Rebuilding The World Economy:

Rebuilding the World Economy: America's Role in Foreign Trade and Investment Twentieth Century Fund. Committee on Foreign Economic Relations, Norman Sharpe Buchanan, Friedrich August Lutz, 1947 *Rebuilding the Global Economy* Adam S. Posen, 2021-02 A special series outlining policy priorities and solutions in 2021 by the Peterson Institute for International Economics *Rebuilding the world economy* Norman S. Buchanan, Friedrich A. Lutz, 1983 Rebuilding the World's Economy Norman Sharpe Buchanan, 1947 **Post-War Business Planners in the United States, 1939-48** Charlie Whitham, 2016-10-20 During the Second World War several independent business organizations in the US devoted considerable energy to formulating and advocating social and economic policy options for the US government for implementation after the war This planning community of far sighted businessmen joined with academics and government officials in a nationwide endeavor to ensure that the colossal levels of productivity achieved by the US during wartime continued into the peace At its core this effort was part of a wider struggle between liberals moderates and conservatives over determining the economic and social responsibilities of government in the new post war order In this book Charlie Whitham draws on an abundance of unpublished primary material from private and public archives that includes the minutes memoranda policy statements and research studies of the major post war business planning organisations on a wide range of topics including monetary policy demobilization labor policy international trade and foreign affairs This is the untold story of how the post war business planners of all hues helped shape the moderate consensus which prevailed after 1945 over a permanent but limited government responsibility for fiscal welfare and labor affairs advanced American interests overseas and established *January 1952 Economic Report of the President* United States. Congress. Joint Economic Committee, 1952 The Economic Report of the President United States. Congress. Joint Economic Committee, 1950 *Hearings* United States. Congress. Joint Committee ..., 1951 *Economic Report of the President* United States. Congress. Joint Committee on the Economic Report, 1952 **The American Economy in Transition** Martin Feldstein, 2009-05-15 This unusual volume marks the sixtieth anniversary of the National Bureau of Economic Research In contrast to the technical and specialized character of most NBER studies the current book is designed to provide the general reader with a broad and critical overview of the American economy The result is a volume of essays that range from monetary policy to productivity development from population change to international trade **France and the International Economy** Frances Lynch, 2006-03-10 This is a controversial and comprehensive account of a formative period in French economic history **Rebuilding the World Economy** Norman S. Buchanan, Friedrich A. Lutz, 1948 Asian Regionalism in the World Economy Masahiro Kawai, Jong-Wha Lee, Peter A. Petri, 2010-01-01 The structure and policy architecture of the world economy as it emerges from the historic challenges now underway will be affected by the dramatic rise of Asian economies and deepening connections among them This important book examines the dramatic transformation

of the Asian economy the challenges it faces emerging regional solutions and how Asia can play a more constructive role in the global economy Asia is becoming not just the world's factory but also its leading creditor and one of its key sources of dynamism and stability Key questions are identified and addressed in three areas Asia's growth and productivity financial stability and regional economic integration In each of these areas the contributing authors evaluate current trends and the forces shaping the future They consider whether the regions progress is sustainable and what it will take to make it so How is Asia reshaping its economy in response to the changing global landscape More urgently how can Asia weather the severe global financial and economic storm originating from the global credit crisis How will it extend its gains to people left behind And how can it contribute to better governance and greater prosperity in the world economy This book covers new ground by connecting theory assembling detailed evidence on trends and challenges and offering forward-looking policy prescriptions This timely book will appeal to Asian economic policymakers as well as postgraduate students interested in Asian economics international economics and regional integration Staff of international and regional organizations interested in Asian economics will also find this book invaluable

The Global Economy David A. Dieterle, 2020-01-23 This engaging and accessible book is a must read for every economics student It explores what the global economy is how it developed and how it operates today and why certain aspects of it have become controversial The global economy represents the combined economic output of all countries on Earth and in 2020 was estimated at around 80 trillion While globalization has made it possible for greater economic interaction between nations and rapid growth on a worldwide scale many have argued that it has also helped to widen the gap between the richest and poorest nations The movement of goods and services between countries also has major impacts on national politics and international diplomacy as well as significant implications for human rights and welfare Part of the Student Guides to Business and Economics series The Global Economy gives readers an in depth yet reader friendly look at one of the most important aspects of modern economics Using simple language and relevant real world examples this book is appropriate for high school and undergraduate economics students as well as general interest readers curious to learn more about the global economy
