Buddhism and Transgression Adrian Konik, 2009-09-30 If Buddhism is to remain relevant to the contemporary era through providing effective solutions to the proliferating and protean discursive problems encountered by its present day practitioners it cannot

continue to ignore the role of discourse in the formation of subjectivity In the interest of problematizing such ignorance this book explores the potential interface between Foucaultian discourse analysis and the development of an indigenous rationale for the practice of contemporary Western Buddhism along with the growing significance of such a rationale for traditional Buddhism in an era dominated by disciplinary bio power Through doing so this book radically re conceptualizes the role of Buddhism in the world today by linking Buddhist practice with acts of discursive transgression *Buddhism 101* Arnie Kozak, 2017-08-01 Learn everything you need to know about Buddhism in this clear and straightforward new guide Buddhism was founded thousands of years ago and has inspired millions of people with its peaceful teachings Buddhism 101 highlights and explains the central concepts of Buddhism to the modern reader with information on mindfulness karma The Four Noble Truths the Middle Way and more Whether you re just looking to understand Buddhism or explore the philosophy in your own life and own journey to Enlightenment this book gives you everything you need to know Buddhism in Dialogue with Contemporary Societies Carola Roloff, Wolfram Weiße, Michael Zimmermann, 2020 The growing pluralization of religion and culture in Europe means that we encounter an increasing number of Buddhist immigrants as well as Western converts Against this background in June 2018 the Academy of World Religions and the Numata Center for Buddhist Studies at the University of Hamburg Germany invited scholars of Theravāda East Asian and Tibetan Buddhism The questions discussed referred to Does Buddhism matter today What can it contribute Must Buddhism adapt to the modern world How can Buddhism adapt to a non Asia context When Buddhism travels what must be preserved if Buddhism is to remain Buddhism The contributions in this volume show not only that Buddhism matters in the West but that it already has its strong impact on our societies Therefore universities in Europe should include Buddhist theories and techniques in their curricula
