Sovacool,Marilyn Brown,2019-12-17 At a time when climate change deniers hold the reins of power in the United States and international greenhouse gas negotiations continue at a slow crawl what options are available to cities companies and consumers around the world who seek a cleaner future Scott Victor Valentine Marilyn A Brown and Benjamin K Sovacool explore developments and strategies that will help fast track the transition to renewable

energy They provide an expert analysis of the achievable steps that citizens organizational leaders and policy makers can take to put their commitments to sustainability into practice Empowering the Great Energy Transition examines trends that suggest a transition away from carbon intensive energy sources is inevitable there are too many forces for change at work to stop a shift to clean energy Yet under the status quo change will be too slow to avert the worst consequences of climate change Humanity is on a path to incur avoidable social environmental and economic costs Valentine Brown and Sovacool argue that new policies and business models are needed to surmount the hurdles separating the current consumption model from a sustainable energy future Empowering the Great Energy Transition shows that with well placed efforts we can set humanity on a course that supports entrepreneurs and communities in mitigating the environmental harm caused by technologies whose time has come and gone

the occasion was of a trivial nature but lent itself to keen and heated argument The whole afternoon had been occupied with the speeches of the minor lights of the society and now only the two opposing leaders remained to make their closing speeches before the division took place Young Osterberg the leader of the Ayes rose to his feet His remarks were sound and clear and his arguments to many conclusive After he had occupied the attention of the assembly for nearly twenty minutes he sat down amidst the plaudits of his own side to await the speech from the leader of the Opposition At that moment a voice distinctly audible above the buzz of conversation that followed spoke in a loud unpleasant tone evidently intended for the whole room to hear Tis a pity certain positions are not filled by fellows capable of thinking and arguing logically Such rot I have never before listened to Come Maurice let us go to the club rooms we shall find better entertainment there And the two men rose from their seats and moved towards the door Before they reached it the voice of the President stopped them and in sharp incisive tones called them to order Such words he said are against the rules of the society and must be withdrawn or the laws which govern the Association will be enforced and the speaker s name struck off the list of membership John Landauer the man who had uttered the offensive words turned on hearing the President s mandate With flashing eyes he glanced in the direction of Osterberg My words may have been untimely as uttered in this room and for that I apologize but my opinion of the last speaker friend Osterberg remains the same and what I am not allowed to express here I shall take the earliest opportunity of doing elsewhere
