

some day as to whether Mr. Hitchcock has cast his subject in too heroic a mould; but it will undoubtedly accord this Czech leader a high place in European statesmanship. This is not the definitive biography of Mr. Beneš, but it makes a useful contribution, particularly on the strictly personal side.

G. BERNARD NOBLE

The Redemption of Democracy: The Coming Atlantic Empire. By Hermann Rauschning. Translated from the German by Barrows Mussey. (New York: Alliance Book Corporation, 1941. pp. 243. \$3.00. No Index.) It is difficult to state clearly just what Rauschning means by this book. Day by day he watches the bombing of London and he writes through these days, trying to say what is the meaning of the conflict. He seeks the causes of the debacle of European order and he makes predictions of the future. Rauschning has no positivistic mind; he is a German still though he works for the downfall of his former leader. With a mind that once let him follow Hitler, he now uses the same intellectual techniques to intuit the future of democracy. While he does not speak as an Anglo-American, perhaps cannot speak so, his book is no less valuable in the struggle of all thinkers today to understand the processes of the world which has come to the present crisis. Europe is ceasing to be the intellectual and political center it has been for so long. "Around the Atlantic Ocean some sort of new Empire of peace may grow up. The power nucleus of the new order is springing from a union of the Anglo-Saxon peoples. Europe will become a hinterland" (pp. 236-37). But it was not fated so, nor was it inevitable that the Germans should have lost their great opportunity. On the other hand, Rauschning has little confidence in the doctrinaires, with their schemes of the planned leviathan. Democracy and the strong state do not go together (p. 185). The planned society is finally a despotism. We cannot banish Caesarism by outdoing it. "In the present crisis we must take inventory of all the forces making for a conservative way of life, and there must be a new articulation of conservatism" (p. 187). Or, again, he says: "Democracy is a balance of varying forces; democracy is decentralization, and not simply formal separation of powers. Above all, democracy is the continual development of tradition. The time is past when democracy was considered equivalent to radicalism" (p. 193).

FRANCIS G. WILSON

International Labor, Diplomacy and Peace 1914-1919. By Austin Van der Slice. (Philadelphia: University of Pennsylvania Press, 1941. pp. xi, 408. Index. \$4.00.) It is worth while to reexamine in retrospect the background of the experiment we know as the I.L.O. The pre-war labor movement gave birth to a system of social internationalism that had not been tried before. The author does not examine that experiment, but he describes the ideological chaos out of which it grew. The rehearsal of that chaotic story is not easy. The author carries it along in twelve separate installments of apparently disparate movements. The author calls his thirteen chapters: (1) Introduction; (2) Realistic setting for the war aims; The war aims of (3) international labor, (4) French labor, (5) British labor, (6) American labor; (7) Labor's peace diplomacy; (8) Popular front organizations aiding labor's peace program; (9) The labor movement and President Wilson; (10) Government and labor; (11) Labor on the threshold of the peace; (12) The Bern Conference and its aftermath; and (13) Labor's lobbying at Paris. Bibliography. This is the history of description and not of analysis. The study is an excellent collation and summary of the relevant

Victor Oguejiofor Okafor

Redemption Of Democracy:

Redeeming Democracy in America Wilson Carey McWilliams, 2011-05-24 Wherever we turn in America today we see angry citizens disparaging government distrusting each other avoiding civic life and professing a hatred of politics and politicians of all stripes Is our situation hopeless Wilson Carey McWilliams wouldn't think so McWilliams one of the preeminent political theorists of the twentieth century was closely identified with an ambitious intellectual enterprise to reclaim and restore democracy as a source of national veneration inspiration and salvation Better than most of his contemporaries he understood and illuminated the major sources of the political malaise that afflicts our nation's citizens For him the key to reinvigorating our republic depends on our ability to reclaim the second voice of American politics the one that emanates from our literature churches families and schools and speaks out on behalf of community and civic responsibility The writings gathered here cohere into McWilliams's most mature and most developed philosophical statement the distillation of a distinguished career of thinking about the American experiment From insights into The Framers and the Constitution to reflections on America as Technological Republic he shares a love for an older tradition of democracy one based upon the active self rule of self governing citizens Protestant Prudence and Natural Rights and On Equality as the Moral Foundation for Community may force readers to adjust their understandings of American politics while Democracy and the Citizen and Political Parties as Civic Associations will resound for observers of the current political scene regardless of party Carey McWilliams not only offers a prescient analysis of the current crisis in American citizenship and governance but also shows us what sources within the American tradition might exist to save us from our worst selves His broad and iconoclastic approach to American politics should appeal to both conservatives and liberals to anyone in fact who cares about the state of democracy in America

