Marriage Under Siege:

Marriage Under Siege Anne O'Brien, 2012-08-03 Anne O'Brien has joined the exclusive club of excellent historical novelists Sunday Express Will you hold the castle for me lady in my name He does not know me He does not trust me

Marriage Under Siege Douglas A. Lawton, 2009-01 Discussed are some of the issues that threaten marriage life as well as the consequences of dysfunctional marriage relationships The work is written in a sensitive and practical way

Marriage Under Attack Conrad Riker, 101-01-01 Are you tired of feeling like a second class citizen in your own marriage Do you feel like traditional values are under siege Are you struggling to maintain your role as a leader and protector in a world that seems to demonize masculinity Have you watched as the sanctity of marriage has been eroded by feminist ideologies that promote easy exits and disposable relationships This book is for you It's a no holds barred exploration of how feminism has systematically dismantled the pillars of marriage and traditional gender roles leaving men confused disempowered and dispossessed Here's what you'll gain A clear understanding of how feminism has attacked traditional masculinity and why it matters Insight into the rise of no fault divorce and its devastating impact on families The truth about the myth of absolute gender equality and why it's a dangerous lie A deep dive into the consequences of single motherhood and why it's a feminist sponsored disaster The real story behind the assault on fatherhood and why men are more important than ever A critique of the feminist push for women to prioritize careers over family and the fallout for society A look at how feminism has normalized male disposability and what it means for you Practical strategies for reclaiming your role as a leader and protector in your marriage If you want to take back control of your marriage restore traditional values and defend your masculinity in a world that seems determined to strip it away then buy this book today It's time to fight back against the feminist assault on marriage and reclaim your rightful place as a man

Same Sex Couples - Comparative Insights on Marriage and Cohabitation Macarena Sáez, 2015-05-06 This book shows six different realities of same sex families They range from full recognition of same sex marriage to full invisibility of gay and lesbian individuals and their families The broad spectrum of experiences presented in this book share some commonalities in all of them legal scholars and civil society are moving legal boundaries or thinking of spaces within rigid legal systems for same sex families to function In all of them there have been legal claims to recognize the existence of same sex families The difference between them lies in the response of courts Regardless of the type of legal system when courts have viewed claims of same sex couples and their families as problems of individual rights they have responded with a constitutional narrative protecting same sex couples and their families When courts respond to these claims with rigid concepts of what a family is and what marriage is as if legal concepts were unmodifiable same sex couples have remained outside the protection of the law Until forty years ago marriage was the only union considered legitimate to form a family Today more than 30 countries have granted rights to same sex couples including several that have opened up marriage to couples of the same sex Every day there is a new bill being discussed or a

new claim being brought to courts seeking formal recognition of same sex couples Not all countries are open to changing their legal structures to accommodate same sex couples but even those with no visible changes are witnessing new voices in their communities challenging the status quo and envisioning more flexible legal systems

The One Year Marriage: A Formula for Enduring Love G. Stephen Renfrey Ph. D.,G. Stephen Renfrey,2012 Why is it that marriage so often fails to live up to its potential Is it possible to retain personal sovereignty and freedom in a secure committed union Is there a way to make love and respect last a lifetime The One Year Marriage addresses these and other critical questions about our most important and intimate of relationships marriage The One Year Marriage promises to challenge your ideas about commitment and marriage It lends insight into what often goes wrong in modern relationships and provides a formula to help you nurture a union that is deeply fulfilling has abiding integrity and holds the greatest promise to endure This book is bound to provoke thought and controversy within and between the genders From that alone you may learn more than you d hoped for

Building a Christian Marriage Kathleen Finley,2006-03-01 Good marriages are built by men and women committed to sharing a healthy satisfying relationship Finley an authority in the dynamics of Christian marriage offers a tool kit of strategies for marriage partners that will strengthen their skills and understanding in eleven crucial areas self esteem intimacy personal maturity family systems communication gender roles sexuality money and work spirituality parenthood and fidelity Finley provides an understanding of marriage that is rooted in faith faith that gives couples energy for their daily lives strength for the hard times and a vision of what they are called to become

