Perverse Spectators:

Perverse Spectators Janet Staiger, 2000-07-01 Film and television have never been more prevalent or watched than they are now yet we still have little understanding of how people process and make use of what they see And though we acknowledge the enormous role the media plays in our culture we have only a vague sense of how it actually influences our attitudes and desires In *Perverse Spectators* Janet Staiger argues that studying the interpretive methods of spectators within their historical contexts is both possible and necessary to understand the role media plays in culture and in our personal lives This analytical approach is applied to topics such as depictions of violence the role of ratings codes the horror and suspense genre historical accuracy in film and sexual identities and then demonstrated through works like *JFK* *The Silence of the Lambs* *The Texas Chain Saw Massacre* *Psycho* and *A Clockwork Orange* Each chapter shows a different approach to reconstructing audience responses to films consistently and ingeniously finding traces of what would otherwise appear to be unrecoverable information Using vivid examples charting key concepts and offering useful syntheses of long standing debates *Perverse Spectators* constitutes a compelling case for a reconsideration of the assumptions about film reception which underlie contemporary scholarship in media studies Taking on widely influential theories and scholars *Perverse Spectators* is certain to spark controversy and help redefine the study of film as it enters the new millennium

Perverse Spectators Janet Staiger, 2000-07 The thesis of this collection of a dozen essays written by Staiger communication U of Texas Austin since *Interpreting Films Studies in the Historical Reception of American Cinema* 1992 is that contextual factors more than textual ones account for viewers' perverse i e negotiated experience of films The essays are organized by the themes of historical theory and reception studies interpretation and Hollywood film history interpretation and identity theory and interpretation and representation of the real Featured films are *A Clockwork Orange* *The Silence of the Lambs* and *The Return of Martin Guerre* c Book News Inc *Characters in Fictional Worlds* Jens Eder, Fotis Jannidis, Ralf Schneider, 2010 Although fictional characters have long dominated the reception of literature films television programs comics and other media products only recently have they begun to attract their due attention in literary and media theory The book systematically surveys today's diverse and at times conflicting theoretical perspectives on fictional character spanning research on topics such as the differences between fictional characters and real persons the ontological status of characters the strategies of their representation and characterization the psychology of their reception as well as their specific forms and constellations in and across different media from the book to the internet *Hollywood Incoherent* Todd Berliner, 2010-10-01 In the 1970s Hollywood experienced a creative surge opening a new era in American cinema with films that challenged traditional modes of storytelling Inspired by European and Asian art cinema as well as Hollywood's own history of narrative ingenuity directors such as Martin Scorsese Robert Altman William Friedkin Stanley Kubrick Woody Allen and Francis Ford Coppola undermined the harmony of traditional Hollywood cinema and created some of the best movies

ever to come out of the American film industry Critics have previously viewed these films as a response to the cultural and political upheavals of the 1970s but until now no one has explored how the period's inventive narrative design represents one of the great artistic accomplishments of American cinema In *Hollywood Incoherent* Todd Berliner offers the first thorough analysis of the narrative and stylistic innovations of seventies cinema and its influence on contemporary American filmmaking He examines not just formally eccentric films *Nashville* *Taxi Driver* *A Clockwork Orange* *The Godfather Part II* and the films of John Cassavetes but also mainstream commercial films including *The Exorcist* *The Godfather* *The French Connection* *Willy Wonka & the Chocolate Factory* *Dog Day Afternoon* *Chinatown* *The Bad News Bears* *Patton* *All the President's Men* *Annie Hall* and many others With persuasive revisionist analyses Berliner demonstrates the centrality of this period to the history of Hollywood's formal development showing how seventies films represent the key turning point between the storytelling modes of the studio era and those of modern American cinema [News Parade](#) Joseph

Clark, 2020-05-19 A fascinating look at the United States' conflicted relationship with news and the media through the lens of the newsreel When weekly newsreels launched in the early twentieth century they offered the U.S. public the first weekly record of events that symbolized indisputable evidence of the news In *News Parade* Joseph Clark examines the history of the newsreel and how it changed the way Americans saw the world He combines an examination of the newsreel's methods of production distribution and reception with an analysis of its representational strategies to understand the newsreel's place in the history of twentieth-century American culture and film history Clark focuses on the sound newsreel of the 1930s and 1940s arguing that it represents a crucial moment in the development of a spectacular society where media representations of reality became more fully integrated into commodity culture Using several case studies including the newsreel's coverage of Charles Lindbergh's transatlantic flight and the Sino-Japanese War *News Parade* shows how news film transformed the relationship between its audience and current events as well as the social and political consequences of these changes It pays particular attention to how discourses of race and gender worked together with the rhetoric of speed mobility and authority to establish the power and privilege of newsreel spectatorship In the age of fake news and the profound changes to journalism brought on by the internet *News Parade* demonstrates how new technologies and media reshaped the American public's relationship with the news in the 1930s a history that can help us to better understand the transformations happening today

