Rediscovering The Presence Of God:

Rediscovering the Ministry of Blessing Russ Parker, 2014-02-20 The Bible teaches us Russ Parker writes that blessing is a unique ministry resource gifted to believers to effect the purposes of God in peoples lives In this enthralling book the author tells of situations of family estrangement depression and chronic illness of times of hopelessness and helplessness where miraculous transformation has been wrought through calling on God to bless someone with the richest blessing they are able to receive As he has travelled the country teaching on the ministry of blessing Russ has seen an enthusiastic response and uptake especially amongst those involved in prayer ministry He believes it is time for all who want to be part of God s renewal both in church and through reaching out to the wider community *Rediscovering the Presence of God* Edward Thal, 2004-06-30 So much that passes for Christianity today is a pale shadow of what God intends for His people The modern Christian experience is often defined by its extremes of dry orthodoxy or shallow emotionalism Many sincere believers are trapped at one of these unhappy poles because they have never been taught how to experience the liberating reality of a true walk with God The simple keys presented here are addressed to those who are weary of this spiritual wilder ness and desire above all else to rediscover His Presence and so enjoy the glorious liberty of the children of God Rediscovering God's Grand Story James M. Roseman, 2017-09-15 In the passage to modernity we in the West have lost the ability to see things whole We ve closed our minds to all things transcendent and default to unbelief and can t make sense of the persistent echoes of the voice of God that reverberate in our souls In *Rediscovering God s Grand Story* James Roseman picks up the strands of science philosophy history the arts and theology and reweaves the tapestry to see a coherent story that makes the best sense of the world and provides real meaning and significance to our lives God s Grand Myth We see that the signals of transcendence that confound our culture of doubt are a universal language and vocabulary of the heart echoing the voice of God and in the very Judeo Christian story we so readily jettison is found the Author enabling us to see the world whole again This essay tells why the story and promise of Christianity is so hard to hear today but won t go away Could it be that as T S Eliot wrote in the mid twentieth century at the end of all our exploring will be to arrive where we started and know the place for the first time Rediscovering Jesus in Our Places Elia Shabani Mligo, 2020-05-28 The question of contextual theology and its relevance to Africa in this time of globalization whereby there are rampant uncontrolled changes in cultures technologies economic policies and even people s religious lives is very urgent How is contextual theology relevant in the ever changing contexts of the church in Africa Indeed there are a number of challenges which contextual theology faces within the church in Africa which need to be addressed contextually Some such challenges include poverty rampant violence homosexuality alcoholism the resurgence of prosperity gospel materialistic prophets and incurable illnesses like Ebola HIV and AIDS and the current coronavirus COVID 19 However which context in Africa Context in Africa as in other parts of the world is always in flux it is complex and fluid There is no permanent context The experience of Jesus in such a changing

context needs to be rediscovered depending on what transpires in each particular place at a particular time This book addresses some of the overarching challenges that face contextual theology and how such challenges should be addressed by the church in Africa in contemporary ever changing context for it to be relevant in Africa It also highlights the need to move from liberation and inculturation theologies to reconstruction theology in dealing with the challenges of the current church Hence the book is important to students and scholars engaging in practical systematic biblical and contextual theologies in all their branches

Rowe,1994-01-01 An inquiry into how westerners can tap into their own philosophical and spiritual traditions to grow beyond their unsteadiness of relations inner dullness and underlying absence of vision or orientation and become more alert compassionate and intelligent Reviews the Zen worldview and such western traditions as the mystical Christ Socrates a