Legal Recognition of Same-Sex

Partnerships Robert Wintemute,Mads Andenas,2001-10-23 Should same sex couples be permitted to marry Or should a separate institution of registered partnership or civil union be created for them Or should the rights and duties of unmarried different sex couples be extended to them Should they be allowed to adopt each other s children or jointly adopt an unrelated child How should they be treated with regard to employment social security pensions housing immigration taxation inheritance and divorce These questions are being debated around the world as lesbian gay bisexual and transgendered persons increasingly but not uniformly insist that they cannot be truly equal without equal treatment for the loving and lasting relationships they form with their partners In Legal Recognition of Same Sex Partnerships an international team of scholars examines both theoretical issues and the wide variety of legal developments in the United States Canada Brazil thirteen European countries Israel South Africa India Japan China Australia and New Zealand as well as under European Community and European Convention law and United Nations human rights law

Generational IQ for the Workplace

and Home Collection Haydn Shaw,2016-10-01 This collection bundles 2 of popular author Haydn Shaw s books together in one e book for a great value Sticking Points This is the first time in American history that we have had four different generations working side by side in the workplace the Traditionalists born before 1945 the Baby Boomers born 1945 1964 Gen X born 1965 1980 and the Millennials born 1981 2001 Haydn Shaw popular business speaker and generational expert

has identified 12 places where the 4 generations typically come apart in the workplace and in life as well. These sticking points revolve around differing attitudes toward managing one's own time, texting, social media, organizational structure, and of course clothing preferences. If we don't learn to work together and stick together around these 12 sticking points, then we'll be wasting a lot of time fighting each other instead of enjoying a friendly and productive team. *Sticking Points* is a must-read book that will help you understand the generational differences you encounter while teaching how we can learn to speak one another's language and get better results together.

Generational IQ Why is my daughter drifting from God? Why can't I explain my life choices to my parents? When will my son get a real job? Within the last several decades, the world has shifted dramatically. The cracks of this fundamental shift appear everywhere in our economy, in our cultural debates, in our political landscape, and most important, in our churches. The problem is we tend to overreact to these changes, fearing that Christianity is dying. We need better Generational IQ so we can respond to the changes but not be terrified by them. We need a wise generational coach. Haydn Shaw is that generational expert showing us the roots of this generational shift and how it affects every one of us. Each generation, whether it's the aging Boomers or the young Millennials, approaches God with a different set of questions and needs based on the times in which they grew up. Haydn walks you through these generational differences and paints a vision of hope for the future.

Guard Your Heart Gary Rosberg, Barbara Rosberg, 2003 As a key book in the Divorce Proof America's Marriages campaign, this revised edition can equip couples to practice guarding love and in doing so protect their marriages.

Marriage's Unfair Deal Conrad Riker, 101-01-01 Are You Ready to Protect Yourself in a World Where Marriage Favors Women? Do you feel like marriage is a financial trap for men? Are you tired of being told to embrace vulnerability while society shames your strength? Do you want to know how to safeguard your future without falling victim to biased laws? This book is your guide to understanding the harsh realities of modern marriage and how to navigate them. Inside this book, discover why prenuptial agreements are essential for men in today's legal landscape. Learn how marriage laws have historically favored women and what it means for you. Uncover the truth about gender equality myths and their impact on relationships. See how feminism's alliance with Marxism has reshaped societal norms to disadvantage men. Explore the devastating effects of false allegations and how to protect yourself. Understand the hidden costs of gender quotas and their impact on meritocracy. Get insights into the overlooked consequences of abortion on men. Find out how to reclaim masculinity and stand up against misandry in a biased world. If you want to take control of your future, protect your assets, and understand the real dynamics of modern relationships, then buy this book today.

