Lima, 1989 **What Was Lost** Melissa Connelly, 2025-07-30 Reminiscent of Hello Beautiful and The Lying Life of Adults this powerful narrative delves into social changes from 1970 to 2000 and captures a woman s journey in a pre MeToo era via the tale of a mother who returns to her hometown to face the perpetrator of her childhood abuse When a young girl feels complicit in her own abuse how does that thwart her attempts to build a happy life as an adult woman When disturbing memories begin to surface Marti returns to the small Vermont town she ran away from thirty years ago to face her demons She drags her unwitting teenage daughter along on the journey heightening already existing tension between mother and daughter But Marti is determined to achieve what she s returned home for forgiveness for lies told and revenge for secrets held Exploring the vast social changes that took place between 1970 and 2000 and turning a critical eye on times before language such as MeToo helped give voice to these all too common occurrences What Was Lost is a raw powerful tale of one woman confronting the ghosts of her past *Something about the Author*, 1995 A collection of autobiographical essays written by prominent authors and illustrators of books for children and young adults

Mollie Is Three Vivian Gussin Paley, 2010-07-19 A classic work by an educator the New York Times said should be required reading wherever children are growing Mollie Is Three describes a year in the life of a little girl and her preschool classmates in a nursery school classroom run by Vivian Gussin Paley whose groundbreaking ideas about the best way to teach young children continue to be influential today We first encounter Mollie on the first day of school just before her third birthday and we follow her and her classmates for the next year Alongside her we go from confusion and uncertainty in new surroundings to growing understanding and confidence as patterns emerge and Mollie begins to grasp their significance and her teacher begins to understand how to track her growth and development Rather than offer an account of an idealized all but imaginary child Paley presents us with one actual kid in all their complexity and confusion The result is a landmark contribution to our understanding of child development and the role early education can play in fostering it

Alva and Gunnar Myrdal in Sweden and America, 1898-1945 Walter A. Jackson, 2021-05-17 Alva and Gunnar Myrdal are the only couple ever awarded Nobel prizes as individuals Gunnar won the prize in Economics in 1974 and Alva won the Peace Prize in 1982 This dual biography examines their work as architects of the modern welfare state and probes the connections between the public and private dimensions of their lives Drawing on their extensive personal correspondence and diaries between their electrifying first meeting in 1919 and their protracted marital crisis in the early 1940s this book presents the psychologist and the economist as they sought to combine love and work in an equal partnership Alva and Gunnar simultaneously experimented with a new kind of intimate relationship and designed the social supports necessary for women both to bear and raise children and to contribute their talents and energies to society Like all genuine revolutionaries they struggled to free themselves from the burdens of their upbringings to evaluate their own actions with what they called unsparing honesty and to test their policy recommendations in practice measuring everything against the values they shared
