Scott C. Dulebohn

Reducing Gun Violence Results From An Intervention In East Los Angeles:

Reducing Gun Violence George Tita,K. Jack Riley,Greg Ridgeway,Clifford A. Grammich,Allan Abrahamse,2003-09-12 To assess whether an initiative to reduce gun violence that had been successful in Boston could be adapted for use elsewhere researchers selected an East Los Angeles area for a similar intervention that was to include both law enforcement and social service components Although the latter component was not widely available when the intervention began researchers found that the intervention helped reduce violent and gang crime in the targeted districts and that crime also decreased in surrounding communities

Reducing Gun Violence George Tita,K. Jack Riley,Greg Ridgeway,Clifford A. Grammich,Allan Abrahamse,2011-01-05 To assess whether an initiative to reduce gun violence that had been successful in Boston could be adapted for use elsewhere researchers selected an East Los Angeles area for a similar intervention that was to include both law enforcement and social service components Although the latter component was not widely available when the intervention began researchers found that the intervention helped reduce violent and gang crime in the targeted districts and that crime also decreased in surrounding communities

Reducing Gun Violence ,2005 **Celebrities Against Violence** Truman R. Keys,2022-03-23 Violence is more than an issue in America It is a pandemic its negative impacts and corrosive character are harming us whether we are a victim a bystander or professional tasked with public health and safety Violence affects us regardless of class or social standing For decades celebrities and well known public figures have taken to the media to share their own experiences with violence This book spotlights the celebrities and their loved ones who have survived self harm bullying intimate partner violence sexual assault family abuse home invasion gun violence or police brutality Violence prevention experts increasingly recognize the influence of celebrities and work with them to spread awareness This collection of case studies aims to support this growing influence by documenting the effects of violence prevention through celebrity advocacy

Strategies for Disrupting Illegal Firearm Markets Greg Ridgeway,2008 Could a data driven problem solving approach yield new interventions to disrupt local illegal gun markets serving criminals gang members and juveniles in Los Angeles Law enforcement can analyze patterns in crime gun data to trace illicit firearm acquisition use community based interventions to stem the illegal flow and use retail ammunition purchase records in identifying prohibited firearm possessors

Firearms and Violence National Research Council,Division of Behavioral and Social Sciences and Education,Committee on Law and Justice,Committee to Improve Research Information and Data on Firearms,2005-01-13 For years proposals for gun control and the ownership of firearms have been among the most contentious issues in American politics For public authorities to make reasonable decisions on these matters they must take into account facts about the relationship between guns and violence as well as conflicting constitutional claims and divided public opinion In performing these tasks legislators need adequate data and research to judge both the effects of firearms on violence and the effects of different violence control policies Readers of the research literature on firearms may sometimes

find themselves unable to distinguish scholarship from advocacy Given the importance of this issue there is a pressing need for a clear and unbiased assessment of the existing portfolio of data and research Firearms and Violence uses conventional standards of science to examine three major themes firearms and violence the quality of research and the quality of data available The book assesses the strengths and limitations of current databases examining current research studies on firearm use and the efforts to reduce unjustified firearm use and suggests ways in which they can be improved Guns in American Society Gregg Lee Carter, 2012-05-04 Thoroughly updated and greatly expanded from its original edition this three volume set is the go to comprehensive resource on the legal social psychological political and public health aspects of guns in American life The landmark 2002 edition of Guns in American Society An Encyclopedia of History Politics Culture and the Law was acclaimed for helping readers get beyond the sometimes overheated rhetoric and navigate the overwhelming amount of unbiased academic research on gun related issues Now in light of the steady rate of gun violence and several high profile shooting incidents this extraordinary three volume work returns in a timely and thoroughly updated edition With over 100 new entries the latest edition of Guns in American Society is the most current resource available on all aspects of the gun issue including rates of violence gun control gun rights regulations and legislation court decisions pro and anti gun organizations gun ownership hunters and collectors public opinion toward guns and much more With expert contributions from the fields of criminology history law medicine politics and social science it gives students journalists policymakers and researchers a foundation for their own investigations while helping readers of all kinds make decisions as family members potential gun owners and voters *The Oxford Handbook of Gangs and Society* David C. Pyrooz, James Densley, John Leverso, 2024 The *Oxford Handbook of Gangs and Society* is the premier reference book on gangs for practitioners policymakers students and scholars This carefully curated volume contains 43 chapters written by the leading experts in the field who advance a central theme of looking back moving forward by providing state of the art reviews of the literature they created shaped and re defined This international interdisciplinary collective of authors provides readers with a rare tour of the field in its entirety expertly navigating thorny debates and the at times contentious history of gang research while simultaneously synthesizing flourishing areas of study that advance the field into the 21st century The volume is divided into six cohesive sections that reflect the diverse field of gang studies and capture the large scale cultural economic political and social changes occurring within the world of gangs in the last century anticipating immense changes on the horizon From definitions to history to theory to epistemology to technology to policy and practice this unprecedented volume captures the most timely and important topics in the field From curious outsiders to longstanding insiders this volume will appeal to anyone with an interest in gangs The editors assembled a cast of the best scholars shaping how the field thinks about gangs The content is fresh timely and informative appealing to everyone from the armchair theorist to the federal policymaker It is truly a one stop shop for anyone seeking the most up to date information on gangs written by experts who approach the topic

from very different disciplinary orientations methodological approaches and theoretical perspectives When readers finish this book they will be more confident in what we know and do not know about gangs in our society

The Oxford Handbook of Environmental Criminology Gerben J.N. Bruinsma, Shane D. Johnson, 2018-02-08 The study of how the environment local geography and physical locations influence crime has a long history that stretches across many research traditions These include the neighborhood effects approach developed in the 1920s the criminology of place and a newer approach that attends to the perception of crime in communities Aided by new technologies and improved data reporting in recent decades research in environmental criminology has developed rapidly within each of these approaches Yet research in the subfield remains fragmented and competing theories are rarely examined together The Oxford Handbook of Environmental Criminology takes a unique approach and synthesizes the contributions of existing methods to better integrate the subfield as a whole Gerben J N Bruinsma and Shane D Johnson have assembled a cast of top scholars to provide an in depth source for understanding how and why physical setting can influence the emergence of crime affect the environment and impact individual or group behavior The contributors address how changes in the environment global connectivity and technology provide more criminal opportunities and new ways of committing old crimes They also explore how crimes committed in countries with distinct cultural practices like China and West Africa might lead to different spatial patterns of crime This is a state of the art compendium on environmental criminology that reflects the diverse research and theory developed across the western world

Handbook of Crime Prevention and Community Safety Nick Tilley, Aiden Sidebottom, 2017-03-27 This second edition of the Handbook of Crime Prevention and Community Safety provides a completely revised and updated collection of essays focusing on the theory and practice of crime prevention and the creation of safer communities This book is divided into five comprehensive parts Part I brand new to this edition is concerned with theoretical perspectives on crime prevention and community safety Part II considers general approaches to preventing crime including a new chapter on the theory and practice of deterrence Part III focuses on specific crime prevention strategies including a new chapter on regulation for crime prevention Part IV focuses on the prevention of specific categories of crime and the fear they generate including new chapters on organised crime and cybercrime Part V considers the preventative process the methods through which presenting problems can be analysed responses formulated and implemented and their effectiveness evaluated Bringing together leading academics and practitioners from the UK US Australia and the Netherlands this volume will be an invaluable reference for researchers and practitioners whose work relates to crime prevention and community safety as well as for undergraduate and postgraduate courses in crime prevention
