Volume One Riaan Engelbrecht, 2023-01-18 God is our deliverance He is not the means or the method of deliverance but He
 IS Deliverance If we want deliverance we need God but not an idea or the thought or religion about God but God Himself We
 need God in our lives and we need to abide in the Father Son and Holy Spirit to secure our deliverance and to walk in
 deliverance Jesus is the Way of our Deliverance for He is the Truth and the Life In this series we explore what is true
 deliverance pertaining to the spirit soul and body We look at the scope and nature of such deliverance We divide the truth
 from the myriad of lies misconceptions fallacies and erroneous teachings regarding deliverance For all disciples are called to
 know what is true deliverance how to engage in the spiritual war and how to set the captives free **Mastership Or**
Mediumship--which? Guy H. Lockwood, 1920 *Ethics and Climate Change* Harold Coward, Thomas Hurka, 2006-01-01
 Faced with the prospect of global warming the anticipated rapid rise in global air temperatures due to the release of gases
 into the atmosphere we have two choices of how to respond adaptation or avoidance With adaptation we keep burning fossil
 fuels let global temperatures rise and make whatever changes this requires move people from environmentally damaged
 areas build sea walls etc With avoidance we stop warming from occurring either by reducing our use of fossil fuels or by
 using technology such as carbon dioxide recovery after combustion to block the warming effect Yet each strategy has its
 drawbacks adaptation may not be able to occur fast enough to accommodate the expected temperature increases but
 avoidance would be prohibitively expensive An ethically acceptable goal must involve some mixture of adaptation and
 avoidance Written by a team of scientists social scientists humanists legal and environmental scholars and corporate
 researchers this book offers an ethical analysis of possible responses to the problem Their analyses of the scientific and
 technological data and the ethical principles involved in determining whose interests should be considered point to a
 combination of adaptation and avoidance of greenhouse gas production They offer assessments of personal corporate
 government and international responsibility and a series of recommendations to aid decision makers in determining solutions
 and apportioning responsibility *ENLIGHTENMENT SIMPLIFIED* AiR - Atman in Ravi , The whole world thinks that
 Enlightenment is a very mystical subject an impossible achievement In reality Enlightenment is within the reach of every
 human being It is up to each one of us to go on a quest for Spiritual Awakening and be Enlightened Enlightenment is not only
 meant for saints and sages of this world Every human being must switch on the light within to overcome the darkness of
 ignorance and realize the truth This will not only liberate us from the triple suffering on earth but also free us from the cycle
 of death and rebirth Thousands of years ago the Vedas and the Upanishads revealed this truth through the principal
 statements known as the Mahavakyas based on just four statements expanded in simple language They are also explained in
 this book Enlightenment Simplified is a sure way of initiating your journey of spirituality being Awakened being Enlightened

The Perfectibility of Human Nature in Eastern and Western Thought Harold Coward, 2012-02-01 How perfectible is human nature as understood in Eastern and Western philosophy psychology and religion Harold Coward examines some of the very different answers to this question He poses that in Western thought including philosophy psychology Judaism Christianity and Islam human nature is often understood as finite flawed and not perfectible in religion requiring God's grace and the afterlife to reach the goal By contrast Eastern thought arising in India frequently sees human nature to be perfectible and presumes that we will be reborn until we realize the goal the various yoga psychologies philosophies and religions of Hinduism and Buddhism being the paths by which one may perfect oneself and realize release from rebirth Coward uses the striking differences in the assessment of how perfectible human nature is as the comparative focus for this book
