Smith III, 2010-04-16 The written word is one of the defining elements of Christian experience As vigorous in the 1st century as it is in the 21st Christian literature has had a significant function in history and teachers and students need to be reminded of this powerful literary legacy Covering 2 000 years The Encyclopedia of Christian Literature is the first encyclopedia devoted to Christian writers and books In addition to an overview of the Christian literature this two volume set also includes 40 essays on the principal genres of Christian literature and more than 400 bio bibliographical essays describing the principal writers and their works These essays examine the evolution of Christian thought as reflected in the literature of every age The companion volume also features bibliographies an index a timeline of Christian Literature and a list of the greatest Christian authors The encyclopedia will appeal not only to scholars and Christian evangelicals but students and teachers in seminaries and theological schools as well as to the growing body of Christian readers and bibliophiles Cultural Hermeneutics Mario Valdes, 2016-04-06 In Cultural Hermeneutics Mario J Vald s offers a synthesis of the hermeneutic philosophies of Miguel de Unamuno and Paul Ricoeur a dialectical

method that has formed the basis for many of Vald's own studies in comparative literature As Vald explains in these insightful essays what Unamuno and Ricoeur shared in their hermeneutic studies was a theory of interpretation in which the meaning of a work of art comes into existence through the dialectical relationship between its creator and its readers listeners or viewers Contextualizing this hermeneutic concept as it appears in the works of both philosophers Cultural Hermeneutics presents the basis for a profound understanding of the arts *Heroism and the Black Intellectual* Jerry Gafio Watts, 2000-11-09 Before and after writing *Invisible Man* novelist and essayist Ralph Ellison fought to secure a place as a black intellectual in a white dominated society In this sophisticated analysis of Ellison's cultural politics Jerry Watts examines the ways in which black artists and thinkers attempt to establish creative intellectual spaces for themselves Using Ellison as a case study Watts makes important observations about the role of black intellectuals in America today Watts argues that black intellectuals have had to navigate their way through a society that both denied them the resources status and encouragement available to their white peers and alienated them from the rest of their ethnic group For Ellison to pursue meaningful intellectual activities in the face of this marginalization demanded creative heroism a new social and artistic stance that challenges cultural stereotypes For example Ellison first created an artistic space for himself by associating with Communist party literary circles which recognized the value of his writing long before the rest of society was open to his work In addition to avoid prescriptive white intellectual norms Ellison developed his own ideology which Watts terms the blues aesthetic Watts's ambitious study reveals a side of Ellison rarely acknowledged blending careful criticism of art with a wholesale engagement with society *Approaches to Teaching the Works of Miguel de Unamuno* Luis Álvarez-Castro, 2020-04-01 Offers pedagogical techniques for teaching the fiction poetry plays and philosophical works of Miguel de Unamuno in college Spanish and comparative literature classrooms including considerations of romanticism modernity Catholicism existentialism autofiction and metafiction Includes information on reference works and online resources Gives syllabus suggestions for undergraduate and graduate courses [Graham Greene's Journeys in Spain and Portugal](#) Carlos Villar Flor, David Stephen, 2024-01-12 This expansive and compelling literary biography details the many trips to Spain and Portugal that Graham Greene took in the last years of his life in the company of his friend the priest and professor Leopoldo Dur n It shows how these trips provided the inspiration for *Monsignor Quixote* 1982 which became Greene's favourite of his own novels **Forms of Modernity** Rachel Schmidt, 2011-04-09 It's a critical cliché that Cervantes' *Don Quixote* is the first modern novel but this distinction raises two fundamental questions First how does one define a novel And second what is the relationship between this genre and understandings of modernity In *Forms of Modernity* Rachel Schmidt examines how seminal theorists and philosophers have wrestled with the status of Cervantes' masterpiece as an exemplary novel in turn contributing to the emergence of key concepts within genre theory Schmidt's discussion covers the views of well known thinkers such as Friedrich Schlegel Jos Ortega y Gasset and Mikhail Bakhtin but also the pivotal

contributions of philosophers such as Hermann Cohen and Miguel de Unamuno These theorists examinations of Cervantes s fictional knight errant character point to an ever shifting boundary between the real and the virtual Drawing from both intellectual and literary history *Forms of Modernity* richly explores the development of the categories and theories that we use today to analyze and understand novels

Writing Teresa Denise DuPont, 2011-12-16 *Writing Teresa* The Saint from vila at the fin de siglo examines the Teresa de Jes s boom of roughly 1880 1930 and offers an in depth study of five major Spanish participants in the turn of the twentieth century explosion of literary treatments of St Teresa This historical period s interest in the Saint from vila relates to popularization and nationalization of aspects of Catholicism technological advances a modernist fascination with saintly heroes the search for new Spanish identities and the evolving role of women writers and intellectuals Teresa was mysticism in its historical context energy in a time of doubt the possibility of reconciling science and spirituality a new vision for writing and a maternal figure linked to the religion of the past for those who had lost the faith of their childhood

Ralph Ellison Lawrence Patrick Jackson, 2007 Author intellectual and social critic Ralph Ellison 1914 94 was a pivotal figure in American literature and history and arguably the father of African American modernism Universally acclaimed for his first novel *Invisible Man* a masterpiece of modern fiction Ellison was recognized with a stunning succession of honors including the 1953 National Book Award Despite his literary accomplishments and political activism however Ellison has received surprisingly sparse treatment from biographers Lawrence Jackson s biography of Ellison the first when it was published in 2002 focuses on the author s early life Powerfully enhanced by rare photographs this work draws from archives literary correspondence and interviews with Ellison s relatives friends and associates Tracing the writer s path from poverty in dust bowl Oklahoma to his rise among the literary elite Jackson explores Ellison s important relationships with other stars particularly Langston Hughes and Richard Wright and examines his previously undocumented involvement in the Socialist Left of the 1930s and 1940s the black radical rights movement of the same period and the League of American Writers The result is a fascinating portrait of a fraternal cadre of important black writers and critics and the singularly complex and intriguing man at its center

Danger Zones Claudia Schaefer, 1996-09 Homosexuality has appeared as a secondary theme in the fictional works of numerous mainstream writers in contemporary Mexico Here the author deals with issues of gender identity when they emerge as metaphorical red flags signaling cultural danger zones along the path to harmonious national discourse By focusing on the representation of homosexuality in a variety of texts produced between 1964 and 1994 the book also delineates complex relationships within Mexican society
