Sadat And His Statecraft

J. Robert Moskin

Sadat And His Statecraft:

Sadat and His Statecraft Felipe Fernández-Armesto, 1983 Sadat and the Art of Statecraft: "Great Men Dedicated to Peace and Progress.", 1997 This essay examines the 1972-1974 period of Anwar Sadat's leadership as President of Egypt with a focus on his abilities as a statesman and his skill as a practitioner of the art of statecraft. The author shows that Sadat was an adept statesman particularly during the key policy event of this period: the October 1973 Arab-Israeli War. He successfully created and harnessed this event using all the means of statecraft to secure the national interests and objectives he wanted for his country. Though the Arab-Israeli war is one way to highlight Sadat's skill as a statesman, it was the 1973 Arab-Israeli peace that shows the true expertise of Sadat's statecraft because war was only one tool used by Sadat to reach his overall objectives. In this case, the art of war worked closely with the art of diplomacy to fashion a synergistic Egyptian foreign policy that would attain a better state of peace. This examination of the structure and success of Sadat's grand strategy begins by looking at Egypt's national interests and the threats to those interests. Next is an assessment of Sadat's perception of Egyptian power and a look at the opportunities available to him in the context of the environment he faced. The essay assesses Sadat's effectiveness in adapting to the unexpected and marshaling the tools of statecraft to secure a better peace and presents the lessons others can learn from his example. Statecraft in the Middle East Imad

Mansour, 2016-09-27 What role do ideas play in state building and state activity? This book argues that government policies in both foreign relations and domestic politics must always be situated within a broader ideological and societal context. Imad Mansour analyses how governments in the contemporary Middle East have governed internally and acted externally based on societal narratives which bring together a variety of ideas about a society's history and place in the world. He argues that there is a dominant societal narrative that acts as a primary building block of statecraft where statecraft is understood as an ongoing set of local, regional and global state building processes. Mansour investigates the ways in which statecraft in the Middle East has been guided by narratives through a close historical reading and comparative discussion of the political activity of six states: Egypt, Israel, Syria, Turkey, Saudi Arabia and Iran in the second half of the twentieth century and the early twenty-first century. His book demonstrates the analytical power of narratives in understanding statecraft and explains why governments' decisions need to be understood in complex ways. *Middle Power Statecraft* Jonathan H. Ping, 2017-11-30

Jonathan Ping's volume establishes a unifying theory for the concept of middle power. MPs are states which have an innate form of statecraft and perceived power as a result of their size. The book presents hybridization theory as a basis for analysis, policy development and prediction of MP statecraft and perceived power. A prerequisite to the founding of hybridization theory is the new statistical method of definition which identifies sixteen MPs of Asia and the Pacific. The volume takes a comparative focus on Indonesia and Malaysia to inform and test hybridization theory as well as to provide a historical analysis of Southeast Asia from a statecraft and perceived power perspective. It offers researchers and scholars of

international relations and international political economy a theory that can be applied to the practical study of all middle sized states while middle sized states can apply the same theory to enhance their own ability to re create their state

American Statecraft J. Robert Moskin,2013-11-19 An ambitious impressively researched history of American diplomacy from 1776 to today s U S Foreign Service Kirkus American Statecraft is a fascinating and comprehensive look at the unsung men and women of the U S Foreign Service who have played a crucial part in our history for over two centuries Fifteen years in the making veteran journalist and historian Moskin has traveled the globe conducting hundreds of interviews both in and out of the State Department to look behind the scenes at America s militiamen of diplomacy Using dialogue and negotiation American diplomats seek out new business markets rescue citizens in trouble abroad and act as America s first line of defense in policy negotiations keeping America out of war Moskin traces the development of this multifaceted institution from its rough origins in the days of Ben Franklin to the notorious Benghazi attack of 2012 An important contribution to the political canon American Statecraft recounts the history of the United States through the lens of foreign diplomacy

Statecraft In The Dark Aharon Klieman,2019-06-12 Covert agreements and operations are a fact of world affairs Secrecy in diplomacy remains as much a challenge for international politics as it is for national and foreign policy This study undertakes to address aspects of clandestinely at both the domestic and external levels Secret diplomacy s mixed fortunes in this century are first surveyed **A History of Social Justice and Political Power in the Middle East** Linda T.

