Lord Cromer Roger Owen, 2004 In the heyday of Empire just before the First World War Lord Cromer was second only to Lord Curzon in fame and public esteem In the days when Cairo and Calcutta represented the twin poles of British power in Asia and Africa Cromer's commanding presence seemed to radiate the essential spirit of imperial rule In this first modern biography Roger Owen charts the life of the man revered by the British and hated by today's Egyptians the real ruler of Egypt for nearly a quarter of a century A member of the famous City banking family of Baring Brothers Cromer in his youth seemed to be distinguished mainly by lack of academic ability and a taste for the fashionable pursuits of his day His first military posting to Corfu was welcomed by him on account of the excellent shooting to be had in the region Roger Owen shows how almost imperceptibly his commitment to public service grew due in part at least to his relationship with Ethel Errington who after long delay became his first wife From the island outposts of the old British Empire to India the jewel in its crown and finally to the new Empire in Africa Cromer represented the might of Britain's Empire Few imperial administrators had either his range of experience or his long practice of ruling different non-European peoples at a time when the whole notion of Empire itself entered more and more into the metropolitan political debate Roger Owen makes extensive use of Cromer's official correspondence family papers memoirs and the personal letters of his friends and colleagues to explore all aspects of Cromer's life in imperial government He examines his innovative role in international finance and his energetic re-engagement with Britain's troubled political life following his formal retirement in 1907 Finally he assesses the sometimes bitter legacy of imperial rule left by Cromer

*The Iron Cage* Rashid Khalidi, 2024-01-18 A brilliant and sobering critique of the Palestinian failure to achieve statehood by a major Palestinian historian and political commentator At a time when a lasting peace between Palestinians and Israelis seems virtually unattainable understanding the roots of the longest running conflict in the Middle East is an essential step in restoring hope to the region In *The Iron Cage* Rashid Khalidi one of the most respected historians and political observers of the Middle East examines the Palestinian's struggle for statehood presenting a succinct and insightful history of the people and their leadership throughout the twentieth century Ranging from the Palestinian struggle against colonial rule and the

establishment of the State of Israel through the eras of the PLO the Palestinian Authority and Hamas this is an unflinching and sobering critique of the Palestinian failure to achieve statehood as well as a balanced account of the odds ranged against them Lucid yet challenging Rashid Khalidi's engrossing narrative of this tortuous history is required reading for anyone concerned about peace in the Middle East *Imperial Culture and the Sudan* Lia Paradis, 2020-05-14 General Gordon's death in the Sudan marks the height of imperial cultural fever Even in the late nineteen seventies the themes of Khartoum were still the basis for children's stories comic books and depictions of masculinity Imperial Culture in the Sudan seeks to examine the cultural impact of Sudan on the popular image of the British empire why were these colonial administrators characterized as adventurers Why was Sudan and the story of General Gordon so popular The author argues it coincided with the mass production of popular journalism the height of Jingoism as a cultural product and therefore a study of Sudan's experience tells us a lot about the British Empire how it was made consumed and remembered **The Government and Administration of Africa, 1880-1939** Andrew Cohen, 2017-11-01 This collection makes available rare sources on the aims functions and effects of British administration in Africa Topics examined include land and urban administration law and jurisprudence taxation and administration of natural resources *Kenyatta and Britain* W. *Newman and His Contemporaries* Edward Short, 2011-04-21 This is a book on John Henry Newman's influence on some of the most fascinating characters of the 19th century and their influence on him. No one in nineteenth century England had a more varied circle of friends and contacts than John Henry Newman. 1801-1890, the priest, theologian, educator, philosopher, poet, and writer who began his career as an Anglican, converted to Catholicism and ended his days a Cardinal. That he was also a leading member of the Oxford Movement, brought the Oratory to England, founded the Catholic University in Dublin, and corresponded with men and women from all backgrounds from around the world made him a figure of enormous interest to his contemporaries. In this study of Newman's personal influence, Edward Short looks closely at some of Newman's relations with his contemporaries to show how this prophetic thinker drew on his personal relationships to develop his many insights into faith and life. Some of the contemporaries covered include Keble, Pusey, Gladstone, Matthew Arnold, Richard Holt Hutton, Lady Georgiana Fullerton, and Thackeray. Based on a careful reading of Newman's correspondence, the book offers a fresh look at an extraordinary figure whose work continues to influence our own contemporaries.

In addition to providing a historical assessment, it suggests ways forward in both bilateral and international contexts. Egyptian and British contributors include government ministers and specialists in history, economics, Egyptology, business, education, culture, and international affairs. Otte reconstructs the underlying principles, perceptions, and unspoken assumptions that shaped British foreign policy between the death of Palmerston and the outbreak of the First World War. Grounded in a wide range of public and private archival sources and drawing on sociological insights, *The Foreign Office Mind* presents a comprehensive analysis of the foreign service as a knowledge-based organization rooted in the social and educational background of the diplomatic elite and the broader political, social, and cultural fabric of Victorian and Edwardian Britain. The book charts how the collective mindset of successive generations of professional diplomats evolved and reacted to and shaped changes in international relations during the second half of the nineteenth century, including the balance of power and arms races, the origins of appeasement, and the causes of the First World War.

legal imperialism took root in Egypt This book contributes to a vibrant strand of global legal history that places law and other social structures at the heart of competing imperial projects British Ottoman Egyptian and Italian among them Analysis of the Italian consular and mixed court cases and diplomatic records in Egypt and Istanbul reveals the complexity of shifting identifications and judicial reform in two parts of the interactive and competitive plural legal regime The rich court records show that binary relational categories fail to capture the complexity of the daily lives of the residents and courts of the late Ottoman empire Over time and acting in their own self interests these actors exploited the plural legal regime Case studies in both Egypt and Istanbul explore how identification developed as a legal form of property itself Whereas the classical literature emphasized external state power politics this book builds upon new work in the field that shows the interaction of external and internal power struggles throughout the region led to assorted forms of confrontation collaboration and negotiation in the region It will be of interest to students scholars and readers of Middle East Ottoman and Mediterranean history It will also appeal to anyone wanting to know more about cultural history in the nineteenth century and the historical roots of contemporary global debates on law migration and identities