Marriage Equality William N. Eskridge, Jr., Christopher R. Riano, 2020-08-18 The definitive history of the marriage equality debate in the United States, praised by Library Journal as beautifully and accessibly written. An essential work. As a legal scholar who first argued in the early 1990s for a right to gay marriage, William N. Eskridge Jr. has been on the front lines of the debate over same-sex marriage for decades. In this book, Eskridge and his coauthor Christopher R. Riano offer a panoramic and definitive history of America's

marriage equality debate The authors explore the deeply religious rabidly political frequently administrative and pervasively constitutional features of the debate and consider all angles of its dramatic history While giving a full account of the legal and political issues the authors never lose sight of the personal stories of the people involved or of the central place the right to marry holds in a person's ability to enjoy the dignity of full citizenship This is not a triumphalist or one-sided book but a thoughtful history of how the nation wrestled with an important question of moral and legal equality

Culture and Human Development Jaan Valsiner, 2000-01-19 This major new textbook by Jaan Valsiner focuses on the interface between cultural psychology and developmental psychology Intended for students from undergraduate level upwards the book provides a wide ranging overview of the cultural perspective on human development with illustrations from pre natal development to adulthood A key feature is the broad coverage of theoretical and methodological issues which have relevance to this truly interdisciplinary field of enquiry encompassing developmental psychology cultural anthropology and comparative sociology The text is organized into five coherent parts Part 1 Developmental theory and methodology Part 2 Analysis of environments for human development Part 3 Cultural organization of pregnancy and infancy Part 4 Early childhood development and Part 5 Entering the world of activities culturally ruled

Fractured Generations Allan C. Carlson, Fifty years ago the phrase family policy was rarely heard in America Individual states maintained laws governing marriage divorce education inheritance and child protection which regulated the formation childrearing practices and dissolution of families However these scattered policy issues were not seen as closely related Until the 1960s the nuclear family was an institution that was part of the natural life course expected of most adults Family meant marriage children the establishment of a home care of the elderly but perhaps most of all bonding of the generations As early as the 1840s certain elements of states policies hinted at a weakening family structure but not until the 1960s was the family openly attacked Feminists objected to a male oriented home economy demographers encouraged negative population growth the sexual revolution was on the rise and religiously grounded morality in public life was challenged in the federal courts Married couples with children had to shoulder a larger tax burden further discouraging people from building and maintaining families Perhaps because family was so central to the founders lives they found no need to mention it in the Constitution But today generational bonds have fractured while family policy is a paramount public concern As Allan Carlson makes clear no nation can progress or even survive without a durable family system Contemporary family policy represents an attempt to counter the negative forces of the last four decades so as to restore the natural family to its necessary place in American life Fractured Generations chapters follow the life course of the human family marriage the birth of children infant and toddler care schooling building a home crafting a durable family economy and elder care This is a passionate and well reasoned appeal for a return to the institution that is the last best hope for America's future the family No social institution is more vital to the perpetuation of civilized life than the family Yet few institutions have suffered more from the relentless incursions of modernity than the

