Approaches to Teaching Petrarch's Canzoniere and the Petrarchan Tradition Christopher Kleinhenz, Andrea Dini, 2014-01-01. One of the most important authors of the Middle Ages, Petrarch occupies a complex position: historically, he is a medieval author, but philosophically, he heralds humanism and the Renaissance. Teachers of Petrarch's *Canzoniere* and his formative influence on the canon of Western European poetry face particular challenges. Petrarch's poetic style brings together the classical tradition, Christianity, an exalted sense of poetic vocation, and an obsessive love for Laura during her life and after her death in ways that can seem at once very strange and, because of his style's immense influence, very familiar to students. This volume aims to meet the varied needs of instructors, whether they teach Petrarch in Italian or in translation, in surveys or in specialized courses, by providing a wealth of pedagogical approaches to Petrarch and his legacy. Part 1

Materials reviews the extensive bibliography on Petrarch and Petrarchism covering editions and translations of the Canzoniere secondary works and music and other audiovisual and electronic resources Part 2 Approaches opens with essays on teaching the Canzoniere and continues with essays on teaching the Petrarchan tradition Some contributors use the design and structure of the Canzoniere as entryways into the work others approach it through discussion of Petrarch's literary influences and subject matter or through the context of medieval Christianity and culture The essays on Petrarchism map the poet's influence on the Italian lyric tradition as well as on other national literatures including Spanish French English and Russian

Feminist Formalism and Early Modern Women's Writing Lara Dodds, Michelle M. Dowd, 2022-05 Feminist Formalism and Early Modern Women's Writing reexamines the relationship between gender and form in early modern women's writing in essays that elaborate the specific literary strategies of women writers that examine women's debts to and appropriations of different literary genres and that offer practical suggestions for the teaching of women's texts in several different contexts Contributors explore the possibility of feminist formalism a methodology that both attends to the structural rhetorical and other formal techniques of a given text and takes gender as a central category of analysis This collection contends that feminist formalism is a useful tool for scholars of the early modern period and for literary studies more broadly because it marries the traditional questions of formalism including questions of style genre and literary history with the political and cultural concerns of feminist inquiry Contributors reposition works by important women writers such as Margaret Cavendish Hester Pulter Mary Wroth and Katherine Philips as central to the development of English literary tradition By examining a variety of texts written by women including recipes emblems exchanges and poetry Feminist Formalism and Early Modern Women's Writing contributes to existing scholarship on early modern women's writing while extending it in new and important directions
