

# Governmental Reform

- Edgar issued a new law code recognising the complexities of his multicultural realm and specifically applying equality to all: 'The measure is to be common to all men of the nation, whether Englishmen Danes or Britons, in the very province of my dominion, to the end that poor and rich men may possess what they rightly acquire'.
- Significantly it allowed the Danes to practise their own legal traditions. It would form the basis of law up to and beyond the conquest of 1066.
- The Cerdicynn education programme had by Edgar's reign resulted in a surge in literate clerks as shown by the efficient and uniform language of his charters in contrast to the florid unpredictability of Athelstan's.
- Edgar's government also produced the first nationally standardised currency, the 'reform small cross' penny made using state issued mints ensuring uniformity of currency (providing there was no debasement) boosting trade and inhibiting inflation.
