Reenchantment Of Art:

The Reenchantment of Art Suzi Gablik, 1992 Argues that artists should reject the patriarchal system that only causes alienation and engage in a spiritual quest connected to ritual myth and the earth *The Reenchantment of Art* Suzi Gablik, 1995 *The Reenchantment of Art* Suzi Gablik, 1998 *Sacred Interconnections* David Ray Griffin, 1990-01-01 This book shows the interconnections between postmodernism religion politics economics and art It shows that the awareness of interconnectedness is at the center of the postmodern sensibility *Sacred Interconnections* illustrates the rejection of the modern idea that these subjects can be discussed as separate disciplines While the term postmodern has been widely used for deconstructive cynical even nihilistic attitude especially in the world of art and literature the book represents the emergence of a reconstructive reenchanting postmodernism even within the artistic and literary circles Mexican Media Art, Ecologies, the Posthuman, and Politics Claudia Costa Pederson, 2025-03-31 This volume focuses on the connection between ecological thought and the technological arts in Mexico in order to challenge assumptions that ecological thought is a domain exclusive to the arts of the Global North and reconceive it as an inventive nexus of materialist speculations into a global posthuman world Tracking the concept of ecology through a series of case studies taken from the histories of new media arts in Mexico over the last 50 years from the mid twentieth century to the present this book differs from ecological art histories that either ignore technological art or associate it exclusively with the Global North It includes artists and collectives working both in Mexico and transnationally and examines collaborative projects responding to anthropogenic environmental degradation in Mexico and elsewhere The book will be of interest to scholars working in art history Latin American studies media studies and environmental studies **Reclaiming the Spiritual in Art** Dawn Perlmutter, Debra Koppman, 2016-02-24 From Walt Disney World to the movie *Natural Born Killers* this book explores uncommon indicators of the spiritual in contemporary art and culture Drawing on a diversity of perspectives in philosophy and aesthetics to highlight conscious and unconscious manifestations of the sacred in art this work makes a compelling case for its continued contemporary relevance Contributors include Andrew Doerr Melissa E Feldman Cher Krause Knight Debra Koppman Janice Mann Dawn Perlmutter Crispin Sartwell and Susan Shantz **The Art of Re-enchantment** Nick Wilson, 2014 Historically informed performance HIP has provoked heated debate amongst musicologists performers and cultural sociologists In *The Art of Re-enchantment Making Early Music in the Modern Age* author Nick Wilson answers many salient questions surrounding HIP through an in depth analysis of the early music movement in Britain from the 1960s to the present day *Art-Care Practices for Restoring the Communal* Barbara A. Bickel, R. Michael Fisher, 2022-12-28 This book contributes to a larger global call to radically re create ourselves to transform our fear and alienation from art Nature and ourselves With compassion and grace the co authors outline how everyone may access the gift of Spontaneous Creation Making and change dominant narratives of individualism Discovering interconnectivity through art care we can dream courageously together

into the unknown possibilities of a precarious future Art care as coined by the co authors is a matrixial form of communicating through art and reverence This theoretically informed and practice based book bridges the individual with the communal in Creation centred ways that interweave the many parts with the whole It provides examples of teachings practices and spontaneous creations of makers that will benefit those who want to integrate art care into individual practices or group facilitation This book benefits socially engaged artists arts based researchers artist philosophers activists students teachers organizers therapists caregivers and more *The Philosophy of Reenchantment* Michiel Meijer, Herbert De Vriese, 2020-10-27 This book presents a philosophical study of the idea of reenchantment and its merits in the interrelated fields of philosophical anthropology ethics and ontology It features chapters from leading contributors to the debate about reenchantment including Charles Taylor John Cottingham Akeel Bilgrami and Jane Bennett The chapters examine neglected and contested notions such as enchantment transcendence interpretation attention resonance and the sacred or reverence worthy notions that are crucial to human self understanding but have no place in a scientific worldview They also explore the significance of adopting a reenchanting perspective for debates on major concepts such as nature naturalism God ontology and disenchantment Taken together they demonstrate that there is much to be gained from working with a more substantial and affirmative concept of reenchantment understood as a fundamental existential orientation towards what is seen as meaningful and of value *The Philosophy of Reenchantment* will be of interest to scholars and advanced students in philosophy especially those working in moral philosophy metaphysics philosophy of religion theology religious studies and sociology

Memento Mori in Contemporary Art Taylor Worley, 2019-11-28 This book explores how four contemporary artists Francis Bacon Joseph Beuys Robert Gober and Damien Hirst pursue the question of death through their fraught appropriations of Christian imagery Each artist is shown to not only pose provocative theological questions but also to question the abilities of theological speech to adequately address current attitudes to death When set within a broader theological context around the thought of death Bacon's works invite fresh readings of the New Testament's narration of the betrayal of Christ and Beuys' works can be appreciated for the ways they evoke Resurrection to envision possible futures for Germany in the aftermath of war Gober's immaculate sculptures and installations serve to create alternative religious environments and these places are both evocative of his Roman Catholic upbringing and virtually haunted by the ghosts of his excommunication from that past Lastly and perhaps most problematically Hirst has built his brand as an artist from making jokes about death By opening fresh arenas of dialogue and meaning making in our society and culture today the rich humanity of these artworks promises both renewed depths of meaning regarding our exit from this world as well as how we might live well within it for the time that we have As such it will be a vital resource for all scholars in Theology the Visual Arts Material Religion and Religious Studies
