Merchant Vessels of the United States ... (including Yachts)., 1969 **East Asian Pedagogies** David Lewin, Karsten Kenkies, 2020-07-13 This book opens up philosophical spaces for comparative discussions of education across East and West It develops an intercultural dialogue by exploring the Anglo American traditions of educational transformation and European constructions of Bildung alongside East Asian traditions of transformation and development Comparatively little research has been done in this area and many questions concerning the commensurability of North American European and East Asian pedagogies remain Despite this dearth of theoretical research there is ample evidence of continued interest in self formation through various East Asian practices from martial arts to health and spiritual practices e g Aikido Tai Chi Yoga mindfulness etc suggesting that these traditional practices and pedagogical relations have something important to offer

despite their marginal standing in educational discourse This book will appeal to all researchers and students of comparative education studies with an interest in issues of interpretation and translation between different traditions and cultures
