**Nineteenth-Century Novels** Pam Morris, 2004-06-08 In *Imagining Inclusive Society in Nineteenth Century Novels* Pam Morris traces a dramatic transformation of British public consciousness that occurred between the Reform Acts of 1832 and 1867 This brief period saw a shift from a naturalized acceptance of social hierarchy to a general imagining of a modern mass culture Central to this collective revisioning of social relations was the pressure to restyle political leadership in terms of popular legitimacy to develop a more inclusive mode of discourse within an increasingly heterogeneous public sphere and to find new ways of inscribing social distinctions and exclusions Morris argues that in the transformed public sphere of mid nineteenth century Britain the urbane code of civility collapsed under the strain of the conflicting interests that constitute mass society It was replaced by a code of sincerity often manipulative and always ideological in that its inclusiveness was based upon a formally egalitarian assumption of mutual interiorities The irresistible movement toward mass politics shifted the location of power into the public domain Increasingly national leaders sought to gain legitimacy by projecting a performance of charismatic sincerity as a flattering and insinuating mode of address to mass audiences Yet by the latter decades of the century while the code of sincerity continued to dominate popular and political culture traditional political and intellectual elites were reinscribing social distinctions and exclusions They did so both culturally by articulating sensibility as skepticism irony and aestheticism and scientifically by introducing evolutionist notions of sensibility and attaching these to a rigorous disciplinary code of bodily visibility Through an intensive intertextual reading of six key novels Brontë's *Shirley* Thackeray's *Henry Esmond* Dickens's *Bleak House* and *Our Mutual Friend* Gaskell's *North and South* and Eliot's *Romola* and an array of Victorian periodicals and political essays Morris analyzes just how actively novelists engaged in these social

transformations Drawing on a wide range of literary cultural and historical thinkers Jürgen Habermas Michel Foucault Benedict Anderson Mary Poovey and Charles Tilly Morris makes an original and highly sophisticated contribution to our understanding of the complex and always contested processes of imagining social inclusiveness
