**Rebel in the Soul** ,1978      **Rebel Soul** Bebe Buell,2022-12-19 Rebel Soul isn t so much a follow up to Bebe Buell s New York Times best selling memoir Rebel Heart but more of an impressionistic scrapbook about becoming and being Bebe Buell her trajectory from being a rock It Girl to a pop culture icon through a collection of essays that explore what it was like to be at the center of the pop universe during a golden era and how she invented herself as a muse and a musician In this book Bebe recollects in vivid and previously unexplored detail the people and places of her past from her well known romances with members of rock royalty to her influences and friendships her family and her career and how they came into conflict her reflections and observations of the cultural and sexual climate of the 70s Twenty years after the publication of Rebel Heart Bebe looks back from a different perspective with candor humor and wisdom Some of the chapters will be portraits of the people who had a profound impact on her life some will visit a specific place and time It isn t a straight forward autobiographical narrative it s as though Bebe has taken a large box off her shelf filled with ticket stubs backstage passes magazine clippings from publications as different as CREEM and Playboy and gig flyers each one triggering memories of who she was at the time The book will be illustrated with photos from Bebe s personal archives going back to her early days as a top fashion model through her whirlwind years in New York and Los Angeles times spent in London Woodstock and now Nashville where she makes her home      **Rebel in the Soul** Bika Reed,1987      The immortality of the Soul David

as an attempt to understand the soul he traces the manifold interactions between psychology and spirituality that have arisen over five centuries of Kabbalistic writing from sixteenth century Galilee to twenty first century New York In doing so he shows just how rich Kabbalah s psychological tradition is and how much it can offer to the corpus of modern psychological knowledge Garb follows the gradual disappearance of the soul from modern philosophy while drawing attention to its continued persistence as a topic in literature and popular culture He pays close attention to James Hillman s archetypal psychology using it to engage critically with the psychoanalytic tradition and reflect anew on the cultural and political implications of the return of the soul to contemporary psychology Comparing Kabbalistic thought to adjacent developments in Catholic Protestant and other popular expressions of mysticism Garb ultimately offers a thought provoking argument for the continued relevance of religion to the study of psychology
