Sadomasochism Of Everyday Life Why We Hurt Ourselves And How To Stop:

The Sadomasochism of Everyday Life John Munder Ross,1997 Why do men and women lock themselves in painful intimacies continue to work for tyrannical bosses and put up with people who humiliate them Exploring the self inflicted suffering of everyday life this book sheds light on a widespread psychological phenomenon of our time and points the way to breaking that pattern of unhappiness

Bad for Us John Portmann,2004 Why do people do things that are blatantly bad for them Think of the falls from grace of Richard Nixon Gary Hart Rob Lowe Martha Stewart and Kobe Bryant Portmann argues that we are often our own worst enemies and that the hardest kind of suffering to bear is what we inflict upon ourselves This groundbreaking book is a wide ranging exploration of self destructive behavior and self injury It helps us better understand how and why we engineer our own downfalls and why dizzying reversals of fortune often leave a trail that leads back to people who should have known better like Jayson Blair and his blatant plagiarism or Bill Clinton and his affair with Monica Lewinsky After developing an exciting philosophical categoryravingin which we take leave of our senses and refuse to act according to societal mores Portmann observes that we all occasionally crave the forbidden or the dangerous While raving takes varied forms from streaking nude across a college campus to indulging in unsafe sex it is best described as a temporary vacation from the self Cautioning that our very happiness is at stake Portmann exhorts us to choose wisely This rare book is the North Star for cautious rebels Bad for Us is an engaging book that explores a social and moral paradox Drawing from thinkers ranging from Immanuel Kant to Thomas Sowell to Madonna John Portmann deeply explores a topic all but taboo among modern writers the dual need each of us feels to develop and maintain a sense of self control and to lose it from time to time William N Eskridge Jr author of Gaylaw Challenging the Apartheid of the Closet and John A Garver Professor of Jurisprudence at Yale Law School

H. P. Lovecraft's Dark Arcadia Gavin Callaghan,2013-06-11 This volume attempts an objective reassessment of the controversial works and life of American horror writer H P Lovecraft Ignoring secondary accounts and various received truths Gavin Callaghan goes back to the weird texts themselves and follows where Lovecraft leads him into an arcane world of parental gigantism and inverted classicism in which Lovecraft s parental obsessions were twisted into the all powerful cosmic monsters of his imaginary cosmology

THE FACES OF VIOLENCE George B. Palermo,2011-12-01 Thoroughly revised and rewritten this new Second Edition addresses the manifestations of violence with an unusual clarity and down to earth objectivity that studies poverty drugs access to guns

joblessness poor education inadequate housing and the lack of stability that comes from an integrated family Doctor Palermo has spent a lifetime observing criminal violence as a psychiatrist for Milwaukee County He is well known for his plainspoken unpretentious testimony in the trial of serial killer Jeffrey Dahmer The author takes the position that there is an absence in the United States of a coherent culture of its material obsession the destructiveness of welfare the disintegration of the family unit and how all these forces have come together to perpetuate and increase violence in our daily lives Although the book deals with crimes against the physical person other forms of criminal behavior that have recently appeared on the social scene are explored such as Internet crimes white collar crimes and identity theft It is a must read for all those professionals in the psychiatric criminological and forensic fields

Moral Cruelty Timothy Lee Hulsey, Christopher J. Frost, 2004 The overarching purpose of Moral Cruelty is to identify and sensitize the reader to the existence of moral sadism As it stands every act of overt violence from Bosnia to Columbine is immediately followed by a discourse of clichés The acts of violence are attributed to the media song lyrics availability of guns racism persistent poverty and so on Although such influences are surely involved the tendency of assigning the cause to external agents leads us away from asking ourselves Is it possible that I contribute to the escalation of violence in ways that I currently cannot see Is it possible that I interact in ways that have effects that I do not understand It is the authors contention that what we as individuals perceive as normal modes of interaction conceal hidden contributions to cruelty
