## **Reception Of The Faith Reinterpreting The Gospel For Today:**

**Receptive Ecumenism and the Call to Catholic Learning** Paul Murray, 2010-05-06 This volume proposes a fresh strategy for ecumenical engagement Receptive Ecumenism that is fitted to the challenges of the contemporary context and has already been internationally recognised as making a distinctive and important new contribution to ecumenical thought and practice Beyond this the volume tests and illustrates this proposal by examining what Roman Catholicism in particular might fruitfully learn from its ecumenical others Challenging the tendency for ecumenical studies to ask whether explicitly or implicitly What do our others need to learn from us this volume presents a radical challenge to see ecumenism move forward into action by highlighting the opposite question What can we learn with integrity from our others This approach is not simply ecumenism as shared mission or ecumenism as problem solving and incremental agreement but ecumenism as a vital long term programme of individual communal and structural conversion driven like the Gospel that inspires it by the promise of conversion into greater life and flourishing The aim is for the Christian traditions to become more not less than they currently are by learning from or receiving of each other s gifts The 32 original essays that have been written for this unique volume explore these issues from a wide variety of denominational and disciplinary perspectives drawing together ecclesiologists professional ecumenists sociologists psychologists and organizational experts *The Reception of the Faith* Gillian Rosemary Evans, 1997 Employing her extensive knowledge church history and current ecumenical thinking Evans explores tensions in the church between individual and community old and new continuity and change John Henry Newman and the Crisis of Modernity Brian W. Hughes, Danielle Nussberger, 2018-11-08 This book blends historical theological and philosophical inquiries into what modernity means with the aim of showing how Newman can analyze critique and explain fruitful ways forward within a diverse range of subjects First it surveys historical and theological topics such as how Newman understood modernity the *sensus fidelium* the role of doubt and modern views of reason Newman s university ideal and a return to the saint for much needed anthropological insights Second the volume shows how Newman s thought can be insightfully applied to key issues within church and society the need to redefine American Catholicism the challenge of secularization the role of Christian joy revelation and religious diversity progress traps and the ecological crisis and overcoming post modern individualism Throughout each chapter contributors consistently bring Newman s original and penetrating thought to bear upon critical themes in theological anthropology ecclesiology comparative theology and spirituality The volume shows how Newman s thought can be extended and enriched by dialogue with contemporary thinkers such as Charles Taylor Pope Francis and Bruno Latour In brief the contributors demonstrate how Newman can help frame contemporary self understandings and various theological and social imaginaries in the light of faith *Ecumenism: A Guide for the Perplexed* R. David Nelson, Charles Raith II, 2017-07-27 Ecumenism A Guide for the Perplexed is a comprehensive introduction to the methods achievements and future prospects of the modern ecumenical movement The authors begin the

volume by charting out a serviceable definition of ecumenism a term that has long been a source of confusion for students of theology and church history They review the chronology of the modern ecumenical movement and highlight the major events figures accomplishments and impasses This historical survey is followed by critical examinations of three significant challenges for contemporary ecumenical theology and practice Along the way the authors provide commentary upon the difficulties and prospects that the ecumenical movement might anticipate as it enters this new millennium *Hermeneutics of Doctrine in a Learning Church* Gregory A. Ryan, 2020-08-10 In *Hermeneutics of Doctrine in a Learning Church* Gregory A. Ryan offers an account of the dynamic multi dimensional task of interpreting Christian tradition He integrates doctrinal hermeneutics the pastorality of doctrine exemplified by Pope Francis and a systematic appraisal of Receptive Ecumenism to provide an original perspective on this task The book focuses on three contemporary Catholic theologians Francis Schüssler Fiorenza Ormond Rush and Paul D Murray highlighting how each recognises the dynamic interaction of multiple perspectives involved in authentic ecclesial interpretation Christian tradition whether passed on in teaching scripture practices or structures needs to be continually received and interpreted This book offers theologians ecumenists and church workers a fresh model for receptive ecclesial learning in which doctrinal hermeneutics and pastoral realities are dynamically integrated

