now turn his sights on tracking down the killer who happens to be his nemesis from ten years earlier Pierce doesn't complain though he's falling in love with Liv Bergen and sets in motion an unconventional way to recruit her for the FBI's training camp in Quantico Virginia as they work the case together But is Liv falling for the brilliant exotic looking agent Jack Linwood instead Once again Liv's vast knowledge of the Black Hills of South Dakota the territory General Custer made famous and the modern day ranchers and environmentalists who live there leads her to unearth critical clues about the Crooked Man Aided by her elfin sister with rainbow colored hair a sad eyed bloodhound and a terminally ill Norwegian widow Liv ultimately identifies the deranged killer But will her barrage of questions be enough to fend off a fatal blow from the very cane he used to crush the skulls of thirteen other victims

Lot's Return to Sodom Sandra Brannan, 2011-06 The Sturgis Motorcycle Rally is no place for buttoned down citizens unless they're trying to hide a murder Sharp witted Liv Bergen can't avoid becoming embroiled in murders it seems Her family's hometown of Sturgis South Dakota is quickly becoming the Sodom of the Black Hills during the dog days of summer as it hosts the infamous rally of grizzled hard core motorcycle bikers half a million of them Crime comes too close for comfort when Liv must solve the mystery of a beautiful young townie to clear her brother's name Liv witnesses the vile death of another young woman and during her investigation of both crimes she attracts the uninvited attentions of the menacing leader of Lucifer's Lot the baddest of the bad biker gangs Her quick wit and pragmatic thinking are all that stands between her and certain elimination FBI agent Streeter Pierce is back on the trail working undercover to find the murderer and a shadow criminal called the Crooked Man When he and Liv cross paths sparks are flying literally Fans of the amateur sleuth's adventures will find this second book in the Liv Bergen series the sequel to *In the Belly of Jonah* an even deeper mystery with greater consequences for their heroine

with the FBI could endanger her extended family and has almost resolved to leave the bureau as a result Agent Streeter Pierce who harbors an affection for Liv that sometimes transcends the professional comes up with an unorthodox plan to keep her around she can investigate a cold case that is especially important to her the kidnapping and murder of her ten year old niece Brianna Liv jumps at the chance but her focus on finding Brianna's killer is soon diluted Piece by piece the case reveals itself to be just one point in a harrowing series of murders Spanning decades and the country the web of crime Liv uncovers causes her to question everything including the integrity of her own colleagues www.sandrabrannan.com

Jeremiah's Revenge Sandra Brannan, 2018-06-05 Sandra Brannan has once again masterfully delivered on her latest compelling installment in the Liv Bergen Mystery Series Liv has recently returned to work at the FBI from a forced leave of absence after witnessing the brutal murder of her boyfriend Jack Linwood As she painfully emerges from her grief Liv comes face to face with two facts She did not truly love Jack and she does love her long time colleague and mentor Streeter Pierce But she wonders if she can find the courage to let him know or just how much longer she can hide her feelings As Streeter and Liv are drawn together and a tender relationship begins a gritty and often shocking set of events is unraveling around them And while fans of the series have long waited to know the truth about his past Streeter's honest revelations lead to nothing but fear and his worst nightmare where Liv is put within inches of losing her life The title of the book an evil twist referencing admonitions from the Bible's Book of Jeremiah sends a warning to the steadfast agent's fans they won't soon forget

,2002 The Net Effect Thomas Streeter,2011 This book about America's romance with computer communication looks at the Internet not as a harbinger of the future or the next big thing but as an expression of the times Streeter demonstrates that our ideas about what connected computers are for have been in constant flux since their invention In the 1950s they were imagined as the means for fighting nuclear wars in the 1960s as systems for bringing mathematical certainty to the messy complexity of social life in the 1970s as countercultural playgrounds in the 1980s as an icon for what's good about free markets in the 1990s as a new frontier to be conquered and by the late 1990s as the transcendence of markets in an anarchist open source utopia The Net Effect teases out how culture has influenced the construction of the internet and how the structure of the internet has played a role in cultures of social and political thought cover **The Bookman** ,1920