The Anthem Handbook of Screen Theory Hunter Vaughan, Tom Conley, 2018-07-30 *The Anthem Handbook of Screen Theory* offers a unique and progressive survey of screen theory and how it can be applied to a range of moving image texts and sociocultural contexts Focusing on the handbook angle the book includes only original essays from established authors in the field and new scholars on the cutting edge of helping screen theory evolve for the twenty-first century vistas of new media social shifts and geopolitical change This method guarantees a strong foundation and clarity for the canon of film theory while also situating it as part of a larger genealogy of art theories and critical thought and reveals

Film and Sexual Politics Kylo-Patrick R. Hart, 2009-01-14 *Film and Sexual Politics* A Critical Reader features a variety of noteworthy critical essays that explore the evolution representation and social construction of sex gender and sexual orientation from the early days of cinema to the early twenty first century This collection investigates the complex relations between film form style and sexual politics past and present as well as the ideological and social ramifications of those relations for the lived realities of individuals in the United States over the course of the twentieth century and beyond Contrary to popular perceptions of films as relatively simplistic forms of entertainment the essays in this collection demonstrate clearly how the act of producing meaning through the use of cinematic verbal and visual signs is far from a simple process with negligible historical consequences This book offers insightful and satisfying reading to established and emerging scholars who explore film history theory and criticism as well as to all readers with a general interest in film history and the effects of cinema on individuals and popular culture The range of films analyzed includes *Being John Malkovich* *Citizen Kane* *Elizabeth* *Female Perversions* *From Here to Eternity* *Gidget* *The Incredible Shrinking Man* *Jackass the Movie* *The Matrix* *Maurice* *My Own Private Idaho* *Porcile* *The Road to Ruin* and *Wilde*

Interactive Cinema Marina Hassapopoulou, 2024-06-25 Connecting interactive cinema to media ethics and global citizenship Interactive Cinema explores various cinematic practices that work to transform what is often seen as a primarily receptive activity into a participatory multimedia experience Surveying a multitude of unorthodox approaches throughout the history of motion pictures Marina Hassapopoulou offers insight into a range of largely ephemeral and site specific projects that consciously assimilate viewers into their production Analyzing examples of early cinema Hollywood B movies museum and gallery installations virtual reality experiments and experimental web based works Hassapopoulou travels across numerous platforms highlighting a diverse array of strategies that attempt to unsettle the allegedly passive spectatorship of traditional cinema Through an exploration of these radically inventive approaches to the medium many of which emerged out of sociopolitical crises and periods of historical transition she works to expand notions of interactivity by considering it in both technological and phenomenological terms Deliberately revising and expanding Eurocentric scholarship to propose a much broader transnational scope the book emphasizes the ethical dimensions of interactive media and their links to larger considerations around community building citizenship and democracy By combining cutting edge theory with updated conventional film studies methodologies Interactive Cinema presses at the conceptual limits of cinema and offers an essential road map to the rapidly evolving landscape of contemporary media

Categorically Famous Guy Davidson, 2019-06-18 The first sustained study of the relations between literary celebrity and queer sexuality Categorically Famous looks at the careers of three celebrity writers James Baldwin Susan Sontag and Gore Vidal in relation to the gay and lesbian liberation movement of the 1960s While none of these writers came out in our current sense all contributed through their public images and their writing to a greater openness toward homosexuality that was an important precondition of liberation Their fame was crucial for instance to the growing conception of homosexuals as an oppressed minority rather than as individuals with a psychological problem Challenging scholarly orthodoxies Guy Davidson urges us to rethink the usual opposition to liberation and to gay and lesbian visibility within queer studies as well as standard definitions of celebrity The conventional ban on openly discussing the homosexuality of public figures meant that media reporting at the time did not focus on his protagonists private lives At the same time the careers of these semi visible gay celebrities should be understood as a crucial halfway point between the era of the open secret and the present day post liberation era in which queer people celebrities very much included are enjoined to come out