family And no field of contemporary scholarship has been more politicized and debased than the study of the family These three facts taken together explain why Allan Carlson s humane voice and his contribution to our national life is so rare and so valuable He is our most persuasive advocate for the natural family one of the few scholars willing to approach the subject with an unapologetically normative view For him the family is rightly regarded as the nexus of the profoundest of human experiences marriage sexuality procreation childrearing home life home economics and the care of the elderly Fractured Generations is not only a succinct defense of that view but a meaty compilation of particular policy initiatives that can begin to restore the strength and dignity of the natural family and give it the tools to defend itself It should be read by everyone who cares about the future of the family Wilfred M McClay University of Tennessee at Chattanooga A welcome and provocative book of thoughtfully revisionist history and wise prescriptions by an honest learned man of the Midwest Fractured Generations points the way to a family policy rooted in healthy tradition American liberty and human scale community Bill Kauffman author of Dispatches from the Muckdog Gazette Fractured Generations is an insightful and provocative account of the history and future of family policy in the United States Written by one of the wisest observers of the family in America this book offers timely analyses of topics such as social security income tax policy and family planning This book is required reading for academics journalists and policymakers interested in the family W Bradford Wilcox Department of Sociology University of Virginia and author of Soft Patriarchs New Men How Christianity Shapes Fathers and Husbands Allan Carlson is the best writer and thinker on family and society His essays are always a must read for anyone concerned about the family be they liberal to know the strength of their opposition or conservative to be led deeper and deeper in an always enjoyable way With the years his already vast knowledge increases and his insights become more and more unassailable In Fractured Generations he continues and refines his work his tradition and concludes with a list of public policy proposals that every Congressman and Senator should have in pocket card form next to his or her heart Patrick F Fagan The Heritage Foundation Allan Carlson is an economist deeply immersed in the complexities of social history and public policy Agree or disagree his work always provokes and illumines His recommendations for family friendly social policy are stated clearly and defended vigorously Anyone with an interest in marriage families and public policy will find Carlson s latest worthy of careful consideration Let the debate begin Jean Bethke Elshtain author of Jane Addams and the Dream of American Democracy Allan Carlson is president of the Howard Center for Family Religion and Society in Rockford Illinois and distinguished fellow in family policy studies at Family Research Council He is the author of The Swedish Experiment in Family Politics Family Questions and The Family in America all available from Transaction Conquering The Invisible Enemies of Marriage Kelechi Cole, Do You Sense Unseen Forces Working Against Your Marriage Are You Tired of Constant Misunderstandings and Emotional Distance Ready to Expose and Defeat the Demonic Powers Attacking Your Union If your marriage feels like a battleground instead of a safe haven constantly under pressure filled with confusion or surrounded by

strife without clear reason then this book is the spiritual key you've been waiting for Conquering the Invisible Enemies of Marriage reveals the hidden spiritual attacks sabotaging marital harmony and shows you how to dismantle them through targeted biblical warfare Satan's schemes against marriage are not random they are strategic Invisible enemies demonic spirits of division resentment infidelity and miscommunication often infiltrate homes to break the bond between husband and wife These powers sow discord subtly manipulating emotions situations and even thoughts until love turns cold and unity shatters But you don't have to let your marriage be destroyed This book will guide you to uncover the true source of marital warfare and empower you with dangerous prayers and spiritual strategies to restore love peace and divine order in your home Inside you will discover Clear revelation of the spiritual forces that attack marriages and how they gain access Deliverance strategies to break the influence of demonic manipulation in your relationship Powerful warfare prayers designed to protect your covenant and blind the enemy Practical tools for building spiritual walls around your home through unity prayer and forgiveness This is more than a marriage book it's a battle plan Whether you're trying to save your marriage or strengthen it for the future Conquering the Invisible Enemies of Marriage is your spiritual arsenal for reclaiming what God joined together Take the first step toward healing and divine protection rise up fight back and let this book lead you and your spouse into victory over every invisible adversary threatening your union It Takes a Family Rick Santorum, 2023-10-03

Among politicians of national stature today there is perhaps none more respected as a principled conservative than Rick Santorum In It Takes a Family Conservatism and the Common Good Santorum articulates the humane vision that he believes must inform public policy if it is to be effective and just An appreciation for the civic bonds that unite a community lies at the heart of genuine conservatism Moreover Santorum demonstrates how such an approach to political social and economic problems offers the most promise for those on the margin of life the poor the vulnerable and minorities who have often been excluded from opportunity in America Santorum argues that conservative statesmanship is animated by a sense of stewardship for an inheritance But what do we inherit as Americans And how can we be good stewards of that inheritance Building on Robert Putnam's discussion of social capital the habits of association and trust that are the preconditions of any decent society Santorum assesses how well in the past generation Americans have cared for the fabric of society He explores in detail various dimensions of social and cultural connection that are the foundation of the common good And he presents innovative policy proposals for the renewal of American society at all levels Throughout his book Santorum emphasizes the central role of the family in contradistinction to the metaphorical village of the federal government as promoted by Hillary Clinton in achieving the common good With a sustained argument touching on first principles throughout this ambitious and original book is a major contribution to contemporary political debate It Takes a Family further establishes Santorum as the leader of reform minded civic conservatives in America **Traits of Mankind** James E. Tague, 2016-10-21 Using letters of the alphabet the author examines the various traits that mankind possesses to some degree Created with an infinite

uniqueness these traits are woven into the very fabric of our being It is a greater part of our humanity and directly controlled by Gods gift of free will Human traits with all their power and splendor are the very formation of mankind but what each of us does with these traits becomes the sum of our existence **Gaylaw** William N. ESKRIDGE, William N

