## **Looking Back At Live Television And Other Matters:**

*Live Television Drama, 1946-1951* William Hawes, 2015-11-16 The live era or golden age of television drama originating from New York 1946 through 1951 was an exciting time of creative and commercial accomplishment This is a complete history and reference guide to the live dramas that aired during those six years Extensive coverage is given to the NBC anthologies Kraft Television Theatre and Philco Television Playhouse and the CBS anthologies Ford Theater and Studio One as well as to the competitors the 28 new anthologies that appeared in the prime time schedule during 1950 and 1951 Appendices comprehensively list the day by day program logs for BBC CBS and NBC dramas from 1946 through 1951

*Earl Hamner* James E. Person (Jr.), James E. Person, 2005 Since *Spencer's Mountain* I have followed Earl Hamner's career with much interest and much satisfaction having picked a winner Harper Lee author of *To Kill a Mockingbird* Earl Hamner one of America's best loved storytellers has never been the subject of a full length study *Earl Hamner From Walton's Mountain to Tomorrow* fills that gap A native Virginian Hamner once said Even though families are said to be shattered these days and God is said to be dead if people can revisit the scenes and places where these values did exist possibly they can come to believe in them again or to adapt some kind of belief in God or faith in the family unit or just getting home again This vision of what makes for a whole life permeates all of Hamner's work It is present in the novel *Spencer's Mountain* upon which *The Waltons* was loosely based and in his screenplays such as the work he is perhaps most proud of *Charlotte's Web* It is even present in such unlikely places as the eight scripts he contributed to the classic television series *The Twilight Zone* and the tales of cold blooded betrayal and boundless ambition depicted on *Falcon Crest* In *Earl Hamner From Walton's Mountain to Tomorrow* readers will discover the integrated nature of his career finding that there is no real conflict between the warm folksiness of *The Waltons* the offbeat fantasies of his *Twilight Zone* scripts the unscrupulous ethics displayed on *Falcon Crest* and the myriad other novels and scripts he has written and TV programs he has produced Instead readers will find that there is a pervasive theme running throughout Hamner's work that of a man forever taking a backward glance at his roots for direction in finding what makes life worthwhile Upon learning that this book was being written Hamner told one of his friends I can't imagine anyone wanting to read a book about me much less write one about me Readers of this book will find Hamner's doubts indeed misplaced They will also discover a delightful individual who has enjoyed a long accomplished career as a storyteller laboring for a worthy goal that posterity may know of an age and a people whose legacy has not through silence been permitted to pass away as if a dream

**Television Directors, Race, and Gender** Jonathan J. Cavallero, 2024-07-17 This book challenges the predominant framing of US television as a writer's or producer's medium by suggesting that television directors are a vital component of TV artistry Looking beyond a perspective that favors the narrative and economic aspects of television but undervalues the medium's formal elements the book explores how directors use the visual and aural to contribute layers of meaning that add to the thematic development of television texts Starting from the belief that television aesthetics partially reveal the ways in which directors and their collaborators contribute to the overall thematic development of a program the author offers five case studies that map out the ways that directors have contributed to television drama throughout the medium's approximately 80 year history By devoting special attention to the presence and voices of directors from marginalized backgrounds the book creates opportunities to discuss television from perspectives that emphasize issues of diversity equity and inclusion This original and insightful work will appeal to students and scholars of television studies television production and media production critical media studies media authorship gender studies and race and media
