Realms Of Verse 1830-1870 English Poetry In A Time Of Nation Building:

The Realms of Verse 1830-1870 Matthew Reynolds, 2001 The poets of the mid nineteenth century lived in a time of nation building Bringing that political and intellectual context to life this text shows that the Italian Risorgimento raised questions about community and individual liberty which greatly influenced English poets working at this time **The Realms of Verse, 1830-1870** Matthew Reynolds, 2001 The poets of the mid nineteenth century lived in a time of nation building The Realms of Verse brings that political and intellectual context to life It shows that the Italian Risorgimento raised questions about community and individual liberty which were especially problematic for subjects of the multi national United Kingdom and argues that these questions are at the heart of the poetry of Robert and Elizabeth Browning Tennyson and Clough Their long poems characteristically tell stories about marriage investigating the symbolic and actual interactions between that personal union and national unity Their verse as a whole exploits correspondences between formal control and political government and is alert to its own role in fostering a common culture Historically detailed theoretically astute critically nimble and stylishly written The Realms of Verse is the most far reaching reassessment of Victorian poetry to have been published in recent years *Charity and Condescension* Daniel Siegel, 2012-04-22 Charity and Condescension explores how condescension a traditional English virtue went sour in the nineteenth century and considers how the failure of condescension influenced Victorian efforts to reform philanthropy and to construct new narrative models of social conciliation In the literary work of authors like Dickens Eliot and Tennyson and in the writing of reformers like Octavia Hill and Samuel Barnett condescension once a sign of the power and value of charity became an emblem of charity's limitations This book argues that despite Victorian charity's reputation for idealistic self assurance it frequently doubted its own operations and was driven by creative self critique Through sophisticated and original close readings of important Victorian texts Daniel Siegel shows how these important ideas developed even as England struggled to deal with its growing underclass and an expanding notion of the state's responsibility to its poor **Serial Revolutions 1848** Clare Pettitt, 2022-02-10 1848 was a pivotal moment not only in Europe but in much of the rest of the world too Marx's scornful dismissal of the revolutions created a historiography for 1848 that has persisted for more than 150 years Serial Revolutions 1848 shows how far from being the failure that Karl Marx claimed them to be the revolutions of 1848 were a powerful response to the political failure of governments across Europe to care for their people Crucially this revolutionary response was the result of new forms of representation and mediation until the ragged and the angry could see themselves represented and represented as a serial phenomenon such a political consciousness was impossible By the 1840s the developments in printing transport and distribution discussed in Clare Pettitt's Serial Forms The Unfinished Project of Modernity 1815-1848 Oxford University Press 2020 had made the social visible in an unprecedented way This print revolution led to a series of real and bloody revolutions in the streets of European cities The revolutionaries of 1848 had the

temerity to imagine universal human rights and a world in which everyone could live without fear hunger or humiliation If looked at like this the events of 1848 do not seem such poor incidents as Marx described them nor such an embarrassing failure after all Returning to 1848 we can choose to look back on that springtime of the peoples as a moment of tragicomic failure obliterated by the brutalities that followed or we can look again and see it as a proleptic moment of stored potential an extraordinary series of events that generated long distance and sustainable ideas about global citizenship international cooperation and a shared and common humanity which have not yet been fully understood or realised **Teaching**

Swinburne and the Singing Word** Dr Yisrael

Levin, 2013-04-28 Focusing on Algernon Charles Swinburne's later writings this collection makes a case for the seriousness and significance of the writer's mature work While Swinburne's scandalous early poetry has received considerable critical attention the thoughtful rich spiritually and politically informed poetry that began to emerge in his thirties has been generally neglected This volume addresses the need for a fuller understanding of Swinburne's career that includes his fiction aesthetic ideology and analyses of Shakespeare and the great French writers Among the key features of the collection is the contextualizing of Swinburne's work in new contexts such as Victorian mythography continental aestheticism positivism and empiricism Individual essays examine among other topics the dialect poems and Swinburne's position as a regional poet Swinburne as a transition figure from nineteenth century aesthetic writing to the professionalized criticism that dominates the twentieth century Swinburne's participation in the French literary scene Swinburne's friendships with women writers and the selections made for anthologies from the nineteenth century to the present Taken together the essays offer scholars a richer portrait of Swinburne's importance as a poet critic and fiction writer *Twentieth-Century Poetic Translation*

