

Richard Nixon was an evil man - evil in a way that only those who believe in the physical reality of the Devil can understand it. He was utterly without ethics or morals or any bedrock sense of decency.

## **Reality Of The Devil Evil In Man:**

**The Reality of the Devil** Ruth Nanda Anshen, 1974 The Devil has stalked the imagination of Western man as the personification of Evil and The Reality of the Devil is an acutely perceptive study of the satanic condition Dr Anshen's book rids us of devilish misconceptions leading us to perceive Satan as a great power in his own realm a realm in which he is deadly serious in his effort to save and preserve the individual personality at any cost To opt for God however precludes the utter loneliness guaranteed by alliance with the Devil There is greatness on both sides says the author the choice is ours

**REVIVAL OF ADVAITA, YOGA AND PANTHEISM IN AMERICA** Dr. George Joseph K PhD, 2015-12-10 There are reasonable symptoms of the weakening of the church and Christian faith in the USA and thereby the silent death American

democracy and American Empire The vacuum created in the American mind by the secular humanism anti supernatural liberal theology and godless philosophies have prepared the fertile ground for the silent take over of USA by Islam Hinduism Advaita and yoga New Age religion legitimizes almost anything in the name of religion There is an explosion of sorcery The absolutely unwise philosophies like all is one man is God etc become widely accepted among the people New age psychology rejects the supernatural and God of the Bible but accepts the paranormal miracles of devil When the people begin to love the lie and hate the truth the future is bleak A strong democratic America would guarantee a better world But what if the whole nation is hypnotized into paranormal and abnormal by secular spiritualities **HOW AMERICA BECAME**

**ANTI-CHRISTIAN AND SELF-DESTRUCTIVE** Dr. George Joseph K PhD,2015-12-10 The American dream of a free world will be defeated if Christianity will be defeated in USA USA cannot survive unless the current perceptions of freedom and secularism undergo a drastic change There is freedom to promote almost everything except the Christian truth Ten Commandments are banned But yoga is promoted at all levels This kind of selective discrimination against the truth will destroy the very foundations of any society Strange motivations of the anti supernatural secularist lobby in the governmental institutions and their complicity in side lining Christian faith cannot be ruled out Thus ironically the undefeatable America tends to defeat itself In its rejection of Christian truth and values USA made truth a lie and the lie a truth If the current trends of self hatred of Christian faith by higher criticism and liberal theology and destruction of churches continue in 20 years USA will be overrun by the values and culture of Hinduism and Islam And USA will go down in history as the most powerful empire which had the best values in its custody since the days of its foundation but subjected itself to a silent death executed by its experts and enjoyed by its people who went after thrillers fantasies romances and other vain imaginations neglecting the truth Remember it was the hatred to Christian values that instigated the anti supernatural liberal theology from within and without the church which ultimately resulted in the Nazi Holocaust Beware when the Christian faith and values are suppressed the very survival of the societies at large is endangered This is the lesson of the entire world history

**Understanding, 1930-1954** Hannah Arendt, 2011-04-13 Few thinkers have addressed the political horrors and ethical complexities of the twentieth century with the insight and passionate intellectual integrity of Hannah Arendt. She was irresistibly drawn to the activity of understanding in an effort to endow historic political and cultural events with meaning. *Essays in Understanding* assembles many of Arendt's writings from the 1930s, 1940s, and into the 1950s. Included here are illuminating discussions of St. Augustine, existentialism, Kafka, and Kierkegaard; relatively early examinations of Nazism, responsibility, and guilt; and the place of religion in the modern world and her later investigations into the nature of totalitarianism that Arendt set down after *The Origins of Totalitarianism* was published in 1951. The body of work gathered in this volume gives us a remarkable portrait of Arendt's developments as a thinker and confirms why her ideas and judgments remain as provocative and seminal today as they were when she first set them down.
