Masculinities Raewyn Connell, 1995 Here is a powerful reply to Iron John a fresh look at the complicated nature of what R W Connell calls masculinities One of the most important voices in the new feminist scholarship by men Connell provides a nuanced and incisive analysis of how our notions of masculinity have evolved in psychoanalysis social science and historically in the creation of a global economy There is not one but many masculinities he claims in a bold critique of the men's movement and other simplistic approaches to sexual identity Instead Connell delineates the complicated dynamics of masculine politics and recent changes in male identity Drawing on rich ethnographic work Connell offers portraits of dozens of men of different classes some working to change masculinities some resisting change Eel openly disparages his wife The first chance I can see to get rid of her she's gone Mark who calls himself a very straight gay thinks men should behave in traditionally masculine ways If you're a guy why don't you just act like a guy he asks Danny undertaking the long haul of his own sexism admits It's hard not to be aggressive sometimes Connell offers the first critical history of ideas and the most sophisticated theoretical analysis of masculinity to date His attempts to understand changes in male identity and to think about these issues on a global scale are unique Integrating social science feminist theory gay theory and psychoanalysis in an innovative yet unusually accessible way he develops a new theory of masculinity politics This is a book for everyone interested in the history of western masculinities and the sexual politics of the contemporary era

Mothers, Warriors, Guardians of the Soul Geraldine Theresa Horan, 2012-08-09 This study shows that women involved in National Socialism in the years 1924 1934 developed and shaped a recognizable discourse which communicated and reflected their position and status within the NS movement The analysis is based on a variety of text types produced by members of NS women s organisations and includes official correspondence circulars reports pamphlets monographs and articles from NS women s journals It draws upon several areas of linguistic theory including feminist linguistics semantics pragmatics and discourse analysis and the salient features identified in the female discourse are placed within a sociolinguistic framework While previous research into the language of the NS system has largely ignored the possibility of a cohesive female discourse the study supports the idea that this discourse was dynamic and at times heterogeneous whilst also displaying many self defining and self referential features It is characterised by its ambiguities and apparent contradictions which expresses separateness and difference yet also solidarity with the NSDAP
