be a Lost Generation writer living in Europe This book takes you inside to give you a glimpse It includes biographies on T S Eliot Gertrude Stein Ezra Pound Ernest Hemingway F Scott Fitzgerald as well as an essay on the Lost Generation Each of the biographies can also be purchased separately
