Haggerty, Mary Pearl twentieth century Texas Meuth, 2019-04-23 For fifteen years the Texas Master Naturalist program has been hugely successful training more than 9 600 volunteers who have given almost 2 8 million hours to nature education This dedicated corps of naturalists provides

teaching outreach and service in their communities promoting the appreciation and stewardship of natural resources and natural areas around the state Hundreds of new volunteers are trained every year and the Texas Master Naturalist Statewide Curriculum serves as the basis of instruction for trainees who complete a certification course taught under the auspices of more than forty program chapters The curriculum contains twenty four units of instruction that range from geology to ornithology to wetland ecology all written by the state s top scientists and experts Available as well to educators interpreters and others who may not yet be able to commit to the Texas Master Naturalist program the curriculum offers an authoritative source of information for anyone seeking to learn more about the natural world in Texas Land of Bears and Honey Joe C. Truett, Daniel W. Lay, 1994 A natural history of East Texas Riverwoods Charles Kruvand, 2018-09-05 In this stunning photographic tribute to one of Texas most intriguing and perhaps least understood rivers Riverwoods Exploring the Wild Neches takes readers on a unique adventure along and sometimes into the wild and murky waters of the Neches River The Neches flows through the heart of East Texas past primordial bottomland forests timber and oil industries and elusive denizens humans alligators bobcats and herons Although the river and its watershed have inspired authors artists and photographers it can also seem impenetrable intimidating or just plain unsightly to outsiders Spending many days canoeing the river and nights camping on the banks Charles Kruvand was drawn to the complicated allure of the Neches river and woods Once common across the southeastern United States the Neches bottomland forests exemplify an ecosystem that has almost passed out of existence Thad Sitton an East Texas native and noted historian opens the book with an introduction to the historical cultural and ecological significance of the Neches River He takes readers through time from early Native American inhabitants to Spanish and Anglo settlers to present day East Texans He also describes the environmental battles fought over preserving parts of the river woodlands surrounding the waterway and wildlife that have depended on the river for sustenance Through beautiful photographs and stirring recollections of his trip along the river Charles Kruvand weaves a rare portrait of one of the last wild rivers in Texas **Paddling the Wild Neches** Richard M. Donovan, 2006 From its origins on a sandy hillside in Van Zandt County the Neches River flows through the heart of East Texas In its watershed lies some of the wildest country in Texas tucked amid the remains of one of the finest hardwood forests in the world With the goal of keeping the Neches flowing free East Texas native and riverman Richard M Donovan takes readers canoeing down a two hundred mile stretch of the upper Neches Through two national forests and mile after mile of remote river woodlands he chronicles the river's natural and cultural history describes its animal inhabitants recounts stories of early settlers and East Texas hunting traditions and calls attention to the recreational potential of the river for paddlers and others whether residents or visitors Donovan also makes a case against damming the river He convincingly promotes the idea of turning the Neches into a National Wild and Scenic River preserving forever the river's natural flow and what remains of the verdant bottomlands of this historic watercourse To learn more about The Meadows Center for Water and the Environment sponsors
