Escritoras y personajes femeninos en relación. Daniele Cerrato, 2021 El volumen Escritoras y personajes femeninos en relación se propone reflexionar sobre los vínculos que escritoras artistas e intelectuales mantienen tanto con los movimientos culturales que definieron su contexto histórico social como en sus nexos personales y profesionales indagando especialmente en las dificultades que afrontaron para afirmarse como sujetos de cultura de pleno derecho Se investigan por lo tanto las relaciones de sororidad colaboración o solidaridad pero también las rivalidades conflictos y enfrentamientos que caracterizaron las vidas de algunas mujeres a lo largo de la historia remarcando como el sistema patriarcal basándose en ejemplos aislados siempre ha intentado sostener la falta de alianza y amistad entre mujeres Otras cuestiones que se analizan en Escritoras y personajes femeninos en relación tienen que ver con la presencia ausencia de las mujeres no solo en nuestra cultura sino también en toda nuestra y con las propuestas de nuevas estrategias de reafirmación y visibilización femenina

A Common Place Julie Jones, 1998 The issues raised in this study are pertinent to contemporary fiction in general important here are theories of representation of place of metafiction and parody and questions involving postcolonial urban travel and postmodern literature

Literature and the Writer, 2016-08-09 Literature and the Writer was first conceived with the hope the essays would shed light on several dimensions of the authorial craft It was the hope of the editor that the selected essays would examine not only writers choice of vocabulary but also their deliberate selection of grammatical constructions and word order and their seamless weaving together of plots and imagery Moreover the analyses would also draw attention to how the writing process impacts the development of characters and the formulation of thematic strands in fiction Thus a wide variety of authors are deliberately selected to give the text depth writers of popular fiction as well as modern classics are included and contrasts are established between traditional writers and those who prefer to follow experimental trends Modernists are set against postmodernists absurdist vs realists minority ethnicities vs majority cultures and dominant genders appear in

contrast to subordinated ones Clearly the major tenet of the collection is that the writing profession provides an unending dilemma that deserves to be explored in more detail as readers try to determine how authorial voices confuse while simultaneously elucidating their audience how texts are constructed by authors and yet deconstructed by the very words they choose to include how silence functions as inaudible yet audible discourse and how authorial self concept shapes not only itself but is also echoed in the fictional characters writers who appear in the texts
