Garwin,Georges Charpak,2002-12-15 In Megawatts and Megatons world renowned physicists Richard L Garwin and Georges Charpak offer an accessible eminently well informed primer on two of the most important issues of our time nuclear weapons and nuclear power They begin by explaining clearly and concisely how nuclear fission and fusion work in both warheads and reactors and how they can impact human health Making a strong and eloquent argument in favor of arms control Garwin and Charpak outline specific strategies for achieving this goal worldwide But they also demonstrate how nuclear power can provide an assured economically feasible and environmentally responsible source of energy in a way that avoids the hazards of weapons proliferation Numerous figures enliven the text including cartoons by Semp **Annual Report of the Director of Sea Fisheries** South Africa. Sea Fisheries Branch,1975 Annual Reports John Stittle,2003 This book concentrates on ensuring that the corporate message is communicated to stakeholders in a way that maximises the value of the annual report and outlines how this might best be achieved It explains the importance not only of the quantitative accounting information but also the qualitative content such as the chairman s statement directors report operating and financial review explanatory notes and so on Particular recognition is given to the legal stock exchange and professional accounting requirements as well as to the increasingly important but more discretionary areas of content such as social environmental and ethical reporting issues Crucially the book discusses the importance of electronic communication now that legislation allows companies to deliver information over the internet On a practical level the book takes the reader through the procedures and processes in actually managing the preparation and production of the report Both the practical and theoretical aspects of the book are placed in context by the use of relevant extracts taken from real life annual reports of major organisations By using these authentic examples the book clearly highlights what works and what doesn t Ensure that your company s annual reports conform to the highest standards of best practice Don t waste the opportunity to deliver your message *Annual Report* South Africa. Health and Safety Commission,2003 *The EU Better Regulation Agenda* Sacha Garben,Inge Govaere,2018-05-17 Better Regulation in the EU is a perennial and topical question which has important implications for the future direction of EU law While actions directed at improving the quality and accessibility of EU regulation are not novel in recent years the Better Regulation Agenda has significantly affected the structural organisation and day to day operation of the EU legislative process Yet many questions about the future of the Agenda remain not least in light of Brexit Exploring the Better Regulation Agenda and its relation to the overall EU legal and political order necessitates an integrated interdisciplinary approach This edited volume presents insights from economics

political science and legal scholarship Furthermore to allow full understanding it examines institutional practice where the Agenda is made and shaped on a daily basis Hence the book features contributions from the perspective of the work of the main EU institutions the European Commission the Parliament the Council and the Court of Justice This results in a seminal overview of the subject of interest to scholars and practitioners alike
