Decision Niklas Luhmann,2018-11-08 Translated into English for the first time Luhmann s modern classic Organization and Decision explores how organizations work how they should be designed steered and controlled and how they order and structure society Luhmann argues that organization is order yet indeterminate In this book he shows how this paradox enables organizations to embed themselves within society without losing autonomy In developing his autopoietic perspective on organizations Luhmann applies his general theory of social systems by conceptualizing organizations as selfreproducing systems of decision communications His innovative and interdisciplinary approach to the material spanning organization studies management and sociology is integral to any study of organizations This new translation edited by one of the world s leading experts on Luhmann enables researchers and graduate students across the English speaking world to access Luhmann s ideas more readily *Genocide Studies* Jeffrey S. Bachman,2024-10-11 In recent years the world has been

shaken by numerous events that have caused and continue to cause massive human suffering from the COVID 19 pandemic to intrastate and interstate armed conflicts Moreover climate change continues to plow ahead contributing to growing tensions population movements and resource scarcity Meanwhile the methods by which groups and group life are threatened and the means by which violence is incited and perpetrated continue to evolve Such divergent crises even when they overlap or intersect confound definition and label This book seeks not to answer the question What is genocide but rather What is genocide studies When Raphael Lemkin coined the term genocide in 1944 he could not have foreseen what the world would look like today Now is the time to think about current manifestations of genocide and those likely to emerge in the future

Heads Or Tails Jochen Hörisch,2000 Examines the role of money in modern German literature Using examples from Goethe Gotthelf Holderlin and others to demonstrate the intersecting worlds of literature and finance the author argues that money like literature has no intrinsic value but is at the same time a necessity **Welcome the Wretched** César

Cuauhtémoc García Hernández,2024-01-30 A powerful argument for separating immigration enforcement from the criminal legal system by one of the nation s foremost crimmigration experts In the fevered battles over immigration Democrats and Republicans alike agree on this that migrants who have committed a crime have no place in this country But targeting migrants because they have committed a crime is a short sighted appeal to nativist fear To predicate a migrant s right to stay in the country on whether they are law abiding and therefore deserving or criminal and undeserving does little to improve public safety and has an especially devastating impact on low income migrants of color While C sar Cuauht moc Garc a Hern ndez s first book Migrating to Prison focuses on the explosion of migrant detention centers over the past decades Welcome the Wretched tackles head on what happens when a deeply flawed and racist criminal legal system and immigration system converge to senselessly cruel effect Drawing on everything from history to legal analyses and philosophy Garc a Hern ndez

counters the fundamental assumption that criminal activity has a rightful place in immigration matters arguing that instead of using the criminal legal system to identify people to deport the United States should place a reimagined sense of citizenship and solidarity at the center of immigration policy
