Rear Admiral John Rodgers, 1812-1882 Robert Erwin Johnson, 1967 *Ironclad Captains of the Civil War* Myron J. Smith, Jr., 2018-11-29 From 1861 to 1865 the American Civil War saw numerous technological innovations in warfare chief among them was the ironclad warship Based on the Official Records biographical works ship and operations histories newspapers and other sources this book chronicles the lives of 158 ironclad captains North and South who were charged with outfitting and commanding these then revolutionary vessels in combat Each biography includes where known birth and death information pre and post war career and details about ships served upon or commanded *The Civil War Diary of Gideon Welles, Lincoln's Secretary of the Navy* Gideon Welles, 2014-08-15 Gideon Welles s 1861 appointment as secretary of the navy placed him at the hub of Union planning for the Civil War and in the midst of the powerful personalities vying for influence in Abraham Lincoln s cabinet Although Welles initially knew little of naval matters he rebuilt a service depleted by Confederate defections planned actions that gave the Union badly needed victories in the war s early days and oversaw a blockade that weakened the South s economy Perhaps the hardest working member of the cabinet Welles still found time to keep a detailed diary that has become one of the key documents for understanding the inner workings of the Lincoln administration In this new edition William E and Erica L Gienapp have restored Welles s original observations gleaned from the manuscript diaries at the Library of Congress and freed from his many later revisions so that the reader can experience what he wrote in the moment With his vitriolic pen Welles captures the bitter disputes over strategy and war aims lacerates colleagues from Secretary of State William H Seward to General in Chief Henry Halleck and condemns the actions of the self serving southern elite he sees as responsible for the war He just as easily waxes eloquent about the Navy s wartime achievements extols the virtues of Lincoln and drops in a tidbit of Washington gossip Carefully edited and extensively annotated this edition contains a wealth of supplementary material The appendixes include short biographies of the members of Lincoln s cabinet the retrospective Welles wrote after leaving office covering the period missing from the diary proper and important letters regarding naval matters and international law **American Civil War** Spencer C. Iron Coffin David A. Mindell, 2012-03-01 The USS Monitor famously battled the CSS Virginia the armored and refitted USS Merrimack at Hampton Roads in March 1862 This updated edition of David A Mindell's classic account of the ironclad warships and the human dimension of modern warfare commemorates the 150th anniversary of this historic encounter Mindell explores how mariners fighting blindly below the waterline lived in and coped with the metal monster they called the iron coffin He investigates how the ironclad technology new to war in the nineteenth century changed not only the tools but also the experience of combat and anticipated today's world of mechanized pushbutton warfare The writings of William Frederick Keeler the ship's paymaster inform much of this book as do the experiences of everyman sailor George Geer who held Keeler in some contempt Mindell uses their compelling stories and those of other shipmates to recreate the thrills and dangers of living and fighting aboard this superweapon Recently pieces of the Monitor wreck have been raised from their watery grave and with them information about the ship continues to be discovered A new epilogue describes the recovery of the Monitor turret and its display at the USS Monitor Museum in Newport News Virginia This sensitive and enthralling history of the USS