Discordant Democracy: Noise, Affect, Populism, and the Presidential Campaign Justin Patch, 2019-01-15 Discordant Democracy Noise Affect Populism and the Presidential Campaign paints a portrait of the political experience at a pivotal time in American political and social history The modern political campaign is aestheticized and assimilated into mass culture divorced from fact and policy and nakedly tethered to emotional appeal Through a multi modal comparative examination of the sonic and emotional cultures of the 2008 and 2016 campaigns Justin Patch raises critical queries about our affective relationship to modern politics and the impact of emotional campaigning on democracy Discordant Democracy asks how do campaign sounds affect us what role do we the electorate play in creating and sustaining these sounds and affects and what actions do they generate Theories from anthropology cognitive science sound studies and philosophy are engaged to grapple with these questions and connect bombastic mass mediated political events campaign media and individual sonic experience The analyses complicate notions of top down campaigning political spin and enthusiastic millennial populism by examining our role in producing and animating political sounds through conversation applause laughter media and music

The Power of Memory in Democratic Politics Philip J. Brendese, 2014 Offers an

examination of ancient modern and contemporary political theories and practices in order to develop a more expansive way of conceptualizing memory how political power influences the presence of the past and memory's ongoing impact on democratic horizons

Passion for Justice Harlan Beckley, 1992-01-01 This valuable book explores how theology ethics and public policy are related in the thoughts and lives of Walter Rauschenbusch John A Ryan and Reinhold Niebuhr three individuals who have each had a great impact on Christian thinking about justice

Democracy, Real and Ideal Ricardo Blaug, 1999-03-18 Explores the political implications of Habermas's theory of discourse ethics through a resurrection of its radical potential when applied to participants in decision making groups

Modernization, Democracy and Social Classes Martín Unzué, Diego Ezequiel Pereyra, 2025-07-04 Gino Germani's intellectual itinerary is a key step in the understanding of sociology in Latin America Offering a fresh perspective this book seeks to strengthen a better reflection on the history of sociology and social sciences in the region through a reconstruction of the content and context of his enormous production and its legacies and legitimacies The volume argues that Germani made a huge contribution to the development of sociology and social thought not only in Argentina and South America but also throughout Latin America United States and Italy with an enriching and original interdisciplinary perspective It identifies his theoretical and conceptual proposals and empirical approach and discusses the implications of his ideas in different regional national and local experiences and contexts In particular they promote the prospect of comparative studies focused on different areas of the Global South A vital collection of work on a key thinker in Latin American Sociology for scholars and students of Sociology in the Americas and the Global South

Nigeria's Stumbling Democracy and Its Implications for Africa's Democratic Movement Victor Oguejiofor Okafor, 2008-07-30 Nigeria's Stumbling Democracy and its Implications for Africa's Democratic Movement is the first book to recount and analyze Nigeria's controversial general elections of April 2007 Because Nigeria's immense and diverse population of 140 million people and its wealth of natural resources make it a microcosm of Africa Nigerian politics are an ideal case study and bellwether by which to view and understand African politics and the ongoing democratic experiments on the continent Ten leading scholars of Nigerian and African politics variously based in Nigeria the US and Europe contribute original chapters commissioned by Professor Okafor to provide an account at once deep and comprehensive of what went wrong with these disputed presidential federal and state elections together with their implications for the future of the democratic movement both in Nigeria and in Africa as a whole Although the 2007 general elections resulted in the first ever handover of political power from one civilian government to another in the history of Nigeria by which the two term Christian president Olusegun Obasanjo was succeeded by a Muslim Alhaji Musa Yar Adua they were condemned by internal and international watchdogs for pervasive vote rigging violence intimidation and fraud which were as this book documents perpetrated by and with the connivance of the nation's security forces The disappointment of continental hopes that these elections might finally break with Nigeria's history of tainted elections has grave repercussions for the democracy movement

not only in Nigeria but throughout Africa as seen in the knock on effect upon the disastrous general elections in Kenya later the same year The Road to Redemption Michael Perman,2004-01-21 One of the most dramatic episodes in American history was the attempt to establish a two party political system in the South during Reconstruction Historians however have never systematically analyzed the region s political process during that era Michael Perman undertakes this task arguing that the key to understanding Reconstruction politics can be found in the factions that developed inside the two parties Not only did these factions play a crucial role in determining each party s policies and electoral strategies but they also shaped the course of the South s overall political development during this critical period In the first section of Road to Redemption Perman offers a provocative and original analysis of the characteristics and priorities of the two parties explaining how the South s untried and volatile party system operated during Reconstruction By the mid 1870s this system had begun to collapse The book s concluding section explains how and why the Republican party and Reconstruction were overthrown and describes the Democratic ascendancy that replaced them Perman s innovative study integrates the history of Reconstruction and Redemption and challenges the prevailing interpretation of who the Redeemers were and how they rose to power

Powers of the Secular Modern David Scott,Charles Hirschkind,2006 This book presents a set of critical engagements by writers from a variety of disciplines with the work of noted anthropologist Talal Asad **Congressional Record** ,1894

Discover tales of courage and bravery in is empowering ebook, **Redemption Of Democracy** . In a downloadable PDF format (*), this collection inspires and motivates. Download now to witness the indomitable spirit of those who dared to be brave.