**The Oxford Handbook of John Henry Newman** Frederick D. Aquino, Benjamin John King, 2018 John Henry Newman 1801 1890 has always inspired devotion Newman has made disciples as leader of the Catholic revival in the Church of England an inspiration to fellow converts to Roman Catholicism a nationally admired preacher and prose writer and an internationally recognized saint of the Catholic Church Nevertheless he has also provoked criticism The church authorities both Anglican and Catholic were often troubled by his words and deeds and scholars have disputed his arguments and his honesty Written by a range of international experts *The Oxford Handbook of John Henry Newman* shows how Newman remains important to the fields of education history literature philosophy and theology Divided into four parts part one grounds Newman's works in the places cultures and networks of relationships in which he lived Part two looks at the thinkers who shaped his own thought while the third part engages critically and appreciatively with themes in his writings Part four examines how those themes have shaped conversations in the churches and the academy This Handbook will serve as an important resource to critical and appreciative exploration of the person writings controversies and legacy of Newman

**Acts of Interpretation** S. A. Cummins, Jens Zimmermann, 2018-09-25 This book features essays by biblical scholars and theologians offering broad reflections on key interpretive issues rich readings of challenging biblical texts and interaction with the Christian exegetical tradition from Melito of Sardis to Dietrich Bonhoeffer The contributors to this volume are leading figures in the theological interpretation of Scripture Mindful of the Bible's role in relation to God's purposes people and world these essays together offer acts of interpretation that aim to advance the faithful and fruitful correlation of Scripture theology and culture Contributors Craig G Bartholomew Hans Boersma S A Cummins Peter Enns Stephen E Fowl

Joel B Green Edith M Humphrey Charles Raith II Christopher R Seitz Robert W Wall Jens Zimmermann **American Catholicism Transformed** Joseph P. Chinnici, 2021-04-27 Situating the church within the context of post World War II globalization and the Cold War American Catholicism Transformed draws on previously untapped archival sources to provide deep background to developments within the American Catholic Church in relationship to American society at large Shaped by anti communist sentiment and responsive to American cultural trends the Catholic community adopted strategies of domestic containment stressing the close unity between the Church and the American way of life A focus on the unchanging character of God s law as expressed in social hierarchies of authority race and gender provided a public visage of unity and uniformity However the emphasis on American values mainstreamed into the community the political values of personal rights equality acceptance of the arms race and muted the Church s inherited social vision The result was a deep ambivalence over the forces of secularization The Catholic community entered a transitional stage in which those on the right and those on the left battled for control of the Church s vision International networking reform of religious life among women international congresses of the laity the institutionalization of the liturgical movement and the burgeoning civil right movement positioned the community to receive the Vatican Council in a distinctly American way During the Second Vatican Council the American bishops and theological experts gradually adopted the reforming currents of the world wide Church This convergence of international and national forces of renewal and resistance to them says Joseph Chinnici will continue to shape the American Catholic community s identity in the twenty first century **Koinonia and the Quest for an Ecumenical Ecclesiology** Lorelei F. Fuchs, 2008 The word koinonia has gained prominence in recent ecumenical discussions In this original and substantial work Lorelei Fuchs proposes the theological idea of koinonia commonly translated as communion or fellowship as the key to moving fractured churches toward a future unity Fuchs challenges churches to move beyond mere dialogue and to apply ecumenical insights at the local level She begins by relating the exegetical meaning of koinonia to its ecumenical meaning tracing the place of koinonia both within the churches and between the churches She then examines the concept of koinonia in the extensive and fruitful dialogues that have taken place between Lutherans Anglicans and Roman Catholics finally articulating a symbolic competence for communiality that provides a rich and workable way forward for church unity at all levels Encompassing the latest in ecumenical thought Koinonia and the Quest for an Ecumenical Ecclesiology provides a broad thoughtful framework for realizing Christ s prayer that all may be one so that the world may believe **Ecclesial Recognition with Hegelian Philosophy, Social Psychology & Continental Political Theory** Timothy T.N. Lim, 2017-07-03 Ecclesial Recognition proffers a framework for churches to accept the legitimacy and authenticity of each other as the Church in the dialogical process towards fuller communion Typically recognition and its reception investigate theologically the sufficiency of creeds as ecumenical statements of unity the agreeability of essential sacramentality of the church and the recognition of its ministries as the churches witness of the

