International Studies in Educational Inequality, Theory and Policy Richard Teese, Stephen Lamb, Marie Duru-Bellat, 2007-06-03 Inequality is a marked and persistent feature of education systems both in the developed and the developing worlds Major gaps in opportunity and in outcomes have become more critical than in the past thanks to the knowledge economy and globalization More and more populations both rich and poor depend on successful use of school and on gaining post school qualifications But access to high quality schooling success at school and chances of higher education all remain socially divided with implications for economic opportunities personal growth and civic and community development What causes these divisions in how education systems work Have decades of public investment brought about at least some improvements even if major gaps remain If not what are the barriers the social processes which have frustrated the efforts of government The pursuit of equity as a goal of public policy is examined in this book through a series of national case studies covering many different global contexts from the wealthiest to some of the poorest nations on earth What have we learnt from the policy experience globally Do we know more today than yesterday about the origins of social inequality Are our policies better framed better designed to tackle inequality And which way forward What does the evidence suggest in terms of future approaches and emphasis This work is published in three volumes which together form a 3 volume set

Equality in the Primary School Dave Hill, Leena Helavaara Robertson, 2011-11-24 Drawing on a wealth of knowledge from a diverse group of contributors this volume addresses the importance of going beyond equal opportunities The contributors provide a compelling argument for promoting equality in primary schools Issues covered include social class race gender sexual orientation disability and special educational needs with reference to all subjects taught at primary school

level *Australian Sociology* David Holmes, Kate Hughes, Roberta Julian, 2014-09-01 *Australian Sociology 4e* provides a concise and current introduction to the field of Sociology through an analysis of Australian society. In doing so it draws on a diverse range of perspectives as well as a myriad of topics that go to issues at the core of Australian social life. Our ever-changing society presents continuing challenges to sociological analysis. This new edition of *Australian Sociology* sets out to document these many changes while retaining an organised analysis required of an introductory overview of Australian society.

Education, Equality and Human Rights Mike Cole, 2011-11-18 *Education Equality and Human Rights* addresses the issue of human rights and its relationship to education in the 21st century. Each of the five equality issues of gender, race, sexuality, disability, and social class are covered as areas in their own right and in relation to education.

Achieving Gender Justice through Education Arpan Tulsyan, 2025-03-05 This book delves into the uncharted territories of how gender dynamics subtly shape educational experiences in Indian schools. While traditional educational reforms focus on increasing enrolment and making textbooks more inclusive, this book highlights the overlooked yet powerful influence of hidden curriculum, the implicit lessons that subtly shape students' views on gender, caste, class, and religion. Positioned in a feminist cultural reproduction perspective and informed by a capability approach, this book explores education as an object of demand, a conduit for diffusion of ideas, and a site for gender activism. It provides a critical analysis of how schools can be transformed into spaces of empowerment, negotiation, and resistance for all students. Drawing on immersive research that challenges ordinary interactions and processes, it expands our understanding of what constitutes curriculum and knowledge. Particularly useful for educationists, educators, policymakers, academics, curriculum developers, teacher training institutes, gender studies departments, and university centres offering educational studies courses, this book offers a captivating read for anyone interested in examining their own educational experiences.

Love Lives Carol Dyhouse, 2021 This book is about the reshaping of women's lives, loves, and dreams. It tells the story of how expectations and emotional landscapes have shifted since 1950, when marriage was a major determinant of female life chances and teenage girls dreamed of Mr Right and happy endings.

Equality in the Secondary School Mike Cole, 2009-12-22 Draws together a wealth of knowledge from a varied list of contributors, all of whom recognise the importance of promoting equality in secondary schools.

Postfeminist Education? Jessica Ringrose, 2012-08-21 This book challenges a contemporary postfeminist sensibility grounded not only in assumptions that gender and sexual equality has been achieved in many Western contexts, but that feminism has gone too far, with women and girls now overtaking men and boys positioned as the new victims of gender transformations. The book is the first to outline and critique how educational discourses have directly fed into postfeminist anxieties, exploring three postfeminist panics over girls and girlhood that circulate widely in the international media and popular culture. First, it explores how a masculinity crisis over failing boys in school has spawned a backlash discourse about overly successful girls. Second, it looks at how widespread anxieties over girls becoming excessively mean and/or violent have positioned female

