**The Art of Contemplation** Mary Angelon Young, 2021-04-01 This book was written during the global pandemic of 2020 when the gravity of our situation called us as individuals to sanity and inner strength Sheltering in place or in confinement as some prefer we entered into a fierce and strange new world If we had not actively developed our contemplative side before this the insistent benevolent voice of that inner world so famously avoided in today's society now sounded a clarion call The Art of Contemplation is intended to inspire your own reflections as I explore the timeless treasure house of contemplation the reasons we actually need it and how to work with the blocks that most of us encounter on the way For contemplation is a journey within with no beginning and no end taken from anywhere and everywhere that we find ourselves in life For the theists among us our contemplations will organically lead to prayer just as bud goes to flower and flower goes to seed which drops to the ground to begin another round of creation For the nontheists the inner state of contemplative prayer might be called inner stillness meditation on truth or the practice of pure awareness or even inner yoga as yoga is anything that links us to the Divine It does not matter what we call it What does matter is that we as human beings evolve in a mutual love affair with the Universe from which we are created What matters is praise There is a time to beg for grace to intervene in the sufferings we endure as human beings As we contemplate our own awareness within the mystery of life we begin to expand our generosity as vessels of awareness of awakened consciousness for our own personal transformation and for the benefit of all beings Then our inner yoga takes flight Resting in receptive inner space enables us to rejuvenate and restore to tap intrinsic healing intuitive and creative energies at the level of source water where the river of life flows pristine and we touch the ineffable The Taoists have a beautiful way of expressing it Lao Tzu said Muddy water let stand becomes clear Clarity is one of the many gifts of contemplation and as we build a capacity for the inner journey a sacred world is revealed in the mirror of the soul **Forthcoming Books** Rose Arny, 1997-04 *Healing Prayer* Ellen Gould Harmon White, 2003

the Christian Church's teachings about healing and the relationship between healing and the presence of the Divine in times of suffering. It also presents a practical rationale for inner healing prayer and suggests ways to find spiritual transformation in everyday life. Part Two presents ten different healing prayer experiences: 1 Healing of Memories Prayer inviting the Holy One into a painful memory to break through the past with the power of grace in the present; 2 Forgiveness Prayer asking Jesus to accompany you on a journey to give and receive forgiveness and healing in a painful relationship; 3 Journal Prayer using the intuitive powers of the mind to reveal the presence of the Infinite within you; 4 Centering Prayer passing beyond thoughts, images and feelings to rest in Divine Love; 5 Scripture Prayer moving into the details and emotions of a biblical passage to listen to the Holy One speaking personally from within the text; 6 Fantasy Prayer guided imagery prayer using the imagination to set the stage for a prayerful encounter with an inclusive God who is beyond all names: Creator, Holy Wisdom, Sacred Mystery, Abba, Amma, Christ, and present in every faith tradition and beyond all religions; 7 Relaxation Prayer releasing stressful situations, relationships to God, your Higher Power, and discovering the Holy One's abiding, indwelling, tender presence everywhere; 8 Healing Affirmations for Daily Living affirming messages from the Spirit within you; 9 Prayer for Healing Families, Races, Nations, Religions, and Earth, expanding consciousness to fully know that all are one; 10 Prayer of the Sufferer encountering Divine Compassion in the midst of pain, unanswered questions, and puzzling mysteries. This book does not advocate a theoretical approach that merely teaches about inner healing prayer and meditation. Rather, it attempts to integrate a contemporary theological perspective with a creative experiential approach. This book is written with the conviction that we learn to pray by praying, not by reading or talking about prayer. It is also written from the conviction that healing prayer is an attainable, life-changing power. As we experience the abundant love of Divine Presence dwelling within us and energizing us, we can rejoice in our identity as a beloved image of God. We can celebrate a new freedom that liberates us from bonds that limit our spiritual potential, learn to forgive and ask forgiveness with greater courage, become more aware of our own growing edges, and develop greater compassion for others. I hope you will reap rich rewards from this exploration into inner healing prayer and from your experience of the power of grace illuminating your path to the peace that surpasses understanding.
