journey from the populist mayhem of flea markets to the rarefied realm of auctions reveals the rich often outrageous subculture of antiques and collectibles Millions of Americans are drawn to antiques and flea market culture whether as participants or as viewers of the perennially popular Antiques Roadshow or the recent hit American Pickers This world has the air of a lottery a 20 purchase might net you four five or six figures Master dealer Curt Avery the unlikely star of Killer Stuff and Tons of Money plays that lottery every day and he wins it more than most Occasionally he gets lucky but more often

he draws on a deep knowledge of America's past and the odd fascinating and beautiful objects that have survived it. Week in week out Avery trawls the flea and antiques circuit buying selling and advising other dealers in his many areas of expertise from furniture to glass to stoneware and more. On the surface he's an improbable candidate for an antiques dealer. He wrestled in high school and still retains the pugilistic build he is gruff funny and profane he favors shorts and sneakers even in November and he is remarkably generous toward both competitors and customers who want a break. But as he struggles for a spot in a high end Boston show he must step up his game and perhaps more challenging fit in with a white shoe crowd. Through his ascent we see the flea market for what it truly is less a lottery than a contact sport with few rules and many pitfalls. This rich and sometimes hilarious subculture rewards peculiar interests and outright obsessions one dealer specializes in shrunken heads another wants all the postal memorabilia he can get. So Avery must be a guerrilla historian and use his hard earned knowledge of America's past to live by and off his wits. Only the smartest survive in one of America's most ruthless meritocracies. Killer Stuff and Tons of Money is many things an insider's look at a subculture replete with arcane traditions and high drama an inspiring account of a self made man making his way in a cutthroat field a treasure trove of tips for those who seek out old things themselves and a thoroughly fresh vibrant view of history as blood sport.