Daniela Caselli, Daniela La Penna, 2008-05-01 *Twentieth Century Poetic Translation* analyses translations of Italian and English poetry and their roles in shaping national identities by merging historical cultural and theoretical perspectives Focusing on specific case studies within the Italian English and North American literary communities spanning from authoritative translations of poets by poets to the role of dialect poetry and anthologies of poetry the book looks at the role of translation in the development of poetic languages and in the construction of poetic canons It brings together leading

scholars in the history of the Italian language literary historians and translators specialists in theory of translation and history of publishing to explore the cultural dynamics between poetic traditions in Italian and English in the twentieth century The Works of Elizabeth Barrett Browning Vol 1 Sandra Donaldson,Rita Patteson,Marjorie Stone,Beverly Taylor,Simon Avery,Cynthia Burgess,Clara Drummond,Barbara Neri,2024-12-20 A canonical Victorian writer and thinker Barrett Browning personified the engaged intellectual This edition provides a foundation for a complete analysis and interpretation of her works and of Victorian Britain The edition presents accurate and accessible texts of all her published literary works Volume 1 General Introduction Poems 4th edn 1856 **Victorian Poetry and Modern Life** Natasha Moore,2015-12-26 Faced with the chaos and banality of modern everyday life a number of Victorian poets sought innovative ways of writing about the unpoetic present in their verse Their varied efforts are recognisably akin not least in their development of mixed verse forms that fused novel and epic to create something equal to the miscellaneousness of the age Masculinity in Four Victorian Epics Clinton Machann,2016-05-06 Offering provocative readings of Tennyson s Idylls of the King Barrett Browning s Aurora Leigh Clough s Amours de Voyage and Browning s The Ring and the Book Clinton Machann brings to bear the ideas and methods of literary Darwinism to shed light on the central issue of masculinity in the Victorian epic This critical approach enables Machann to take advantage of important research in evolutionary psychology cognitive science anthropology among other scientific fields and to bring the concept of human nature into his discussions of the poems The importance of the Victorian long poem as a literary genre is reviewed in the introduction followed by transformative close readings of the poems that engage with questions of gender particularly representations of masculinity and the prevalence of male violence Machann contextualizes his reading within the poets views on social philosophical and religious issues arguing that the impulses drives and tendencies of human nature as well as the historical and cultural context influenced the writing and thus must inform the interpretation of the Victorian epic **Stateliest Measures** A. A. Markley,2004-01-01 The great nineteenth century English poet Alfred Lord Tennyson received an unusually thorough education in the classical languages and he remained an active classical scholar throughout his lifetime His intimate knowledge of both Greek and Latin literature left an indelible stamp on his poetry both in terms of the sound and rhythm of his verses and in the themes that inspired him Stateliest Measures the first full length study of Tennyson s thematic and metrical uses of classical material examines the profoundly important role that his classical background played as he fashioned himself into a poet in the 1820s and 30s and as he defined himself as poet laureate as of 1850 A A Markley examines Tennyson s objectives in developing the classical dramatic monologue which together with In Memoriam and his experiments with classical meters indicate the degree to which he patterned himself after the Roman poet Virgil in attempting to provide modern Britain with a literature worthy of a new and rapidly expanding world empire Stateliest Measures demonstrates that Tennyson s engagement with the long running and complex nineteenth century debates

concerning Hellenism Imperialism and modern British culture was much more profound than his critics have recognized

