Markus Stoff Bei Lukas Eine Literarkritische Und Redaktionsgeschichtliche Untersuchung:

Der Markus-Stoff Bei Lukas Tim Schramm, 2005-11-03 A detailed analysis of Luke's sources for the Markan tradition

Q Or Not Q? Bartosz Adamczewski, 2010 The study analyses the current state of research on the synoptic problem and proves that the Synoptic Gospels were written in the Mark-Luke-Matthew order of direct literary dependence. Moreover, the work demonstrates that the Synoptic Gospels are results of systematic sequential hypertextual reworking of the contents of the Pauline letters. Accordingly, the so-called Q source turns out to be an invention of nineteenth-century scholars with their Romantic hermeneutic presuppositions. Demonstration of the fact that the Gospels are not records of the activity of the historical Jesus but that they narratively illustrate the identity of Christ as it has been revealed in the person and life of Paul the Apostle will certainly have major consequences for the whole Christian theology.

A Handbook to the Exegesis of the New Testament Stanley E. Porter, 1997 This handbook provides a substantial theoretical and practical guide to the multi-faceted discipline of exegesis of the New Testament. It offers succinct and well-informed essays with plenty of bibliography written by experts in their respective fields. The handbook will serve well as a textbook as well as a reference book to the major tools and topics in the area. This publication has also been published in paperback; please click here for details.

New Testament Interpretation I. Howard Marshall, 2006-10-01 These eighteen pieces have been commissioned to provide a succinct yet comprehensive guide to the best of recent evangelical thinking about how the New Testament is to be interpreted so that it may speak most clearly to today's world. The need for such a handbook can be felt more keenly as on the one side a secularized world dismisses the biblical faith as outmoded, unworkable, and unsatisfying, and on the other numerous Christian communities committed to taking that faith with ultimate seriousness are driven by controversies about how to read and understand the Bible. Following the editor's introduction in which I. Howard Marshall examines a familiar New Testament passage in order to exemplify the problems and rewards that await the careful interpreter, the essays are arranged under four headings: beginning with overviews of the history of New Testament study and the role of the interpreter's presuppositions in this enterprise; then going on to discuss the various critical tools, the methods of exegesis, and the application of the New Testament to the faith and life of the contemporary reader. An annotated bibliography concludes the presentation. Because the issues involved here have too often been ignored in many quarters, more than one approach or opinion about a given matter may surface in these essays; yet undergirding this diversity is the author's shared conviction as a conservative evangelical with a high regard for the authority of Holy Scripture that we are called upon to study the Bible with the full use of our minds. As the editor writes: "The passages which we interpret must be the means through which God speaks to men and women today. Our belief in the inspiration of the Bible is thus a testimony that New Testament exegesis is not just a problem; it is a real possibility. God can and does speak to men through even the most ignorant of expositors of his Word. At the same time he calls us on to devote ourselves to his Word and use every resource to make its message the more

Interweaving Innocence Heather M. Gorman, 2016-12-29 In this study Heather Gorman analyses Luke's portrayal of Jesus' death in light of the ancient rhetorical tradition particularly the progymnasmata and the rhetorical handbooks In addition to providing a detailed up to date exegetical study of Luke 22 66 23 49 she argues three things First through the strategic placement of rhetorical figures and the use of common topics associated with refutation and confirmation Luke structures his passion narrative as a debate about Jesus' innocence which suggests that one of Luke's primary concerns is to portray Jesus as politically innocent Second ancient examples of synkrisis suggest that part of the purpose of Luke's characterisation of Jesus in the passion narrative especially when set in parallel to Paul and Stephen in Acts was to set up Jesus as a model for his followers lest they face similar persecution or death Finally Luke's special material and his variations from Mark are explicable in terms of ancient compositional techniques especially paraphrase and narration and thus

recourse to a special Passion Source is unnecessary *The Birth of the Lukan Narrative* Mark Coleridge,1993-01-01 As a narrative critical study of the Lukan Infancy Narrative this is a work which puts new questions to an old and some would claim over interpreted text The work traces through the Infancy narrative two trajectories one theological the other epistemological At the point of theology Luke focuses upon God and the strange shape of the divine visitation at the point of epistemology Luke focuses upon the human being and what is needed to recognise the divine visitation given its strangeness The study then shows how the two trajectories converge in the Infancy Narrative s last episode the Finding of the Child in the Temple Though often accorded scant attention this is an episode which Coleridge argues is the true climax of the Infancy Narrative since it is only then that Jesus is born in the narrative as the protagonist he will prove consistently to be and only then that the Lukan Narrative itself is born It is this rather than any physical birth which most absorbs Luke in the first two chapters of the Gospel Though a study of the Infancy narrative this is a work with far reaching implications for the whole of Luke Acts Representations of the Afterlife in Luke-Acts Alexey Somov,2017-02-09 Questions regarding the afterlife are many and the Gospel of Luke and the book of Acts pay a great deal of attention to them why does Luke speak about several different forms of the afterlife Why is resurrection described as a person s transformation into an angelic being How many abodes are appointed for the righteous and the wicked after death Alexey Somov addresses these queries in relation to the apparent confusion and variety found in the text and in respect of the interrelatedness of these issues and their connection with other eschatological issues in Luke Acts and in relation to the wider cultural context of the Mediterranean world to which Luke belonged Every culture expresses its beliefs by means of special metaphors that allow it to comprehend supernatural realities in terms of everyday experience Belief in the afterlife was part of this metaphorical system which Luke shared with the ancient eastern Mediterranean culture Somov takes his analysis one step further by applying Cognitive Metaphor Theory to selected metaphorical aspects of the afterlife While the inconsistencies and incoherence of the combined metaphors may seem jarring to a contemporary Western reader Somov s reading enables a recognition of the specific religious metaphors used which for Luke would have been current and widely accepted Asceticism and the New Testament Leif E. continues to captivate the interests of scholars and recently there has been renewed discussion of the criteria for authenticity The first half of this volume reviews the state of play in historical Jesus research and examines the criteria in particular One chapter is devoted to the so called Quests and a second critically charts the development of the criteria in the light of form criticism One of the conclusions of this part of the volume is that several criteria especially those based on linguistics need re evaluation The second half of the volume proposes three new criteria based upon use of the Greek language These criteria are Greek language and its context textual variance and discourse features The criteria are proposed as a way forward in historical Jesus research

Using stylistic, formal, and thematic criteria, Paffenroth reconstructs a pre-Lukan source L for much of the unique material in Luke 3:1-19. This source portrays Jesus primarily as a healer and teller of parables, a portrayal very different from that of the suffering Son of Man in Mark, the aphoristic teacher of wisdom in Q, or the depiction of Jesus as universal saviour that Luke himself prefers. This source is quite primitive, probably earlier than Mark, perhaps as early as Q, to which it is quite similar in form if not content. **Essays on Women in Earliest Christianity, Volume 2** Carroll D.
