Sacred Yew:

The Sacred Yew Anand Chetan, Diana Brueton, 1994 Myth blends with science in this inspiring story of one man's crusade to preserve the ancient and revered yet recently threatened yew tree

The Cult of the Yew Janis Fry, 2023-03-31 The ancients revered this sacred tree that has existed on Earth for 200 million years some trees still alive today even survived the last ice age This immortal tree was therefore venerated as the triple goddess of life death and rebirth and was believed to be the guardian of our planet With climate change threatening our existence many are now turning to the Tree of Life identified with the ancient yew for answers to our predicament Through groundbreaking research Janis Fry answers our modern yearning to make sense of life through a goddess of Nature that guides our lives and connects us to people and events to which we are answerable as custodians of life on Earth **The Cult of the Yew Tree of Life** Mystery and Magic explores the spiritual history of this iconic tree and aims to change how those who read it think and understand life in these times

The Ancient Yew Robert Bevan-Jones, 2016-10-31 The gnarled immutable yew tree is one of the most evocative sights in the British and Irish language an evergreen impression of immortality the tree that provides a living botanical link between our own landscapes and those of the distant past This book tells the extraordinary story of the yew's role in the landscape through the millennia and makes a convincing case for the origins of many of the oldest trees as markers of the holy places founded by Celtic saints in the early medieval Dark Ages With wonderful photographic portraits of ancient yews and a gazetteer with locations of the oldest yew trees in Britain the book brings together for the first time all the evidence about the dating history archaeology and cultural connections of the yew Robert Bevan Jones discusses its history biology the origins of its name the yew berry and its toxicity its distribution across Britain means of dating examples and their association with folklore with churchyards abbeys springs pre Reformation wells and as landscape markers This third edition has an updated introduction with new photographs and corrections to the main text

Hand of History, Burden of Pseudo History Tom O Connor, 2006-06-16 Roman legions rang Celtic Europe's death knell and orchestrated Celtic Britain's swansong provoking Queen Boudicea's massive anti Roman revolt which resulted in the worst disaster to befall the Roman Empire all of which had a huge bearing on the rise of Celtic Ireland This book presents Turoe's Celtic Royal complex unprecedented for its size and layout but akin to Belgic oppida as named by Caesar in SE England and NW Europe It hosts the Turoe Stone Europe's most celebrated La Tene decorated stone No one knew why this classic masterpiece of Celtic stone art was set on Turoe's summit in the West of Ireland Here its hitherto unrecognized Royal Sanctuary trappings at the centre of a vast Belgic oppidum defensive system of linear embankments uniquely connected to the Celtic invasion of Ireland and its archaic history are unfolded It is recorded in early Dindshenchas history of the famous places and associated with the names of archaic kings and queens The first record of it is by the renowned 1st 2nd century Greek geographer Ptolemy of Alexandria who listed 2 capitals in Ireland the only 2 in his day One is Emain Macha near Armagh The other was never definitively identified He located it roughly in central Co Galway where Turoe is He named it REGIA E TERA Te mh ra the genuine early Celtic name for Capital at Turoe Cnoc Temhro It had an acropolis and several necropoli including those around Athenry cited in archaic texts in the Book of Leinster as Releg na R lamh le Cruachain where members of Turoe's Royal Household R gr d Temhr it were interred such as Queen Medb and her father Eochaid Ferach Mhor whose palace Rath Ferach Mhor stood beside the Turoe Stone Part of its sprawling urban like complex flanking Turoe and Knocknadala Assembly Parliament Hill is placed under preservation order by The National Monuments Department Ptolemy renders Knocknadala early Cnoc na nD l as NAG NA TA L the most illustrious city polis in all Britannia and most considerable in size located in the west of Ireland The sole reference to a dense population in early Irish literature points to this area Ancient roadways Sl Mh r and Sl D la converged on Turoe Knocknadala R t na Ri Royal Road of the Kings ran from Turoe to the great seaport of Ath Cliath Magh R in Galway Bay Dindshenchas texts state that Ath Cliath Magh R was the chief seaport of Ireland through which Ireland has most often been invaded A large segment of the Celtic invasion force landed there and advanced on Turoe the core of its primary settlement area as recorded in the Dindshenchas of Cnoc na D la Continental and British Belgic tribes are remembered in townland names within this vast Turoe oppidum complex It was suppressed by pseudo historians who set the Irish race on the cutting edge of woeful ignorance about its Celtic roots as Armagh's monastic conmen concocted scheming stews of sheer political propaganda to win the patronage of powerful warlords The enforced Irish exile of King Dagobert II shows the depth of involvement of Armagh linked Abbots in Frankish politics through whom Pepin's new national Over Kingship of the Franks profoundly impacted the genesis of Ireland's High King ship Tara Patrick myth As E Breathnach noted The culmination of the creation of the medieval myth surrounding Tara