aggression as pathological third it examines how incessant concerns over controlling risky female sexuality underpin recent sexualisation of girls moral panics The book outlines how these postfeminist panics over girlhood have influenced educational policies and practices in areas such as academic achievement anti bullying strategies and sex education curriculum making visible the new postfeminist sexual politics of schooling Moving beyond media or policy critique however this book offers new theoretical and methodological tools for researching postfeminism girlhood and education It engages with current theoretical debates over possibilities for girls agency and empowerment in postfeminist neo liberal contexts of sexual regulation It also elaborates new psychosocial and feminist Deleuzian methodological approaches for mapping subjectivity affectivity and social change Drawing on two UK empirical research projects exploring teen aged girls own perspectives and responses to postfeminist panics the book shows how real girls are actually negotiating notions of girls as overly successful mean violent aggressive and sexual The data offers rich insight into girls gendered raced and classed experiences at school and beyond exploring teen peer cultures friendship offline and online sexual identities and bullying and cyberbullying The analysis illuminates how and when girls take up and identify with postfeminist trends but also at times attempt to re work challenge and critique the contradictory discourses of girlhood and femininity In this sense the book offers an opportunity for girls to talk back to the often simplistic either wildly celebratory or crisis based sensationalism of postfeminist panics over girlhood This book will be essential reading for those interested in feminism girlhood media studies gender and education

Students' Experiences and Perspectives on Secondary Education Emer Smyth, 2016-08-18 This book explores the experiences of young people as they move through the Irish secondary educational system Drawing on a rich study which combines survey data with in depth interviews with students it addresses the key facets of schooling which influence young people s experiences With chapters organised thematically including ability grouping school climate and the impact of high stakes examinations the central dimensions of school structure and process is explored Placing young people s voices centre stage it explores how they respond to the school context and make decisions that will profoundly affect their future This book contrasts different types of school settings and examines how gender and social class play out at the school level **Boy Culture** Shirley R. Steinberg, Michael Kehler, Lindsay Cornish, 2010-06-17 In this two volume set a series of expert contributors look at what it means to be a boy growing up in North America with entries covering everything from toys and games friends and family and psychological and social development Boy Culture An Encyclopedia spans the breadth of the country and the full scope of a pivotal growing up time to show what a boy s life is really like today With hundreds of entries across two volumes it offers a series of vivid snapshots of boys of all kinds and ages at home school and at play interacting with family or knocking around with friends or pursuing interests alone as they begin their journey to adulthood Boy Culture shows an uncanny understanding of just how exciting confusing and difficult the years between childhood and young adulthood can be The toys games clothes music sports and feelings they are all a part of this remarkable resource But most

important is the book's focus on the things that shape boyhood identities the rituals of masculinity among friends the enduring conflict between fitting in and standing out the effects of pop culture images and the influence of role models from parents and teachers to athletes and entertainers to fictional characters

Black and Ethnic Minority Achievement in Schools Feyisa Demie, 2025-03-31 This eminently timely volume explores the successful practice and effective intervention strategies in schools to drive school improvement and close the achievement gap for Black and minority ethnic students Representing a seminal publication in the literature this book collates 20 years of original research into race achievement and educational equality in schools in England to find out what's really working in education and identify the key areas for improvement Looking at leading issues such as the curriculum school exclusions and language barriers chapters focus on the lived experiences of headteachers teachers parents pupils and other school staff obtained through focus groups and interviews Presenting longitudinal evidence from school surveys and the National Pupil Database the book considers The scale of the achievement gap and educational inequality The barriers to learning for Black and ethnic minorities The experience of raising achievement in successful multicultural schools Strategies and success factors to drive improvement in schools Targeted intervention to tackle inequality The international experience to close the achievement gap Lessons learned from successful schools to inform policy and practice Ultimately tackling educational inequality head on the book demonstrates concrete strategies for how to close the achievement gap for Black and ethnic minority students and will therefore be essential reading for academics policymakers and school staff involved with multicultural education education policy and politics and school improvement and effectiveness as well as race and ethnicity studies more broadly

The Problem with Boys' Education Wayne Martino, Michael D. Kehler, Marcus B. Weaver-Hightower, 2009-08-03 This book offers an illuminating analysis of the theories politics and realities of boys education around the world an insightful and often disturbing account of various educational systems successes and failings in fostering intellectual and social growth in male students Examining original research on the impact of implementing boys education programs in schools the book also discusses the role of male teachers in educating boys strategies for aiding marginalized boys in the classroom and the possibilities for gender reform in schools that begins at the level of pedagogy Complete with case studies of various classrooms school districts and governmental policy programs the detailed essays collected provide a look into education's role in the development of masculinities paying special attention to the ways in which these masculinities intersect with race class and sexuality to complicate the experience of boys within and outside of a classroom setting