Darling,2013-05-02 From ancient Mesopotamia into the 20th century the Circle of Justice as a concept has pervaded Middle Eastern political thought and underpinned the exercise of power in the Middle East The Circle of Justice depicts graphically how a government s justice toward the population generates political power military strength prosperity and good administration This book traces this set of relationships from its earliest appearance in the political writings of the Sumerians through four millennia of Middle Eastern culture It explores how people conceptualized and acted upon this powerful insight how they portrayed it in symbol painting and story and how they transmitted it from one regime to the next Moving towards the modern day the author shows how although the Circle of Justice was largely dropped from political discourse it did not disappear from people s political culture and expectations of government The book demonstrates the Circle s relevance to the Iranian Revolution and the rise of Islamist movements all over the Middle East and suggests how the concept remains relevant in an age of capitalism A must read for students policymakers and ordinary citizens this book will be an important contribution to the areas of political history political theory Middle East studies and Orientalism *The Correlates of Religion and State* Jonathan Fox,2020-06-29 This comprehensive volume examines the nature causes and consequences of state religion policy in 183 countries between 1990 and 2014 Each contribution uses round 3 of the Religion and State dataset which includes information on 117 distinct state religion policies Secular and religious forces in society and government compete in order to influence state religion policy in a vibrant religious economy While governments are more

involved in religion in 2014 than they were in 1990 most states both added and dropped religion policies during this period This is important because these policies impact on a number of important political social and economic phenomena In this collection the authors examine the impact of state religion policies on interstate militarized disputes violent domestic conflict terrorism and voting for political parties They also examine some of the factors that influence state religion policy including the attitudes of citizens toward religion and religious minorities free and open elections and having an independent judiciary This book was originally published as a special issue of the journal Religion State Society *The Modern Middle East* Mehran Kamrava, 2011-01-03 Since it was first published in 2006 this concise overview of the making of the contemporary Middle East has become essential reading for students and general readers who want to gain a better understanding of this diverse region Writing for a wide audience Mehran Kamrava takes us from fall of the Ottoman Empire to today exploring along the way such central issues as the dynamics of economic development authoritarian endurance and the Israel Palestinian conflict For this new thoroughly revised edition he has brought the book fully up to date by incorporating events and issues of the past few years The Modern Middle East now includes information about the June 2009 Iranian presidential elections and their aftermath changes precipitated so far by the Obama administration Israel's attack on Gaza in 2008 the effects of globalization on economic development and more Negotiation and Statecraft United States. Congress. Senate. Committee on Government Operations. Permanent Subcommittee on Investigations, 1973 Israeli Statecraft Yehezkel Dror, 2011-05-10 This book provides a comprehensive study of Israeli statecraft using an interdisciplinary framework to enable an in depth understanding of its characteristics challenges and responses *Negotiation and Statecraft: With Bernard Lewis, March 8, 1974* United States. Congress. Senate. Committee on Government Operations. Permanent Subcommittee on Investigations, 1974 **The Modern Middle East, Third Edition** Mehran Kamrava, 2013-10-05 From the fall of the Ottoman Empire through the Arab Spring this title offers a classic treatise on the making of the contemporary Middle East remains essential reading for students and general readers who want to gain a better understanding of this diverse region *Sanctions, Statecraft, and Nuclear Proliferation* Etel Solingen, 2012-03-29 Some states have violated international commitments not to develop nuclear weapons Yet the effects of international sanctions or positive inducements on their internal politics remain highly contested How have trade aid investments diplomacy financial measures and military threats affected different groups How when and why were those effects translated into compliance with non proliferation rules Have inducements been sufficiently biting too harsh too little too late or just right for each case How have different inducements influenced domestic cleavages What were their unintended and unforeseen effects Why are self reliant autocracies more often the subject of sanctions Leading scholars analyse the anatomy of inducements through novel conceptual perspectives in depth case studies original quantitative data and newly translated documents The volume distils ten key dilemmas of broad relevance to the study of statecraft primarily from experiences with Iraq Libya Iran and North

Korea bound to spark debate among students and practitioners of international politics

