America Ascendant Stanley B. Greenberg,2015-11-03 America is poised to lead the 21st Century as it led the 20th That will happen because the country is at a tipping point in the battle for its own renewal a renewal that will allow America to be exceptional again Our economy is on the move fueled by revolutions in energy immigration innovation big data and advanced manufacturing America s energy independence has set off shockwaves Just as important are the social transformations that are making the country ever more racially and culturally diverse younger a home to immigrants and the metropolitan centers that foster a rising economic and cultural dynamism While most other countries struggle profoundly with immigration and religious and racial differences America s on a path to multicultural identity Those revolutions in the economy society and culture and are also producing a new American majority that embraces new values and new politics Republicans are waging a counter revolution and that is why America looks gridlocked and why the country is turning to Democrats to take on the country s growing challenges The economic and social transformations leave people struggling to earn enough and reach the middle class Families are under stress Government is corrupted by big money The American public is demanding the country address the dark side of our progress and reforms are starting to happen That is why Democrats will get to lead an era of reform and renewal comparable to the progressive era that mitigated the excesses of the Industrial Revolution In this incisive book expert strategist Greenberg draws on years of research and polling to illuminate how America is far from being gridlocked and he articulates a powerful vision of how American politics and America can be renewed

The Pan-African Nation Andrew Apter,2008-10-01 When Nigeria hosted the Second World Black and African Festival of Arts and Culture FESTAC in 1977 it celebrated a global vision of black nationhood and citizenship animated by the exuberance of its recent oil boom Andrew Apter s *The Pan African Nation* tells the full story of this cultural extravaganza from Nigeria s spectacular rebirth as a rapidly developing petro state to its dramatic demise when the boom went bust According to Apter FESTAC expanded the horizons of blackness in Nigeria to mirror the global circuits of its economy By showcasing masks dances images and souvenirs from its many diverse ethnic groups Nigeria forged a new national culture In the grandeur of this oil fed confidence the nation subsumed all black and African cultures within its empire of cultural signs and erased its colonial legacies from collective memory As the oil economy collapsed however cultural signs became unstable contributing to rampant violence and dissimulation *The Pan African Nation* unpacks FESTAC as a historically situated mirror of production in Nigeria More broadly it points towards a critique of the political economy of the sign in postcolonial Africa

Atatürk, the Rebirth of a Nation Patrick Balfour Baron Kinross,1989 **Rebirth of a Nation** Joel Edward Goza,2024-09-24 Joel Edward Goza dismantles the deep seated myths that perpetuate white supremacy and makes the case that reparations are necessary to heal America s racial wounds and live up to our democratic ideals Like

many well intentioned white people Goza once believed that he could support Black America's struggle for equality without supporting reparations. Reparations he thought were altogether irrelevant to the real work of racial justice. This is a book about why he was wrong. In fact any effort to heal our nation's wounds will fail without reparations. In *Rebirth of a Nation* Goza exposes lesser known aspects of racism in American history and how Black people have consistently been depicted as responsible for their own oppression to justify slavery, Jim Crow, mass incarceration and gross inequality. Iconoclastic and incisive Goza exposes how revered figures like Thomas Jefferson and Abraham Lincoln embedded white supremacy deep into our nation's consciousness and how Ronald Reagan manipulated this ideology so that society cheered as he advanced a set of policies that wounded our nation and intensified Black America's suffering. But *Rebirth of a Nation* is not merely about accountability. It is also about hope. A reparations process is not a utopian dream. Goza offers a practical path toward closing the racial wealth gap. *Rebirth of a Nation* shows readers how they can join the reparative process working toward the creation of a more perfect union.

Deepfakes Graham Meikle, 2022-09-22 What happens when we can no longer believe what we see? Show the AI technologies that create deepfakes enough images of a celebrity or a politician and they will generate a convincing video in which that person appears to say and do things they have never actually said or done. The result is a media environment in which anyone's face and image can be remixed and manipulated. Graham Meikle explains how deepfakes, synthetic media are made and used. From celebrity porn and political satire to movie mash ups and disinformation campaigns this book explores themes of trust and consent as face swapping software becomes more common. Meikle argues that deepfake videos allow for a new perspective on the taken for granted nature of contemporary media in which our capacity to remix and share content increasingly conflicts with our capacity to trust. The book analyses how such videos deepen the social media environment in which the public and the personal converge and in which all human experience becomes data to be shared. Timely, clear and accessibly written this is an essential text for students and scholars of media communication, cultural studies and sociology as well as general readers.

Forward Without Fear Derek Taira, 2024-06 Derek Taira argues that during the territorial period many Hawaiians neither subscribed nor succumbed to public schools' aggressive efforts to assimilate and Americanize but instead engaged with American education to envision and support an alternate future.
