Reflecting On Reflections:

Reflective Practice for Professional Development Carol Thompson, 2021-09-27 Reflective Practice for Professional Development provides an accessible introduction to the theory and practice of reflection. In ten concise chapters it explores how reflecting on experiences can be used for professional development and help progress knowledge and skills. Using scenarios, questions, and stories, the reader is encouraged to apply the content to their own context, demonstrating the importance of reflection in helping us to make sense as well as make the most of our professional experience. Exploring key themes such as the importance of criticality, models of reflection, and connections between thought, language, and actions, it considers the ways in which reflection can widen perspectives, generate deeper understanding of professional challenges, and enhance creativity. Full of practical tools and approaches for enriching and recording reflections, this insightful book aims to simplify reflective practice for teachers. It is an ideal guide for anyone who needs to build reflection into their practice or their studies.

The Reflection Connection Gary Gasaway, 2019-08-17 THE REFLECTION CONNECTION: REFLECTING AND CONNECTING TO LIFE'S EXPERIENCES. Do you reflect upon your life? The answer is yes. We all do. But do we all participate in purposeful reflection, connections to create better self-awareness of our life's experiences, to promote enrichment in our lives? The answer unfortunately is few truly encounter the essential and wonderful stage of effective reflection upon our lives, connecting to them. In this book, we take a journey into our reflective thoughts, feelings, and responses that guide us to a life-changing introspective regarding how we connect to our reflections. In short, the reflection connections shared in this book are created intentionally to help us embrace our thoughts and express our feelings. These thoughts and feelings then lead us to responding with authority for the foundation of connecting to life's experiences.

Reflective Practice in Language Teaching Thomas S. C. Farrell, 2022-05-19 This Element examines the concept of reflective practice in language teaching. It includes a brief description of what reflective practice is and how it is operationalized by two of its main protagonists, John Dewey and Donald Schön, as well as some of the limitations of their conceptions. This is used as an introduction to how the author further developed their conceptions when operationalizing reflective practice for language teachers through a five-stage framework for reflecting on practice for language teachers. The author then presents an in-depth case study of the reflections of an English as a Foreign Language (EFL) teacher working in Costa Rica as he moved through the five stages of the framework for reflecting on practice. The author then goes on to outline and discuss how reflective practice may be moved forward and calls attention to the importance of emotions in the process of reflection for language teachers.
