Redefining Fatherhood:

Redefining Fatherhood Nancy E. Dowd, 2000 Down law U of Florida offers a progressive discussion of the economic social and legal aspects of fathering making a case for greater emphasis on the social nurturing behavior involved in parenting to redefine the role men play in the lives of their children She also explores the barriers to such redefinition including concepts of masculinity the interconnections between fathers and mothers male violence and homophobia Annotation copyrighted by Book News Inc Portland OR

Redefining Fatherhood Nancy E. Dowd, 2000-07-01 Most fathers parent less than most mothers Those fathers who do parent equally or more so than mothers are poorly supported by our society For children this means a loss of adult care as well as an ongoing and sharply defined differentiation between fathers and mothers Fathers are not present in children s lives to a significant degree if at all or when they are present they are often rendered socially invisible For many men their parenthood is defined as biological or economic while a minority of men struggle against the presumption that they are not caregivers In *Redefining Fatherhood* Nancy Dowd argues that this skewed social pattern is mirrored and supported by law Dowd makes the case for reenvisioning fatherhood away from genes and dollars and toward nurture Integrating economic social and legal aspects of fathering she makes the case for focusing on social nurturing behavior as the core meaning of fatherhood In this nuanced and complex analysis she explores the barriers to redefinition including concepts of masculinity the interconnections between fathers and mothers male violence and homophobia *Redefining Fatherhood* offers a progressive view on how men and society at large can change understandings and practices of fatherhood