gospel This monograph conceives ecclesial recognition as an intersubjective dynamics of inclusion and exclusion amid identity formation and consensus development with insights from Hegelian philosophy group social psychology and the Frankfurt School Axel Honneth's political theory The viability of this interdisciplinary approach is demonstrated from the French Dominican Yves Congar's oeuvre with implications for intra Communion and inter Church relations Dr Lim examines philosophical recognition theory group social psychology and political recognition theory to analyse the non theological impasses confronting the whole ecumenical movement Rev Dr Trevor Hoggard Director English speaking Ministries Methodist Church of New Zealand Lim masterfully argues for the viability of an interdisciplinary approach to ecumenical recognition within communities among churches and in their common pastoral mission Fr and Professor Radu Bordeianu Duquesne University and Orthodox theologian Representative of the Greek Orthodox Metropolis of Pittsburgh and Assistant Priest of Holy Trinity Greek Orthodox Church in Pittsburgh This book makes an important contribution to ecumenical ecclesiology Rev Dr and Professor Sandra Beardsall St Andrew's College Canada and United Church of Canada Ordained Minister I find Dr Lim's work a solid and necessary contribution to ecumenical work around the world Rev Dr and Professor Dominick D Hanckle Regent University and priest of the Communion of Evangelical Episcopal Churches With penetrating analysis and creative suggestions this monograph takes the talk about ecumenical recognition in a new level Professor Veli Matti Kärkkäinen University of Helsinki Presence and Prophecy, 2002 How does theological education equip people to face the challenges of mission and ministry in a changing world How does Christian presence in society make a difference and how can the Churches speak prophetically of God's purposes today This book suggests how theological education can provide essential opportunities to find encouraging and helpful answers to these questions It explores the kind of world we live in and asks what kind of teaching and learning experiences help Christians to become people with hearts for mission It takes a fresh look at elements of the theological curriculum and suggests a new vision and hope for all the Churches It is also accompanied by a study guide **Reformation**, 1999 **Rereading Galatians from the Perspective of Paul's Gospel** Yung Suk Kim, 2019-10-29 Galatians has often been read from a rhetorical perspective with an emphasis on justification by faith Paul's autobiographical experience proofs of the gospel and exhortations to the Galatians However it can be read as a letter of which the main theme is the gospel an umbrella term that covers many other topics including faith righteousness freedom and new creation Paul writes Galatians not to argue for an individual justification by faith understood from a forensic salvation perspective but to make explicit his gospel that all can become children of God through faith In Paul's logic what comes first is God's promise faith is a response to it through Christ and the law can be fulfilled through faith The gospel that Paul proclaimed to the Galatians is based on God who called them in the grace of Christ 1 6 Kim challenges the traditional reading of Galatians exploring different dimensions of the gospel 1 God as the origin and root of the gospel 2 Christ as the exemplifier of God's gospel through faithfulness 3 the followers of Jesus as the children of God who participate

in Christ's faithfulness and continue to proclaim the good news of God through Jesus

