guaranteed to save you time on your journey of discovery **The Rants, Raves & Thoughts of Saddam Hussein** Julian Smith, 2002 The Rants Raves and Thoughts series examines the speeches and writings of a variety of the world's high profile totalitarian dictators and terrorist leaders in a highly unusual and original way The books also feature political jokes by their contemporaries both friends and enemies and the dictator's own opinions of other world leaders The goals and inspiration of these books is to seek to explain what makes dictators and terrorists so ruthless in their own words and in the words of others To let these evidently psychotic people reveal who they are what they believe and what they hope to achieve and to strike a blow for the freedom to say and publish what we want about them Saddam's Secrets Georges Hormuz Sada, 2009-08-24 Georges Sada was one of Saddam's top generals and foremost military advisors A truth teller in a government that made the truth dangerous A devout Christian in a Muslim country And a man who would stand up for what was right even at the risk of his own life In this eye opening expos General Sada shares his bizarre yet amazing journey as an insider to one of history's most sinister regimes He also for the first time reveals the disturbing truth about Saddam's plots to destroy Israel hide weapons of mass destruction and overtake the Arab world As an eye witness to history Sada paints a painfully truthful picture of Hussein and his country that is at once personal and alarming truthful and compelling candid and sobering It is a story guaranteed to send shock waves around the world *Saddam Hussein's Speeches* Naz Sab, 2019-06-02 Saddam Hussein the overthrown President of Iraq has been characterized as the madman of the Middle East needs no introduction However to be really able to fathom the depth of darkness he inside his mind which enabled him to unleash the dictatorial terror he unleashed one should listen from the horse's mouth Saddam Hussein the dear leader has explained the extremity of his actions as President of Iraq as necessary to achieve subjective immunity against foreign plots and influences All actions of the revolution are justified by the exceptionalism of revolutionary needs An investigation of Saddam Hussein's life and career reveals this is merely the justification for a lifelong pattern all actions are justified if they are in the service of furthering Saddam Hussein's needs and ambitions Nothing must stand in the great struggler's messianic path as he pursues his and Iraq's so called revolutionary destiny as summarized by this extract from Saddam Hussein's remarkable Victory Day message of 6 August 1990 This is the only way to deal with these despicable Croesuses who relished possession to destroy devotion who were guided by the foreigner instead of being guided by virtuous standards principles of pan Arabism and the creed of humanitarianism The second of August is the legitimate newborn child of the struggle patience and perseverance of the Kuwaiti people which was crowned by revolutionary action on that immortal day The newborn child was born of a legitimate father and an immaculate mother Greetings to the makers of the second of August whose efforts God has blessed They have achieved one of the brightest most promising and most principled national and pan Arab acts Two August has come as a very violent response to the harm that the foreigner had wanted to perpetrate against Iraq and the nation The Croesus of Kuwait and his aides became the obedient humiliated and treacherous dependents of that foreigner What took

place on 2 August was inevitable so that death might not prevail over life so that those who were capable of ascending to the peak would not be brought down to the abysmal precipice so that corruption and remoteness from God would not spread to the majority Honor will be kept in Mesopotamia so that Iraq will be the pride of the Arabs their protector and their model of noble values This book will enlighten the reader about what was going on inside the head of the madman Saddam Hussein

Saddam Hussein Andrew Cockburn, Patrick Cockburn, 2002 The idea of direct invasion is the greatest threat to Saddam It avoids the problems of securing local allies inside and outside Iraq which bedevil any indirect approach to get rid of him But it has one immense disadvantage from the US point of view if the US invades Iraq to install its own government it will be taking direct physical control of an area containing more than half the world's oil reserves It will look like the founding of a new American empire based on physical force and will be deeply resented It would outrage the Arabs at a moment when the Israel Palestine conflict is in a particularly bloody phase America could find that it has overplayed its hand just as Saddam did when he invaded Kuwait twelve years ago From the new Prologue At the outset of the 1991 Gulf War US leaders resolved the Iraqis will pay the price so long as Saddam Hussein remained in power This book makes chillingly clear just how terrible that price has been Eleven years ago Saddam was caught by surprise his preparations since September 11 show that lessons have been learnt In a substantial new prologue the authors analyse these preparations and the terrifying consequences of a military invasion of Iraq **The New York Times Index**, 2003 *Saddam Speaks on the Gulf Crisis* Saddam Hussein, Ofra Bengio, 1992 This book presents the Gulf crisis from two different angles the onlookers and the players an analysis of the motivations in the war and a selection of the speeches of its main protagonist President Saddam Husayn *Confronting Saddam Hussein* Melvyn P. Leffler, 2003 In *Confronting Saddam Hussein* Melvyn P Leffler analyzes why the US went to war in Iraq in 2003 and who was most responsible for the decision Employing a unique set of personal interviews with dozens of top officials and declassified American and British documents Leffler vividly portrays the emotions and anxieties that shaped the thinking of the president after the shocking events of 9 11 As the book unfolds the centrality of Bush's role becomes more and more evident A necessary reassessment of George W Bush's intervention in Iraq *Confronting Saddam Hussein* provides a provocative reinterpretation of the most important international event of the 21st century *Saddam's Secrets* Georges Sada, Jim Nelson Black, 2006 One of Saddam Hussein's top military advisors paints a picture of Hussein his regime and his country Provided by publisher *Saddam Hussein, was He Really a Tyrant?* G. T. Ngubola Kamwambe, 1991 **Saddam Hussein** Efraim Karsh, Inari Rautsi, 2002 Authors Efraim Karsh and Inari Rautsi experts on Middle East history and politics have combined their expertise to write what is largely considered the definitive work of one of the world's most reviled and notorious figures Drawing on a wealth of Iraqi Arab Western and Israeli sources including interviews with people who have had close contact with Saddam Hussein throughout his career the authors trace the meteoric transformation of an ardent nationalist and obscure Ba'ath party member into an absolute dictator Skillfully interweaving a realistic analysis of Gulf

