Roger and Carolyn Perron purchased the home of their dreams and eventual nightmares in December of 1970 The Arnold Estate located just beyond the village of Harrisville Rhode Island seemed the idyllic setting in which to raise a family The couple unwittingly moved their five young daughters into the ancient and mysterious farmhouse Secrets were kept and then revealed within a space shared by mortal and immortal alike Time suddenly became irrelevant fractured by spirits making their presence known then dispersing into the ether The house is a portal to the past and a passage to the future This is a sacred story of spiritual enlightenment told some thirty years hence The family is now somewhat less reticent to divulge a closely guarded experience Their odyssey is chronicled by the eldest sibling and is an unabridged account of a supernatural excursion Ed and Lorraine Warren investigated this haunting in a futile attempt to intervene on their behalf They consider the Perron family saga to be one of the most compelling and significant of a famously ghost storied career as paranormal researchers During a seance gone horribly wrong they unleashed an unholy hostess the spirit called Bathsheba a God forsaken soul Perceiving herself to be the mistress of the house she did not appreciate the competition Carolyn had long been under siege overt threats issued in the form of fire a mother's greatest fear It transformed the woman in unimaginable ways After nearly a decade the family left a once beloved home behind though it will never leave them as each remains haunted by a memory This tale is an inspiring testament to the resilience of the human spirit on a pathway of discovery an eternal journey for the living and the dead

Sometimes a Great Notion David Donnell, 2014-05-20 Long admired for his books of poetry most recently *China Blues* and *Dancing in the Dark* David Donnell's poems continue to surprise and amaze us with their cool jazz of spontaneity and imaginative logic A sensual and intellectual feast *Sometimes a Great Notion* is a deconstruction of the contemporary artist's life it's also a tough compassionate look at the future of the future and our philosophy of love Culinary adventures and geography juxtapose with Japanese culture erotic interludes are interrupted by notes on Alex Colville giving us the clearest picture of convergence theory we've had since Marshall McLuhan was a young man Here in poems like *Luce* or *Pillows* Donnell pushes the boundaries of minimalism in original and subtle ways and succeeds like peach ice cream on a hot day Moment after moment this is a provocative and refreshing book

All Set about with Fever Trees and Other Stories Pam Durban, 1995-08-01 The seven stories in Pam Durban's widely praised debut collection are tales of family of love and loss of survival and affirmation Durban's resonant prose subtly obliges her readers to experience the rush of icy water in a stream the taste of greens freshly snatched from an overgrown garden the dread weight of confusion and uncertainty In *This Heat* the opening story a mill worker faces the long expected loss of her teenage son when his weak heart finally gives out In the title story which concludes the collection a formidably eccentric woman abruptly leaves her daughter and granddaughter to answer a calling to do missionary work in Africa Framed between these two stories is a gathering of characters made real and consequential by Durban's touch a country singer more than a few big breaks short of stardom a preadolescent boy lovestruck over his private swimming instructor a father cut off from his

children by haunting war memories and others **The New Partridge Dictionary of Slang and Unconventional English**