Eskridge, 2009-06-30 This book provides a comprehensive analysis of the legal issues concerning gender and sexual nonconformity in the United States Part One which covers the years from the post Civil War period to the 1980s is a history of state efforts to discipline and punish the behavior of homosexuals and other people considered to be deviant During this period such people could get by only at the cost of suppressing their most basic feelings and emotions Part Two addresses contemporary issues Although it is no longer illegal to be openly gay in America homosexuals still suffer from state discrimination in the military and in other realms and private discrimination and violence against gays is prevalent William Eskridge presents a rigorously argued case for the sexualization of the First Amendment showing why for example same sex ceremonies and intimacy should be considered expressive conduct deserving the protection of the courts The author draws on legal reasoning sociological studies and history to develop an effective response to the arguments made in defense of the military ban The concluding part of the book locates the author s legal arguments within the larger currents of liberal theory and integrates them into a general stance toward freedom gender equality and religious pluralism Singleness and

Marriage after Christendom Lina Toth, 2021-07-28 Momentous change is taking place in Western societies and churches Singleness is on the rise along with growing interest in different pathways to human happiness However we still largely consider coupledness as the norm and a symbol of the good life This is especially true in the Christian context where the decline of traditional marriage and family patterns is often presented as an erosion of the Christian way of living Yet when the church was very young the world was also very concerned with the demise of traditional family ways but the culprits accused of destroying family values were none other than Christians A considerable number of them willingly chose to forego marriage embracing Jesus s vision of a new kind of a family the church This book follows the changes in the practice of marriage and singleness from those early days of the Christian movement to our modern preoccupation with romance and coupledness as essential ingredients of a happy fulfilled life It argues that the current surge in the number of single people is actually an opportunity for us to reconsider both singleness and marriage in the larger context of a community of faith

The Family in America Robert McC. Adams, 2017-07-12 The Family in America offers a fresh interpretation of American social history emphasizing the vital role of the family and household autonomy and threats to both imposed by industrial organization and the state Allan Carlson shows that the United States rather than being born modern as a progressive consumerist society was in fact founded as an agrarian society composed of independent households rooted in land lineage and hierarchy Carlson argues that family survival continues to be of paramount importance today He critically examines five distinct strategies to restore a foundation for family life in industrial society drawing on the insights of Frederic LePlay Carle

Zimmerman and G K Chesterton Carlson shows that family survival depends on the creation of meaningful pre modern household economies This new edition includes an introduction by Allan Carlson detailing the continued press of the industrial process onto the American family structure since initial publication of the book in 1993 **How To Find Happiness in Marriage** Kwabena Osei, A marriage is a sacred institution It was established through the plural excellence of wisdom by the power behind the entire Existence A marriage is a life time investment to be cultivated in the value of offspring It is an in depth companionship to assist each other to accomplish individual s sacred mission to be fulfilled in life It is meant to add values to the life of mankind for the benefit of the entire Existence A valueless marriage is a time trapped and obviously deprives mankind from its desirable happiness The Heaven is on the earth Such a heaven is attainable in a marriage which is governed by the innocence unconditional love the sense of justice care respect and trust Any marriage lacking these divine qualities is running on the wheels of the Ego s mindset Such a marriage is a lifeless marriage It is a lunatic trend Eventually it gives birth to deceptions This precious book how to find happiness in marriage is meant to enlighten mankind to acknowledge the meaningful manner through which a perfect peace and everlasting prosperity alike happiness is attainable in marriage

Eventually, you will totally discover a extra experience and achievement by spending more cash. still when? complete you agree to that you require to acquire those all needs afterward having significantly cash?