The Poetry of Ernest Jones Simon Rennie, 2016-05-20 As the last leader of the Chartist movement Ernest Charles Jones 1819-69 is a significant historical figure but he is just as well known for his political verse His prison composed epic *The New World* lays claim to being the first poetic exploration of Marxist historical materialism and his caustic short lyric *The Song of the Low* appears in most modern anthologies of Victorian poetry Despite the prominence of Jones's verse in Labour history circles and several major inclusions in critical discussions of working class Victorian literature this volume represents the first full length study of his poetry Through close analysis and careful contextualization this work traces Jones's poetic development from his early German and British Romantic influences through his radicalization imprisonment and years of leadership The poetry of this complex and controversial figure is here fully mapped for the first time *Poetics of Luxury in the Nineteenth Century* Betsy Winakur Tontiplaphol, 2016-04-22 Beginning with John Keats and tracing a line of influence through Alfred Lord Tennyson and Gerard Manley Hopkins Betsy Tontiplaphol draws on established narratives of the nineteenth century's social and literary developments to describe the relationship between poetics and luxury in an age when imperial trade and domestic consumerism reached a fevered pitch The luscious poem as Tontiplaphol defines it is a subset of the luxurious a category that suggests richness in combination with enclosure and intimacy For Keats Tontiplaphol suggests the psychological virtues of luscious experience generated a new poetics one that combined his Romantic predecessors sense of the ameliorative power of poetry with his own revaluation of space both physical and prosodic Her approach blends cultural context with close attention to the formal and affective qualities of poetry as she describes the efforts of Keats and his equally though differently anxious Victorian inheritors to develop textual spaces as luscious as the ones their language describes For all three poets that effort entailed rediscovering and reinterpreting the list or catalogue and each chapter's textual and formal analyses are offered in counterpoint to careful examination of the century's luscious materialities Her book is at once a study of influence a socio historical critique and a form focused assessment of three century defining voices

Electric Meters Jason R. Rudy, 2009 In *Electric Meters* Victorian Physiological Poetics Jason R Rudy connects formal poetic innovations to developments in the electrical and physiological sciences arguing that the electrical sciences and bodily poetics cannot be separated and that they came together with special force in the years between the 1830s which witnessed the invention of the electric telegraph and the 1870s when James Clerk Maxwell's electric field theory transformed the study of electrodynamics Combining formal poetic analysis with cultural history Jason Rudy traces the development of Victorian physiological poetics from the Romantic poetess tradition through to the works of Alfred Tennyson the Spasmodic poets Elizabeth Barrett Browning Gerard Manley Hopkins and Algernon Swinburne among others **The Works of Elizabeth Barrett Browning Vol 4** Sandra Donaldson, Rita Patteson, Marjorie Stone, Beverly Taylor, Simon Avery, Cynthia Burgess, Clara Drummond, Barbara Neri, 2024-12-20 A canonical Victorian writer and thinker Barrett Browning personified the engaged

intellectual This edition provides a foundation for a complete analysis and interpretation of her works and of Victorian Britain The edition presents accurate and accessible texts of all her published literary works Volume 4 The Battle of Marathon 1820 An Essay on Mind with Other Poems 1826 from Prometheus Bound and Miscellaneous Poems 1833 from The Seraphim and Other Poems 1838 Poems before Congress 1860 Other Previously Published Prose and Poetry **Epic** Herbert F. Tucker, 2012-11-29 Literary history has conventionally viewed Milton as the last real practitioner of the epic in English verse Herbert Tucker's spirited book shows that the British tradition of epic poetry was unbroken from the French Revolution to World War I **Arthur Hugh Clough** Arthur Hugh Clough, 2020 This volume in the 21st Century Oxford Authors series offers an authoritative comprehensive selection of the work of Arthur Hugh Clough 1819-1861 one of the most distinctive writers of the Victorian period The first selection to place Clough's poetry alongside his prose it allows readers to explore how his poems are connected to his literary criticism and his lectures on literary history to his letters and diaries and to his writing on politics and economics A political radical and religious sceptic Clough emerges as a strikingly modern Victorian he writes honestly and directly about sexuality and his work is informed by a cosmopolitan perspective that views Victorian society in the context of other national political and cultural traditions Clough's innovative poems incorporate a diverse range of voices and styles borrowing and reimagining aspects of the epic the drama and the novel And they reveal a side of Victorian culture irreverent iconoclastic and self-aware that is often ignored today Detailed notes identify and explain Clough's comments on major political events such as the European revolutions of 1848 and his allusions to a wide array of different writers and texts The edition includes an Introduction to the life and works of Clough and a Chronology which enhance the study understanding and enjoyment of these works The Cambridge Companion to Medievalism Louise D'Arcens, 2016-03-10 An introduction to medievalism offering a balance of accessibility and sophistication with comprehensive overviews as well as detailed case studies
