Kim, 2020-05-05 To read a crime novel today largely simulates the exercise of reading newspapers or watching the news The speed and frequency with which today's bestselling works of crime fiction are produced allow them to mirror and dissect nearly contemporaneous socio political events and conflicts This collection examines this phenomenon and offers original critical essays on how national identity appears in international crime fiction in the age of populism and globalization These essays address topics such as the array of competing nationalisms in Europe Indian secularism versus Hindu communalism the populist rhetoric tinged with misogyny or homophobia in the United States racial religious or ethnic others who are sidelined in political appeals to dominant native voices and the increasing economic chasm between a rich and poor More broadly these essays inquire into themes such as how national identity and various conceptions of masculinity are woven together how dominant native cultures interact with migrant and colonized cultures to explore insider outsider paradigms and identity politics and how generic and cultural boundaries are repeatedly crossed in postcolonial detective fiction [The Routledge Companion to Native American Literature](#) Deborah L. Demonstrating how the methods of popular culture scholarship can be merged with those of marketing and consumer research a mutually beneficial strategy of analysis is showcased BOOK JACKET [Routledge Handbook of the Archaeology of Indigenous-Colonial Interaction in the Americas](#) Lee M. Panich,Sara L. Gonzalez,2021-07-19 The Routledge Handbook of the Archaeology of Indigenous Colonial Interaction in the Americas brings together scholars from across the hemisphere to examine how archaeology can highlight the myriad ways that Indigenous people have negotiated colonial systems from the fifteenth century through to today The contributions offer a comprehensive look at where the archaeology of colonialism has been and where it is heading Geographically diverse case studies highlight longstanding theoretical and methodological issues as well as emerging topics in the field The organization of chapters by key issues and topics rather than by geography fosters exploration of the commonalities and contrasts between historical contingencies and scholarly interpretations Throughout the volume Indigenous and non Indigenous contributors grapple with the continued colonial nature of archaeology and highlight Native perspectives on the potential of using archaeology to remember and tell colonial histories This volume is the ideal starting point for students interested in how archaeology can illuminate Indigenous agency in colonial settings Professionals including academic and cultural resource management archaeologists will find it a convenient reference for a range of topics related to the archaeology of colonialism in the Americas **Troubling Tricksters** Deanna Reder,Linda M. Morra,2010-02-10 Troubling Tricksters is a collection of theoretical essays creative pieces and critical ruminations that provides a re visioning of trickster criticism in light of recent backlash against it The complaints of some Indigenous writers the critique from Indigenous nationalist critics and the changing of academic fashion have resulted in few new studies on the trickster For example The Cambridge Companion to Native American Literature 2005 includes only a brief mention of the trickster with skeptical commentary And in 2007 Anishinaabe scholar Niigonweddom Sinclair a contributor to this volume called for a moratorium on studies of the trickster irrelevant to the specific experiences and interests of Indigenous nations One of the objectives of this anthology is then to encourage scholarship that is mindful of the

critic's responsibility to communities and to focus discussions on incarnations of tricksters in their particular national contexts. The contribution of *Troubling Tricksters* therefore is twofold: to offer a timely counterbalance to this growing critical lacuna and to propose new approaches to trickster studies approaches that have been clearly influenced by the nationalists' call for cultural and historical specificity.

Centering Anishinaabeg Studies Jill Doerfler, Niigaanwewidam James Sinclair, Heidi Kiiwetinepinesiiik Stark, 2013-02-01 For the Anishinaabeg people who span a vast geographic region from the Great Lakes to the Plains and beyond, stories are vessels of knowledge. They are bagijigaganan offerings of the possibilities within Anishinaabeg life. Existing along a broad narrative spectrum from aadizookaanag traditional or sacred narratives to dibaajimowinan histories and news as well as everything in between, storytelling is one of the central practices and methods of individual and community existence. Stories create and understand, survive and endure, revitalize and persist. They honor the past, recognize the present, and provide visions of the future. In remembering, re-making, and re-writing stories, Anishinaabeg storytellers have forged a well-traveled path of agency, resistance, and resurgence. Respecting this tradition, this groundbreaking anthology features twenty-four contributors who utilize creative and critical approaches to propose that this people's stories carry dynamic answers to questions posed within Anishinaabeg communities, nations, and the world at large. Examining a range of stories and storytellers across time and space, each contributor explores how narratives form a cultural, political, and historical foundation for Anishinaabeg Studies. Written by Anishinaabeg and non-Anishinaabeg scholars, storytellers, and activists, these essays draw upon the power of cultural expression to illustrate active and ongoing senses of Anishinaabeg life. They are new and dynamic bagijigaganan, revealing a viable and sustainable center for Anishinaabeg Studies: what it has been, what it is, what it can be.

Keith Booker, 2015-03-10 Focusing on the intersection of literature and politics since the beginning of the 20th century, this book examines authors, historical figures, major literary and political works, national literatures, and literary movements to reveal the intrinsic links between literature and history. This encyclopedia explores the complex relationship between literature and politics through detailed entries written by expert contributors on authors, historical figures, major literary and political works, national literatures, and literary movements, covering specific themes, concepts, and genres related to literature and politics from the 20th century to the present. The work covers authors that include Margaret Atwood, James Baldwin, Philip K. Dick, W. E. B. Du Bois, William Faulkner, Ernest Hemingway, Jack London, Toni Morrison, George Orwell, John Steinbeck, and Virginia Woolf, just to mention a few. International in scope, *Literature and Politics Today* covers The Political Nature of Modern Fiction, Poetry, and Drama, covering writing ranging from the beginning of the 20th century to the present, with special emphasis on works written in English.
