Conrad Ostwalt, 2012-09-27 An exploration of secularization in America this book provides students with an innovative way of understanding the relationship between religion and secular culture In *Secular Steeples* Conrad Ostwalt challenges long held assumptions about the relationship between religion and culture and about the impact of secularization Moving away from the idea that religion will diminish as secularization continues Ostwalt identifies areas of popular culture where secular and sacred views and objectives interact and enrich each other The book demonstrates how religious institutions use the secular and popular media of television movies and music to make sacred teachings relevant From megachurches to sports arenas the Bible to Harry Potter biker churches to virtual worship communities Ostwalt demonstrates how religion persists across cultural forms secular and sacred with secular culture expressing religious messages and sometimes containing more authentic religious content than official religious teachings An ideal text for anyone studying religion and popular culture each chapter provides questions for discussion a list of important terms and guided readings

Jews, Myth and History Alan Silver,2008 Jews Myth and History takes a fresh wide ranging and critical look at the origins beliefs and practices of Judaism The Present Testament Volume Three: Behold My Manifestation (Barbara) on Earth Today, Says the Lord! Barbara Ann Mary Back,2011-07-19 Barbara and her daughter La Toya share and spread The Goodness of The Lord MY LORD AS A CHILD YOU REVEALED TO ME BARBARA SPEAKING TO THE LORD Your wonders Your Majesty Your Sovereignty Your Holiness Your Faithfulness Your Truth Your Continuous Love Your Continuous Mercy Your due Reverence Your Grace Your Kindness Your Omnipotence Your Omnipresence Your Holy Words Your Fulfilled Promises My Divine assignment the depth of Your Sanctity and Love My Lord when I was a child You revealed Your Holy Essence to me *Radically Open* Robert F. Shedinger,2012-11-09 America stands in the throes of an anxiety epidemic yet Americans live in one of the most religious countries in the world Shouldn't people with deep spiritual roots be less vulnerable to emotional suffering Such an enigma stands at the center of this book but the enigma turns out to be more apparent than real The overt religiosity so characteristic of modern American society ironically serves to foster the anxiety epidemic by locking people into a disenchanted secular mindset leaving them cut off from the deep spiritual resources they so desperately need in the face of mounting anxiety Based on the author's own journey through the darkness of anxiety in conversation with the psychology of Carl Jung this book argues that transcending religious identity and submitting to the greater wisdom of the cosmic story holds a powerful key to resolving anxiety and creating a more just and sustainable world Surprisingly the Islamic tradition may provide one of the best models for how to accomplish this **Time and Revolution** Stephen E. Hanson,2000-11-09 Stephen Hanson traces the influence of the Marxist conception of time in Soviet politics from Lenin to Gorbachev He argues that the history of Marxism and Leninism reveals an unsuccessful revolutionary effort to reorder the human relationship with time and that this reorganization had a direct impact on the design of the central political socioeconomic and cultural institutions of the Soviet Union from 1917 to 1991 According to Hanson westerners tend to envision time as both rational and inexorable In a system in which time is money the clock dominates workers Marx however believed that communist workers would be freed of the artificial distinction between leisure time and work time As a result they would be able to surpass capitalist production levels and ultimately control time itself Hanson reveals the distinctive imprint of this philosophy on the formation and development of Soviet institutions arguing that the breakdown of Gorbachev's perestroika and the resulting collapse of the Soviet Union demonstrate the failure of the idea **Steps Beyond Facades** Pasquale De Marco,2025-04-12 In Steps Beyond Facades Pasquale De Marco presents a profound exploration of the

hidden dimensions of human consciousness inviting readers to embark on a journey of self discovery and transformation Delving into the depths of the psyche this book unveils the intricate tapestry of our inner world revealing the boundless potential that lies within each of us Through a unique blend of Eastern philosophies and Western psychology Pasquale De Marco guides us beyond the limitations of the ego accessing the depths of intuition and wisdom that lie dormant within By embracing our shadow aspects we embark on a path of personal growth and self awareness cultivating authenticity and a deeper understanding of ourselves The book explores the transformative power of compassion and empathy highlighting the importance of love and understanding in fostering healthy relationships and healing the wounds of the past It delves into the dynamics of spirituality and its role in intimate partnerships providing insights into how to integrate spiritual practices into our daily lives Steps Beyond Facades confronts the challenges and obstacles that arise on the path of transformation It offers guidance on navigating the complexities of the spiritual journey exploring different spiritual traditions and practices and cultivating mindfulness and presence By embracing impermanence and change we find meaning and purpose in life s challenges embarking on a quest for self realization and enlightenment With a focus on bridging the gap between science and spirituality this book explores the integration of spiritual practices into therapeutic settings It fosters collaboration between therapists and spiritual leaders creating a space for profound healing and transformation By confronting the fear of mortality and embracing the infinite and eternal we transcend the boundaries of our own existence leaving a positive impact on the world Steps Beyond Facades is an invitation to embark on a transformative journey a quest to uncover the hidden depths of our being and embrace the boundless potential of the human spirit It is a book that will resonate with those seeking a deeper understanding of themselves their place in the universe and the profound interconnectedness that unites us all If you like this book write a review on google books