Building Air Bases in the Negev Frank N. Schubert, 1992 Building Air Bases in the Negev is a remarkable story of the U S Army Corps of Engineers role supporting national diplomatic initiatives overseas while managing a major construction project in Israel Frank N Schubert has written a superbly organized account tracing from the spring of 1979 to the summer of 1982 the development and completion of two ultramodern air bases at a cost that only exceeded original estimates by less than 3 percent As Schubert suggests the air base program helped bring peace between two long term antagonists Israel and Egypt Schubert s work serves as an important case study for analyzing not only engineering project management and construction practices but also demanding sociopolitical cultural and business conditions in sovereign foreign lands

A Brief History of Egypt Arthur Goldschmidt, 2008 Chronicles the history of Egyptian politics economics social and cultural developments from ancient times to the present

Historical Dictionary of Egypt Arthur Goldschmidt, Jr., 2023-07-25 Egypt is the world s oldest continuous country with a recorded past of over 6 000 years Often invaded conquered and occupied by foreign armies Egypt has never lost its identity The Egyptians of today although they have changed their language once and their religion twice descend mainly from the Egyptians who built the Giza Pyramids and the Temple of Karnak who served Alexander the Great and his heirs who submitted to Augustus Caesar and raised much of the grain that fed the Roman Empire who started Christian monasticism and the veneration of the Virgin Mary and who advanced and sustained Muslim learning in what is now the world s oldest functioning university It was and is one of the most important countries in the world Historical Dictionary of Egypt Fifth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 600 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Egypt

Economic Statecraft and Foreign Policy Jean-Marc F. Blanchard, Norrin M. Ripsman, 2013-07-18 This book develops a unified theory of economic statecraft to clarify when and how sanctions and incentives can be used effectively to secure meaningful policy concessions High profile applications of economic statecraft have yielded varying degrees of success The mixed record of economic incentives and economic sanctions in many cases raises important questions Under what conditions can states modify the behaviour of other states by offering them tangible economic rewards or by threatening to disrupt existing economic relations To what extent does the success of economic statecraft depend on the magnitude of economic penalties and rewards In order to answer these questions this book develops two analytic models one weighs the threats economic statecraft poses to the Target s Strategic Interests TSI while the other stateness assesses the degree to which the target state is insulated from domestic political pressures that senders attempt to generate or exploit Through a series of carefully crafted case studies including African apartheid and Japanese incentives to obtain the return of the Northern Territories the authors demonstrate how their model can yield important policy insights in regards to

contemporary economic sanctions and incentives cases such as Iran and North Korea This book will be of much interest to students of statecraft sanctions diplomacy foreign policy and international security in general Non-Democratic Legitimacy During the Arab Spring Nicolai Due-Gundersen, 2022-09-20 This book analyzes non democratic legitimacy during the Arab Spring During this historic event monarchs and presidents were forced to defend their rule whether through Islam the cultural image of paternalism or the cash flow of welfare Can Arab leaders still justify apolitical reigns Are monarchies more respected than republicans or are they too under threat The author traces the history of apolitical rule in the Arab world from Islamic roots to the role of Arab leaders in merging religion with socio economic benefits and cosmetic liberalization Finally analysis of speeches given by leaders of Tunisia Egypt Jordan and Bahrain in response to the Arab Spring are considered When protesters took to the streets with their slogans the regimes talked back This work discusses the weight of their words and why some leaders survived unrest while others were overthrown To engage with the author and book further you can find their presentation discussing their experience publishing with Palgrave Macmillan here <https://youtu.be/NfKETFx4sok> and their presentation discussing the book itself here https://www.youtube.com/watch?v=rJU6_3M3xyo

Realm of the Fox C.P. Thomas, 2020-10-28 He lives in the shadows all his life Invisible yet observant staring at the greyness trying to unravel an un-unravelable web for meaning for information that his master so impatiently seeks that his nation so desperately needs Beyond the visible frontiers of the nation there exists a realm that is invisible to many A realm that is defended by very special warriors The Intelligence officers Sneaky and shadowy these officers remain engaged in a constant battle to outfox the enemy The defense of this realm determines the nation's capability to thwart subversive threats Threats that can compromise national security to the point of toppling governments or losing territory It could mean the allegiance of a region or a section of people being lost to the enemy or even the death of democracy itself What are the unseen dangers that our nation faces today and how does our Intelligence agency match up to the challenge How do we unleash the full power of Intelligence of Knowing

Sadat And His Statecraft Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is really remarkable.