## **Index to Book Reviews in**

**Religion**, 1999     *Crucible*, 1999     *Writing the Gospels* Catherine Sider Hamilton, Joel Willitts, 2019-02-21 In this book prominent biblical scholars engage with Francis Watson's most striking arguments on the creation of the gospels. Their contributions focus in particular on his argument for a fourfold gospel rather than four separate gospels; his argument against Q but for an early sayings collection; and on the larger landscape of Jesus studies: gospel reception and interpretation. The contributors ask whether and in what ways Watson's reorientation of gospel studies is successful and explore its implications for research. Leading scholars including Jens Schröter, Margaret Mitchell, Richard Bauckham, and many others provide a close critical and creative engagement with Watson's work. More than merely a critical review of Watson's writing, this book carries forward his work with fresh treatments and provides an essential volume for students and scholars seeking to understand the landscape of gospel studies and to explore new directions within it.     *Rereading the "Shepherd Discourse"* Karoline M.

Lewis, 2008 The history of scholarship narrates a complicated past for the interpretation of the Shepherd Discourse in the Fourth Gospel. Both the internal and contextual integrity of John 9:39-10:21 have been compromised by a misapplied analogy dividing the passage into a parable and explanation structure and by reading models that favor historical approaches. As a result, the images and figures encountered in the discourse have not been allowed their full imaginative impact, and the tendency is to look outside the Gospel for their referents and explanations. The meaning of the Shepherd Discourse lies not in its relation to the rest of the Fourth Gospel but to that which is imported into the narrative. Moreover, its function as the discourse to chapter 9 and in the whole of the Gospel is overlooked. Lewis employs the strategy of rereading borrowed from literary theory to address the internal integrity of the discourse and the relationship of the discourse to the rest of the narrative. The literary phenomenon of rereading highlights the interconnectedness of the whole of the discourse and allows all of the imagery to be assessed at a figurative level. Rereading also foregrounds the function of John 9:39-10:21 as the discourse to the healing of the blind man in chapter nine and calls attention to the importance of the Shepherd Discourse for the interpretation of the Fourth Gospel, especially the often ignored image of Jesus as the door. This book suggests that rereading is necessitated by the Gospel itself as a fundamental feature of its unique theological expression.     **The Doubt of**

**the Apostles and the Resurrection Faith of the Early Church** J. D. Atkins, 2019-08-02 Why do the Gospels depict the risen Jesus as touchable and able to eat? J. D. Atkins challenges the common view that Luke 24 and John 20 are apologetic responses to docetism by re-examining the redaction of the appearance stories in light of their reception among early docetists and church fathers. Horton, 2011-01-04 Theology: the study of God is a concern for every believer, not just theologians or those in ministry. It's the goal of good theology to humble us before the triune God of majesty as we come to understand him better. This is a book of and about good theology. Award-winning author, theologian, and professor Michael Horton wrote *The Christian Faith* as a book

of systematic theology and doctrine that can be preached experienced and lived as well as understood clarified and articulated It s written for a growing cast of pilgrims in ministry and laity who are interested in learning about Christ as a way of living as a Christian Who understand that knowing doctrine and walking in practical Christianity are not competing interests The Christian Faith is divided into six parts five of which each focus on an aspect of God while the first part sets up an understanding and appreciation for the task of theology itself addressing topics like The source of theology where the idea of theology comes from and what its limits are The origin of the canon how the modern Bible came about and why we can trust it The character of theology is the nature of theology practical theoretical or can it be both In a manner equally as welcoming to professors pastors students and armchair theologians Horton has organized this volume in a readable fashion that includes a variety of learning features A brief synopsis of biblical passages that inform certain doctrines Surveys of past and current theologies with contemporary emphasis on exegetical philosophical practical and theological questions Substantial interaction with various Christian movements within the Protestant Catholic and Orthodoxy traditions as well as the hermeneutical issues raised by postmodernity Charts sidebars questions for discussion and an extensive bibliography divided into different entry levels and topics At the heart of this book is a deep love for and curiosity about God Its basic argument is that a personal relationship with God goes hand in hand with the pursuit of theology It isn t possible to know God without studying him
