England Drawing on a wide range of sources including art liturgy prayer poetry meditative guides and treatises of spiritual instruction Holy Matter reveals an important transformation in late medieval devotional practice a shift from metaphor to material from gazing on images of a God made visible in the splendor of natural beauty to looking at the natural world itself and finding there God's presence and promise of salvation *The Publishers Weekly* ,1997 *Stechapfel und Engelstrome* Markus Berger,2003-08-01 Wenn man diese Zierpflanzen im Park oder auf der Fensterbank sieht so scheint es kaum möglich dass man hier ein zentrales Element europäischer Hexenkunst mexikanischer Schamanentums und indischer Heilkunst vor sich hat Dieses Buch stellt eine umfassende Darstellung dieser Rausch Ritual und Medizinalpflanze aus dem Reich der Datura und Brugmansia dar Dem Leser wird nicht nur eine umfassende Beschreibung der verschiedenen Arten aus dieser reichen Pflanzenfamilie gegeben vielmehr befasst sich dieses Buch mit allen Aspekten der Chemie Aufzucht Pflege und Nutzung jener Pflanzen *The Herb Quarterly* ,1997 *Between Concept and Identity* Esteban Fernández-Cobián,2014-10-02 The identity of places of worship is one of the most difficult problems faced by religious architecture at the start of this new millennium Contemporary globalising experiences demand peremptorily a reflection both conceptual and situational on the origin of objects people and institutions Nevertheless the chance of these migration flows annihilating already existing religious identities is perceived as a problem This problem is directly linked to the survival of architecture as a system carrying a material representation of the divine and constituting a self reference system for the community of believers Therefore it is important to define the extent to which the new religious architecture has given room to an abstract type of formal experimentation which is disconnected from social reality Does this architecture maintain its bridging sacramental value or on the contrary has it given way to the conceptualist trends still alive in the artistic world Is metaphor a valid concept for the Christian religion Is there an essential aspect linking this architecture to the centuries old tradition of the Catholic Church Different architectural pedagogical exhibition and formal initiatives have arisen in recent years and it is necessary to get to know them with the purpose of understanding where contemporary religious architecture is heading in its eternal search for a permanent identity **A Concise History of Afghanistan in 25 Volumes** Hamid Wahed Alikuzai,2013-10 For 35 000 years ancient Afghanistan was called Aryana the Light of God has existed Then in 747 AD what is today called Afghanistan became Khorasan which means Sunrise in Dari which was a much larger geographical area In the middle of the nineteenth century the name Afghanistan which means home of the united tribes was applied originally by the Saxons present day British and the Russians During the Great Games in the middle of nineteenth century the Durand Line was created in 1893 and was in place until 1993 Saxons created the state of Afghanistan out of a geographical area roughly the size of Texas in 1893 before which there were 10 million square kilometers larger than the size of Canada as means to act as a buffer zone between the Saxon India Tsarist Russia and the Chinese Plays, with Notes Critical and Explanatory by W. Rothenberg, 2011-09-14 There is a striking similarity between Marian devotional songs and secular love songs of the late Middle Ages and Renaissance Two disparate genres one sacred the other secular one Latin the other vernacular both praise an idealized impossibly virtuous woman Each does so through highly stylized derivations of traditional medieval song forms Marian prayer derived from earlier Gregorian chant and love songs and lyrics from medieval courtly song Yet despite their obvious similarities the two musical and poetic traditions have rarely been studied together Author David J Rothenberg takes on this task with remarkable success producing a useful and broad introduction to Marian music and liturgy and then coupling that with an incisive comparative analysis of these devotional forms and the words and music of secular love songs of the period The Flower of Paradise examines the interplay of Marian devotional and secular poetics within polyphonic music from ca 1200 to ca 1500 Through case studies of works that demonstrate a specific symbolic resonance between Marian devotion and secular song the book illustrates the distinctive ethos of this period in European culture Rothenberg makes use of an impressive command of liturgical and religious studies literature and poetry and art
