Looking For The Possible Dance:

Looking for the Possible Dance A.L. Kennedy, 2010-11-30 Mary Margaret Hamilton was educated in Scotland She was born there too These may not have been the best possible options but they were the only ones on offer at the time Although her father did his best her knowledge of life is perhaps a little incomplete Margaret knows the best way to look at the moon how to wake on time and how to breathe fire Now she must learn how to live A L Kennedy s absorbing moving and gently political first novel dissects the intricate difficulties of human relationships from Margaret s passionate attachment to her father and her more problematic involvement with Colin her lover to the wider social relations between pupil and teacher employer and employee individual and state **Looking for the Possible Dance** Kennedy. A.L., 2003 **The Routledge Guide to Modern English Writing** John McRae, Ronald Carter, 2004 This book is a user friendly guide to English literature from 1960 to the present From Philip Larkin Seamus Heaney to Caryl Churchill Tom Stoppard and Alan Bennett the book is essential reading for all readers of contemporary writing **Rewriting Scotland** Cristie L. March, 2002 Rewriting Scotland examines six of the most influential and cutting edge contemporary Scottish writers as they redefine outmoded notions of Scottish identity From Irvine Welsh s windows into Scottish youth culture in *Trainspotting* to Janice Galloway s examinations of the duality of female isolation and empowerment this unique work reveals new explorations of Scottish gender politics sexuality voice and self awareness **Family and the Scottish Working-class Novel, 1984-1994** Horst Prillinger, 2000 They fuck you up your mum and dad the poet Philip Larkin wrote a few decades ago Sometimes more sometimes less explicitly Scottish authors of the past twenty years have written down their point of view on the state of the working class family This study deals with nineteen novels written between 1984 and 1994 and two precursors written about ten years earlier Following the family sociologists model of the family life cycle the study examines the vital stages of family life in novels spanning four generations of Scottish writers from Robin Jenkins b 1912 to A L Kennedy b 1965 *Dance, Access and Inclusion* Stephanie Burridge, Charlotte Svendler Nielsen, 2017-07-06 The arts have a crucial role in empowering young people with special needs through diverse dance initiatives Inclusive pedagogy that integrates all students in rich equitable and just dance programmes within education frameworks is occurring alongside enabling projects by community groups and in the professional dance world where many high profile choreographers actively seek opportunities to work across diversity to inspire creativity Access and inclusion is increasingly the essence of projects for disenfranchised and traumatised youth who find creative expression freedom and hope through dance This volume foregrounds dance for young people with special needs and presents best practice scenarios in schools communities and the professional sphere International perspectives come from Australia Brazil Cambodia Canada Denmark Fiji Finland India Indonesia Jamaica Japan Malaysia New Zealand Norway Papua New Guinea Portugal Singapore South Africa Spain Taiwan Timor Leste the UK and the USA Sections include inclusive dance pedagogy equality advocacy and policy changing practice for dance education community dance initiatives

professional integrated collaborations *Ethically Speaking* James McGonigal, Kirsten Stirling, 2006 As politics and cultures interact within an increasingly diverse Scotland and differences in values become more evident across generations the need for clear understanding and cooperation within and between communities becomes a pressing issue This relates both to local and larger concerns language violence morality gender and sexuality education ethnicity truth and lies The chapters gathered here focus on significant Scottish writers of the late twentieth and early twenty first centuries Edwin Morgan A L Kennedy Liz Lochhead John Burnside Jackie Kay Robin Jenkins Muriel Spark William McIlvanney Ali Smith James Kelman and others and the communities described are certainly Scottish but the issues raised are universal Questions are asked about the relationship of the individual to others and therefore on a larger scale about the means through which any community is both constructed and sustained linguistically spiritually ethically If their multiple voices evoke a zigzag of contradictions it is at any rate a creative zigzag which discovers or uncovers many contradictory aspects of life in modern Scotland that should particularly be brought to light in a re emergent nation Ethically speaking Scottish writers point out the need to attend to many different narratives and retellings in order that Scots might live more honestly and clear sightedly with themselves and with the wider world *Scottish Literature in English and Scots* Douglas Gifford, Sarah Dunnigan, Alan MacGillivray, Beth Dickson, 2002 This substantial new volume is a stimulating yet in depth introduction to Scottish literature in English and Scots From medieval to modern the entire range of literature is introduced examined and explored Aimed primarily at those with an interest in Scottish literature this guide also responds to the need for students and teachers to have detailed discussions of individual authors and texts The volume looks at Scottish literature in six period sections Early Scottish Literature Eighteenth Century The Age of Scott Victorian and Edwardian The Twentieth Century Scottish Literary Renaissance and Scottish Literature since 1945 Each section begins with an overview of the period followed by several chapters examining exemplary authors and texts Each section finishes with an extensive discussion including suggestions as to how to further explore the rich and often neglected hinterlands of Scottish writing Extensive reading lists identify primary texts of the period as well as details of a wide range of additional authors Opening up neglected areas of study as well as responding to the burgeoning interest in novelists modern poets and dramatists this book serves as an invaluable guide to Scottish Literature **Bella Caledonia** Kirsten Stirling, 2008 *Bella Caledonia* Woman Nation Text looks at the widespread tradition of using a female figure to represent the nation focusing on twentieth century Scottish literature The woman as nation figure emerged in Scotland in the twentieth century but as a literary figure rather than an institutional icon like Britannia or France s Marianne Scottish writers make use of familiar aspects of the trope such as the protective mother nation and the woman as fertile land which are obviously problematic from a feminist perspective But darker implications buried in the long history of the figure rise to the surface in Scotland such as woman nation as victim and woman nation as deformed or monstrous As a result of Scotland s unusual status as a nation within the larger entity of Great Britain the

literary figures under consideration here are never simply incarnations of a confident and complete nation nurturing her warrior sons Rather they reflect a more modern anxiety about the concept of the nation and embody a troubled and divided national identity Kirsten Stirling traces the development of the twentieth century Scotland as woman figure through readings of poetry and fiction by male and female writers including Hugh MacDiarmid Naomi Mitchison Neil Gunn Lewis Grassie Gibbon Willa Muir Alasdair Gray A L Kennedy Ellen Galford and Janice Galloway

Disappearing Men Carole Jones, 2009

Disappearing Men examines the complex and rebellious representations of gender in the work of several writers of devolutionary Scottish fiction in the period 1979 to 1999 The study focuses on the context of a crisis in masculinity accompanying the rapidly changing male role in the period concluding that men often disappear from sight in this writing highlighting issues of male insecurity and female disorientation in a new gender landscape Hence the novels examined here by authors James Kelman Janice Galloway Jackie Kay A L Kennedy and Alan Warner strongly challenge the stereotype of the Scottish hardman and his dominance in 20th century Scottish fiction Disappearing Men dissects this challenge by giving major consideration to the relationship between the innovative literary forms often found in this writing and the concepts of selfhood they give rise to The possibilities inherent in these texts of reimagining gender identity and relations make them important contemporary documents of our struggles with realising selfhood and relations with others A sustained and intimate analysis this monograph will be of crucial interest to those concerned with issues of gender and representation in our rapidly changing era