Our Future in Nature: Edmund Barrow, 2019-05-21 Who has not felt a sense of awe silence stillness and presence in an ancient woodland or forest or in front of a sacred tree Humankind has held trees and woodlands in awe and reverence since the dawn of time We depend on nature for the air we breathe the water we drink and the services nature provides This book is about the importance of sacred trees and groves in our stress filled and increasingly urban world Note that over 50 percent of the world is urban Sacred trees and sacred groves transcend race color and creed They are found all over our fragile planet Where there is a tree there is a sacred tree This book will appeal to religious and spiritual traditions as well as to conservation and environmental movements It will offer its reader means to take better care of our only home planet Earth Often undervalued unrecognized or disrespected sacred trees and groves are conserved against mind boggling pressures For example there is a sacred fig tree between two shops in one of the main streets in Hanoi Vietnam There is also a one hectare sacred grove in the center of Kumasi a city of 2.5 million people in Ghana the over 150 000 sacred groves in India and the sacred hill forests of every village in Yunnan South China Sacred trees and groves often conserve unique biodiversity which can help create or recreate connectivity in the landscape As such sacred trees and groves may be relic survivors of bygone ages and are an important resource for restoring degraded natural landscapes This book offers ways for those involved with religion and spirituality and for those working with conservation and land use to jointly engage in repairing the damage we have done to Earth

All Y'all Heidi Siegrist, 2024-11-11 The South is often perceived as a haunted place in its region's literature one that is strange deviant or queer The peculiar often sexually charged literary worlds of contemporary writers like Fannie Flagg Monique Truong and Randall Kenan speak to this connection between queerness and the South Heidi Siegrist explores the boundaries of negotiating place and sexuality by using the concept of Southernness a purposefully fluid idea of the South that extends beyond simple geography eschewing familiar ideas of the Southern canon When the connection between queerness and Southernness becomes apparent Siegrist shows a Southern branded queer deviance can not only change the way we think about literature but can also change Southern queer people's lived experiences Siegrist gathers a bevy of undertheorized writers from Kenan and Truong to Dorothy Allison and even George R R Martin showing that there are many queer Souths Siegrist offers these multiverses as a way to appreciate a place that is often unfriendly even deadly to queer people But as Siegrist argues none of these Souths from the terrestrial to the imaginary would be what they are without the influence and power of queer literature

The Mammoth Book of Superstition Roy Bainton, 2016-11-10 Rather than providing a dictionary of superstitions of which there are already numerous excellent exhaustive and in many cases academic works which list superstitions from A to Z Bainton gives us an entertaining

flight over the terrain landing from time to time in more thought provoking areas He offers an overview of humanity's often illogical and irrational persistence in seeking good luck and avoiding misfortune While Steve Roud's two excellent books *The Penguin Dictionary of Superstitions* and *his Pocket Guide* and Philippa Waring's 1970 *Dictionary* concentrate on the British Isles Bainton casts his net much wider There are many origins which warrant the full back story such as Friday the thirteenth and the Knights Templar or the demonisation of the domestic cat resulting in cat holocausts throughout Europe led by the Popes and the Inquisition The whole is presented as a comprehensive entertaining narrative flow though it is of course a book that could be dipped into and includes a thorough bibliography Schoenberg who developed the twelve tone technique in music was a notorious triskaidekaphobe When the title of his opera *Moses und Aaron* resulted in a title with thirteen letters he renamed it *Moses und Aron* He believed he would die in his seventy sixth year 7 6 13 and he was correct he also died on Friday the thirteenth at thirteen minutes before midnight As Sigmund Freud wrote Superstition is in large part the expectation of trouble and a person who has harboured frequent evil wishes against others but has been brought up to be good and has therefore repressed such wishes into the unconscious will be especially ready to expect punishment for his unconscious wickedness in the form of trouble threatening him from without
