The American Novel After Ideology, 1961-2000 Laurie Rodrigues, 2020-12-10 Claims of ideology's end are on the one hand performative denials of ideology's inability to end while on the other hand paradoxically they also reiterate an idea that ending is simply what all ideologies eventually do Situating her work around the intersecting publications of Daniel Bell's *The End of Ideology* 1960 and J D Salinger's *Franny and Zooey* 1961 Laurie Rodrigues argues that American novels express this paradox through nuanced applications of non realist strategies distorting realism in manners similar to ideology's distortions of reality history and belief Reflecting the astonishing cultural variety of this period *The American Novel After Ideology* 1961 2000 examines *Franny and Zooey* Carlene Hatcher Polite's *The Flagellants* 1967 Leslie Marmon Silko's *Almanac of the Dead* 1991 and Philip Roth's *The Human Stain* 2001 alongside the various discussions around ideology with which they intersect Each novel's plotless narratives dissolving subjectivities and cultural codes organize the texts peculiar relations to the post

ideological age suggesting an aesthetic return of the repressed

Clotel William Wells Brown, 2016-05-02 As nearly all of its reviewers pointed out Clotel was an audience minded performance an effort to capitalize on the post Uncle Tom's Cabin mania for abolitionist fiction in Great Britain where William Wells Brown lived between 1849 and 1854 The novel tells the story of Clotel and Althesa the fictional daughters of Thomas Jefferson and his mixed race slave Like the popular and entertaining public lectures that Brown gave in England and America Clotel is a series of startling attention grabbing narrative attractions Brown creates in this novel a delivery system for these attractions in an effort to draw as many readers as possible toward anti slavery and anti racist causes Rough studded with caricatures and intimate with the racism it ironizes Clotel is still capable of creating a potent mix of discomfort and delight This edition aims to make it possible to read Clotel in something like its original cultural context Geoffrey Sanborn's Introduction discusses Brown's extensive plagiarism of other authors in composing Clotel as well as his narrative strategies within the novel itself Appendices include material on slave auctions contemporary attractions and

amusements and the topic of plagiarism more broadly **Reaping Something New** Daniel Hack, 2019-11-12 How African American writers used Victorian literature to create a literature of their own Tackling fraught but fascinating issues of cultural borrowing and appropriation this groundbreaking book reveals that Victorian literature was put to use in African American literature and print culture in the nineteenth and early twentieth centuries in much more intricate sustained and imaginative ways than previously suspected From reprinting and reframing *The Charge of the Light Brigade* in an antislavery newspaper to reimagining *David Copperfield* and *Jane Eyre* as mixed race youths in the antebellum South writers and editors transposed and transformed works by the leading British writers of the day to depict the lives of African Americans and advance their causes Central figures in African American literary and intellectual history including Frederick Douglass Frances Ellen Watkins Harper Charles Chesnutt Pauline Hopkins and W E B Du Bois leveraged Victorian literature and this history of engagement itself to claim a distinctive voice and construct their own literary tradition In bringing these transatlantic transfigurations to light this book also provides strikingly new perspectives on both canonical and little read works by Charles Dickens George Eliot Tennyson and other Victorian authors The recovery of these works African American afterlives illuminates their formal practices and ideological commitments and forces a reassessment of their cultural impact and political potential Bridging the gap between African American and Victorian literary studies *Reaping Something New* changes our understanding of both fields and rewrites an important chapter of literary history *The Mulatta and the Politics of Race* Teresa C. Zackodnik, 2009-09-18 From abolition through the years just before the civil rights struggle began African American women recognized that a mixed race woman made for a powerful and at times very useful figure in the battle for racial justice *The Mulatta and the Politics of Race* traces many key instances in which black women have wielded the image of a racially mixed woman to assault the color line In the oratory and fiction of black women from the late 1840s through the 1950s Teresa C Zackodnik finds the mulatta to be a metaphor of increasing potency Before the Civil War white female abolitionists created the image of the tragic mulatta caught between races rejected by all African American women put the mulatta to diverse political use Black women used the mulatta figure to invoke and manage American and British abolitionist empathy and to contest racial stereotypes of womanhood in the postbellum United States The mulatta aided writers in critiquing the New Negro Renaissance and gave writers leverage to subvert the aims of mid twentieth century mainstream American culture *The Mulatta and the Politics of Race* focuses on the antislavery lectures and appearances of Ellen Craft and Sarah Parker Remond the domestic fiction of Pauline Hopkins and Frances Harper the Harlem Renaissance novels of Jessie Fauset and Nella Larsen and the little known 1950s texts of Dorothy Lee Dickens and Reba Lee Throughout the author discovers the especially valuable and as yet unexplored contributions of these black women and their uses of the mulatta in prose and speech Teresa C Zackodnik is a professor of English at the University of Alberta in Canada