politics and history and now including a new introduction and epilogue this authoritative biography is essential for understanding the mind of a modern tyrant *Saddam's War* John Bulloch, Harvey Morris, 1991-01-01 *The Achilles Trap* Steve Coll, 2024-02-27 A New York Times and Washington Post Notable Book Named a Best Book of the Year by The New Yorker Nominated for a National Book Critics Circle Award in Nonfiction Excellent A more intimate picture of the dictator s thinking about world politics local power and his relationship to the United States than has been seen before The New York Times Another triumph from one of our best journalists The Washington Post Voluminously researched and compulsively readable Air Mail From bestselling and Pulitzer Prize winning author Steve Coll the definitive story of the decades long relationship between the United States and Saddam Hussein and a news breaking investigation into one of the costliest geopolitical conflicts of our time When the United States invaded Iraq in 2003 its message was clear Iraq under the control of strongman Saddam Hussein possessed weapons of mass destruction that if left unchecked posed grave danger to the world But when no WMDs were found the United States and its allies were forced to examine the political and intelligence failures that had led to the invasion and the occupation and the civil war that followed One integral question has remained unsolved Why had Saddam seemingly sacrificed his long reign in power by giving the false impression that he had hidden stocks of dangerous weapons The Achilles Trap masterfully untangles the people ploys of power and geopolitics that led to America s disastrous war with Iraq and for the first time details America s fundamental miscalculations during its decades long relationship with Saddam Hussein Calling on unpublished and underreported sources interviews with surviving participants and Saddam s own transcripts and audio files Steve Coll pulls together an incredibly comprehensive portrait of a man who was convinced the world was out to get him and acted accordingly A work of great historical significance The Achilles Trap exposes how corruptions of power lies of diplomacy and vanity on both sides led to avoidable errors of statecraft ones that would enact immeasurable human suffering and forever change the political landscape as we know it Saddam Hussein Gail Stewart, 2004 Ambitious yet ruthless Saddam Hussein maintained control of Iraq for over two decades by employing terror tactics and violating human rights This complex leader inspired fanatical devotion as well as international condemnation *The Reckoning* Sandra Mackey, 2003 Saddam Hussein is high on America s enemies list but does an Iraq without him hold the seeds of the next Yugoslavia To the dismay of many in the West the Gulf War ended with Saddam Hussein still in control still defiant and determined to use any means of striking back This book sounds an urgent note of caution a future Iraq without Hussein could be even more unstable and more problematical to the security of the United States The Reckoning is an account of the forceful historical religious ethnic and political that produced Saddam s dictatorship Forged after World War I from the Mesopotamian region of the collapsed Ottoman Empire Iraq s people have never had a national identity or a sense of common purpose Hussein ruling by terror rather than persuasion has pitted the various ethnic groups religious interests and tribes against each other and in so doing achieved the destruction of Iraq s middle class and

civilized society After he goes however he goes the country could be the site of conflict even more vicious than the Balkan wars **Saddam Hussein** Said K. Aburish,2000-01-01 Presents a biographical and psychological look at Saddam Hussein and discusses the politics of the Middle East and its effect on the world **Saddam Hussein** Charles J. Shields,2005 Describes the life of the leader of Iraq from his childhood through his rise to power the Iran Iraq War the Persian Gulf War to his ongoing presidency
